# TDOC: The Organization

# TDOC

TENNESSEE DEPARTMENT OF CORRECTION

## VISION...

The Department will maintain a standard of excellence in security and corrections through:

- Professional development of its employees
- Operations enhanced by technology and best practices
- Opportunities for offenders rehabilitation so as to reduce recidivism

## MISSION.....

To enhance public safety in Tennessee through incarceration and rehabilitation of felony offenders.

## VALUES.....

- Commitment to fair and ethical treatment of convicted felons
- Respect for fellow employees
- Responsibility and accountability to citizens of Tennessee
- Integrity in both external and internal relationships

# LETTER FROM THE COMMISSIONER...

Ladies and Gentlemen:

It is my pleasure to present the Tennessee Department of Correction's (TDOC) annual report for Fiscal Year 2004-2005. Please take a few moments to review the information and statistical data it contains. I believe the Department of Correction has accomplished a great deal over the past year.

Listed below are a few highlights from FY 2004-2005 that I am pleased to bring to your attention:

- Based on preliminary estimates, the Department anticipates reverting approximately \$19 million dollars to the State General Fund;
- The Department continued to be one of a few states to maintain its national accredited status by the American Correctional Association;
- Inmates in TDOC facilities showed a system-wide average GED passing rate of 77.3%;
- Over 4,547 inmates were enrolled in vocational programs such as computer repair, cabinetry/millwork, and masonry during FY2004-2005;
- The incident rate continued to show a pattern of decline. While the violent incident rate for FY2004-2005 rose slightly (2.3%) during the past fiscal year, the overall incident rate was 54.59 incidents per 100 inmates which is 3.0% lower than the reported rate for FY2003-2004;
- Community work crews have completed 1,255,281 hours of work in Tennessee communities during FY2004-2005 with a total savings of \$6,464,697;
- The inaugural Tennessee Criminal Justice Summit was held, thereby creating a roadmap for the state's criminal justice future.

Despite the challenges presented by necessary budget reductions reflect dedication of our staff to manage these accomplishments and a safe and humane correctional environment.

Although, the Tennessee Department of Correction will continue to face difficult challenges, we anticipate that sound management and implementation of best practices will prevail. I am encouraged by the endless opportunities that lie ahead. We face new challenges with special populations such as elderly and mentally ill inmates, who must be managed within the scope of available resources. Several priority initiatives and budgetary directions that will be pursued in the next fiscal year's planning and budgeting cycle include:

1. Develop and finalize plans for the 2006 Criminal Justice Summit to bring together multiple agencies and criminal justice officials and advocates to continue discussion of the issues facing our criminal justice system;
2. Continue to meet the American Correctional Association standards of accreditation at each of our 15 facilities;

3. Launch a recruitment and retention campaign for nurses and correctional officers;

4. Utilize technical assistance from the National Institute of Corrections to review existing inmate programming (education, work, substance abuse, mental health, etc) and identify any needed restructuring and/or modifications;

5. In conjunction with Capital Projects, continue to examine innovative, cost effective and safe options to address bed demand and expansion;

6. Establish two transition center pilot programs. This will include inter-agency agreements and partnerships with community-based organizations for pre- and post-release services;

7. Improve delivery of medical care to the inmate population, with special emphases on hospice and telemedicine;

8. Implement random employee drug testing as a measure to reduce the threat of increased introduction of contraband into facilities;

9. Begin using drug dogs to reduce the introduction of contraband into our facilities;

10. Establish an internal classification system and re-entry plan for inmates that includes a validated risk assessment instrument to identify and prioritize any programming needs during incarceration.

While the above list reflects current concerns and future emphasis, it is not exhaustive. The Department will continue to focus on many areas in the next several years. We recognize that one of our biggest challenges is the increasing numbers of offenders, the finite number of dollars to operate and build prisons, and the need for cost efficient ways to reduce recidivism. Because of this, the leaders of the Department of Correction have been tasked with the responsibility of developing a long term strategic plan that is both realistic and available.

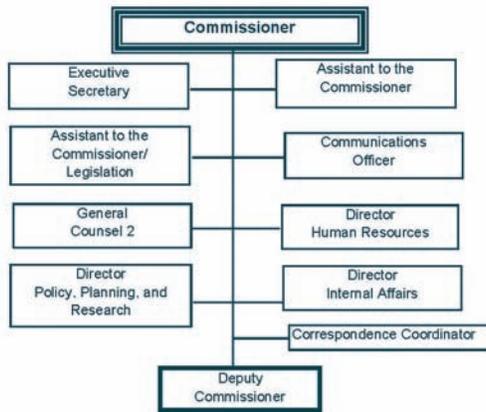

During the next fiscal year, the Department of Correction will continue to incarcerate felony offenders in a secure, humane, and disciplined institutional setting that meets the standards of law, while emphasizing public safety, offender rehabilitation and the advancement of strong criminal justice policy. We will continue to seek ways to fulfill our mission at the lowest possible cost to the state.

Sincerely,

Gayle Ray  
Acting Commissioner

## Department Goals

The Tennessee Department of Correction (TDOC) exists for the purpose of safeguarding the public by providing supervision of convicted felons during their period of commitment to its jurisdiction. The Department fulfills its obligations through the incarceration and rehabilitation of inmates in a variety of secured institutional settings.

In an effort to ensure continued protection of the citizens of Tennessee in the most efficient and effective manner, TDOC has developed five (5) major goals, and the strategies for achieving these goals.

### TDOC Goals

- Goal 1:** By FY 2009, the inmate population projection model will vary less than 2% from the actual inmate population.
- Goal 2:** Through FY 2009, maintain accreditation of the Department through the American Correctional Association (ACA) with a compliance score of 98.
- Goal 3:** By FY 2009, TDOC will decrease the correctional officer turnover rate to 15%.
- Goal 4:** By FY 2009, 94% of eligible inmates will be assigned to jobs.
- Goal 5:** Through FY 2009, 86% of HIV positive offenders will be treated with antiretroviral agents.

TDOC tracks our success regarding these goals on a quarterly basis. In addition, TDOC directors submit quarterly success updates to the Commissioner, Deputy Commissioner and the Assistant Commissioners to identify completed projects, planned projects and initiatives, and any obstacles they may have faced during the reporting period.

### Where We Are

- Goal 1:** During FY 04/05, the average percentage of error between the projected incarcerated felon population and the actual population was 0.6%.
- Goal 2:** TDOC maintained accreditation of the Department with a final compliance score of 98.5.
- Goal 3:** In FY 04/05, the average correctional officer turnover rate was 28.4%.
- Goal 4:** During FY 04/05, 93.8% of inmates were assigned to jobs.
- Goal 5:** In FY 04/05, 86% of HIV positive offenders were treated with antiretroviral agents.

# Major Milestones & Accomplishments

Fiscal year 2004-2005 was extremely successful for the Department.

## Some of the major accomplishments were:

- Launched the Department's new logo and mission, vision, values statement.
- Held the inaugural Tennessee Criminal Justice Summit.
- Kicked off the Year of the Correctional Employee campaign.
- Successfully delivered the Department's first Victim Awareness training workshop.
- Established and dedicated a permanent memorial to fallen correctional personnel at the Training Academy, funded entirely through private donations and fund-raising activities.
- Trained selected personnel in Phase I of National Institute of Corrections Management Development for the Future.
- Initiated a new reporting system to ensure compliance with the Prison Rape Elimination Act.
- Established 11 task forces, each chaired by a Warden, to shape the future of the Department.
- Inmate crews performed over 1,255,281 hours of community service work.
- Riverbend Maximum Security Institution was the subject of an hour long television special that aired on MSNBC.
- The Middle Tennessee Correctional Complex officially changed its name to the Charles Bass Correctional Complex.
- West Tennessee State Penitentiary collaborated with the University of Tennessee at Martin to initiate a satellite campus at the penitentiary's training center to provide continuing education for staff and members of the community.
- Officially opened a museum at the West Tennessee State Penitentiary.
- The Training Academy delivered approximately 366,000 hours of pre-service, in-service, and specialty course training.

# TDOC:

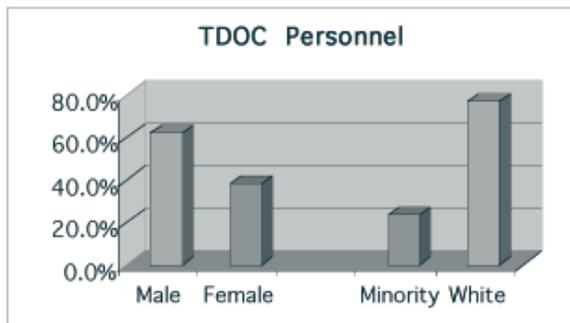

## Budget & Staffing

# Human Resources

The Central Office Human Resources section provides technical assistance and advice and ensures compliance with Civil Service rules, EEOC/Affirmative Action, state law, and policies. This section also implements and monitors personnel related programs such as employee relations, recruitment and retention, training, performance evaluations, employee transactions, and employee benefits, including employee assistance, insurance, retirement, family medical leave, worker's compensation, and accommodations under the Americans with Disabilities Act.

# Vacancies in Uniformed Staff

## Correctional Officer Series Vacancy Rates from 2005

As of	Vacant Positions	Total Positions	Vacancy Rate
7/1/05	55	3,335	1.65%
7/1/04	56	3,318	1.70%
7/1/03	57	3,326	1.71%
7/1/02	85	3,322	2.47%
7/1/01	144	3,221	4.50%
7/1/00	221	3,213	6.90%
7/1/99	163	3,366	5.00%

Correctional Officer vacancy rates have declined significantly since June 1995. After increasing 1.9% between 1999 and 2000, the vacancy rate decreased 5.2% between 2000-2005, with an average annual decrease of 1.4%

## Correctional Officer Series June 30, 2005

Positions	Correctional Officer	Correctional Clerical Officer	Corporal	Sergeant	Lieutenant	Captain	Total
Total	2,479	133	411	177	75	60	3,335
Filled	2,439	131	404	174	74	58	3,280

## Authorized FTE in FY 2004-2005

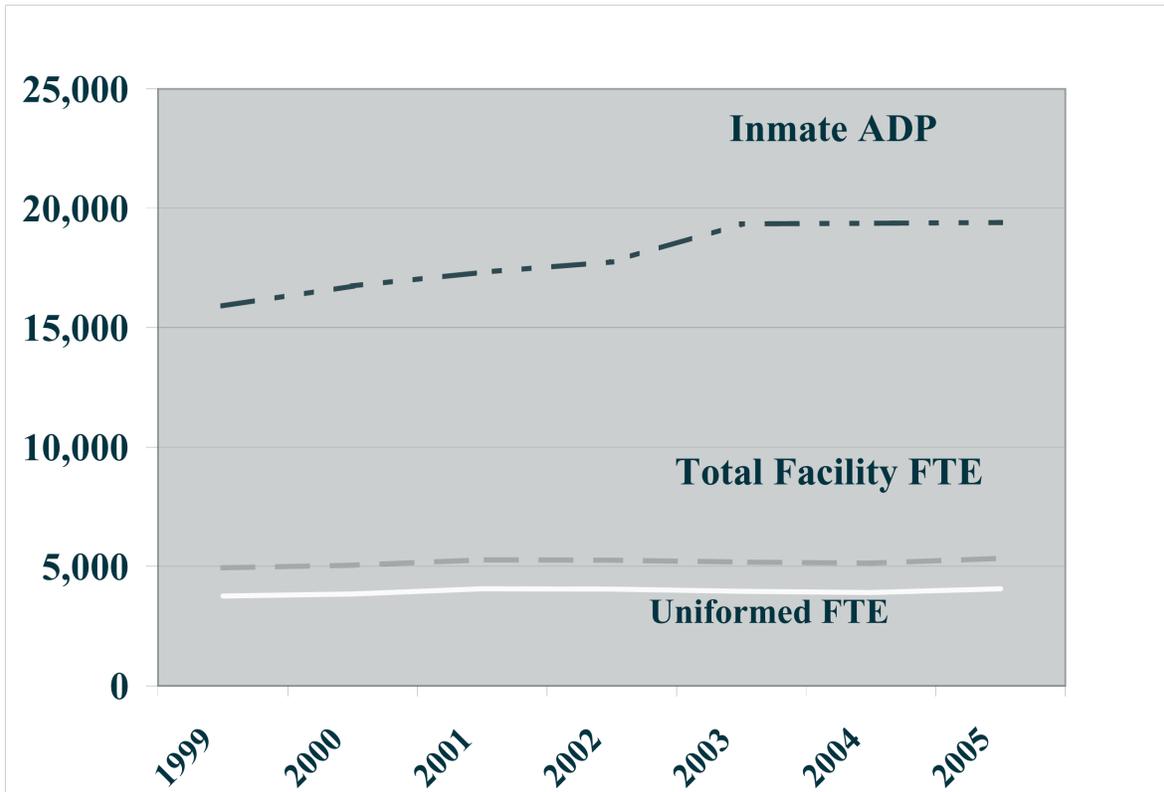

<b>Location</b>	<b>Uniformed</b>	<b>Non-Uniformed</b>
<b>Facilities</b>		
Brushy Mountain Correctional Complex	461	102
Charles Bass Correctional Complex	317	75
DeBerry Special Needs Facility	393	97
Mark Luttrell Correctional Complex	152	47
Northeast Correctional Complex	431	111
Northwest Correctional Complex	544	150
Riverbend Maximum Security Institution	278	57
Southeastern TN. State Regional Facility	257	69
Tennessee Prison for Women	198	59
Turney Center Industrial Prison and Farm	251	70
Wayne County Boot Camp	120	30
West Tennessee State Penitentiary	624	138
<b>Subtotal – Facilities</b>	<b>4,026</b>	<b>1,005</b>
<b>Central Office</b>	<b>7</b>	<b>197</b>
<b>Total</b>	<b>4,033</b>	<b>1,202</b>
<b>% of Total</b>	<b>77%</b>	<b>23%</b>

96% of the total authorized positions for TDOC are in correctional facilities.

77% of the total system-wide FTE are uniformed security.

# Staffing Trends

Facility Staffing vs. Inmate Average Daily Population  
1999-2005

Correctional facility staffing trends are presented in the graph above, which include data on total facility staffing and uniformed security staffing levels as compared to the average daily inmate population.

### Between FY 1999 and FY 2005:

- Inmate average daily population increased by 22%.
- Total facility staffing increased by 8%.
- Total uniformed staffing increased by only 8%.

## Salary Comparisons

The ability to recruit and retain qualified staff continues to be a concern for the Department. Because salary levels are critical in the recruitment and retention of staff, the Department closely monitors other correctional and law enforcement agencies to compare our salaries with those offered by agencies performing similar functions.

State DOC	Minimum Salary	Top Salary
Tennessee	\$20,700	\$20,700
Kentucky	\$20,676	\$20,676
Alabama	\$23,920	\$36,348
Arkansas	\$20,981	\$24,480
Georgia	\$23,614	\$41,402
North Carolina	\$22,894	\$34,962
Missouri	\$22,320	\$30,804
Mississippi	\$17,633	\$30,928

**When compared to other neighboring state correctional departments, TDOC ranks 6th in the starting salary for correctional officers at entry.**

**Furthermore, only 6 states in the U.S. had starting salaries lower than TDOC.**

Davidson County Sheriff	\$28,321
Shelby County Sheriff	\$31,262
Knox County Sheriff	\$25,592
Hamilton County Sheriff	\$25,068
Federal Bureau of Prisons (2003)	\$23,000

**TDOC also ranks low when compared to other correction and law enforcement agencies located near some of our facilities. These are some of the agencies with whom we compete directly in the recruitment and retention of uniformed staff.**

# Correctional Officer Turnover

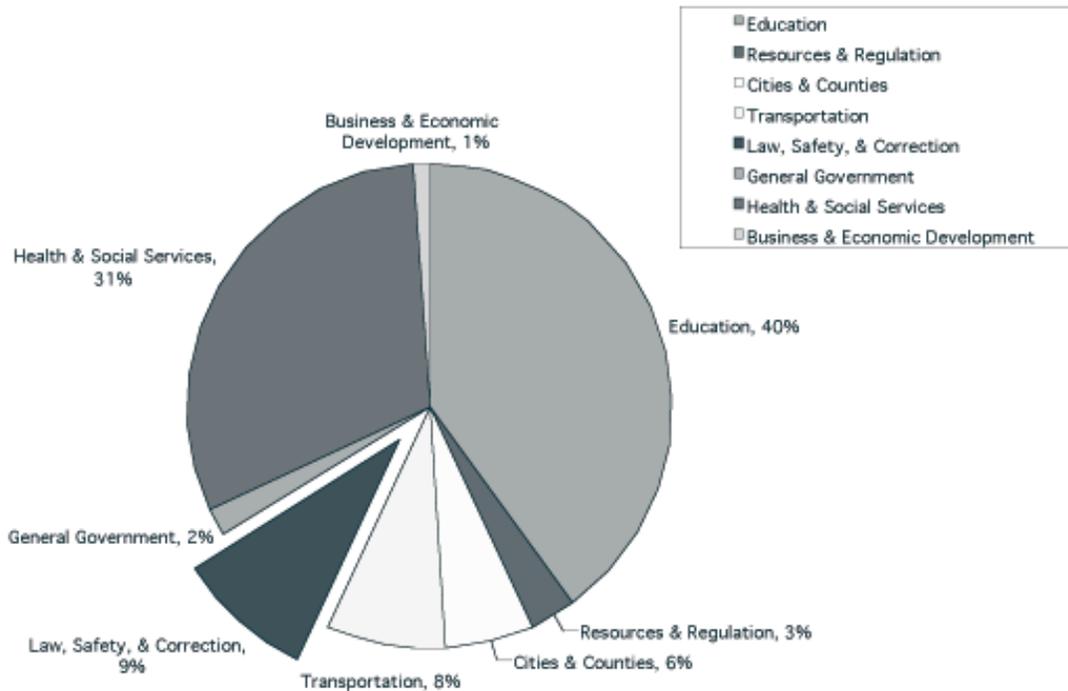

## Correctional Officer Turnover Rates: FY 2004-2005

Institution	Correction Officer Turnover Rate
Brushy Mountain Correctional Complex (BMCX)	8.4%
Charles Bass Correctional Complex (CBCX)	39.5%
DeBerry Special Needs Facility (DSNF)	25.6%
Mark Luttrell Correctional Facility (MLCC)	21.8%
Northeast Correctional Complex (NECX)	22.0%
Northwest Correctional Complex (NWCX)	32.9%
Riverbend Maximum Security Institution (RMSI)	55.9%
Southeastern TN State Regional Facility (STSRC)	8.0%
Tennessee Prison for Women (TPW)	67.2%
Turney Center Industrial Prison & Farm (TCIP)	28.6%
Wayne County Boot Camp (WCBC)	7.0%
West Tennessee State Penitentiary (WTSP)	22.9%
<b>System-wide</b>	<b>28.4%</b>

In FY 2004-2005, the correctional officer turnover rate was **28.4%**. The turnover rate includes all correctional officers exiting positions, except those occurring when an employee is promoted within the same TDOC facility.

# TDOC in the Context of the State Budget

**FY 2004-2005 Total Budget Recommendations  
By Function of Government**

The Governor’s Budget included \$22.4 Billion in recommended funding allocated by “functional area”.

The Department’s total operating budget for FY 2004-2005 was \$570,745,200. Additionally the Department received approval for a \$7.3 million supplemental. Improvements in this operating budget totaled \$17,922,600. Of this amount, \$13,759,500 was for capacity increases dealing with increased population in local jails and double celling at Turney Center, \$3,049,900 is for contract increases, and \$1,113,200 is for health services.

The Department’s actual expenditures were \$526,280,600, or approximately 8% under budget. Including the approved supplemental, the Department will revert approximately \$19.1 million to the state general fund as a result of operating efficiencies and improvements that saved substantial tax dollars.

## Expenditure Summary, Fiscal Year 2004-2005

<b>EXPENDITURES BY OBJECT</b>	<b>Administration</b>	<b>Major Maintenance &amp; Construction</b>	<b>Adult Institutions</b>	<b>State Prosecution</b>	<b>Total</b>

## Operating Capacity vs. Felon Inmate Population Projections

### Population Projections

The felon population projection numbers are produced for the Tennessee Department of Correction by JFA Associates in Washington D.C. 12-year projections are developed for the total felon population, as well as for the individual male and female felon populations.

### Capacity

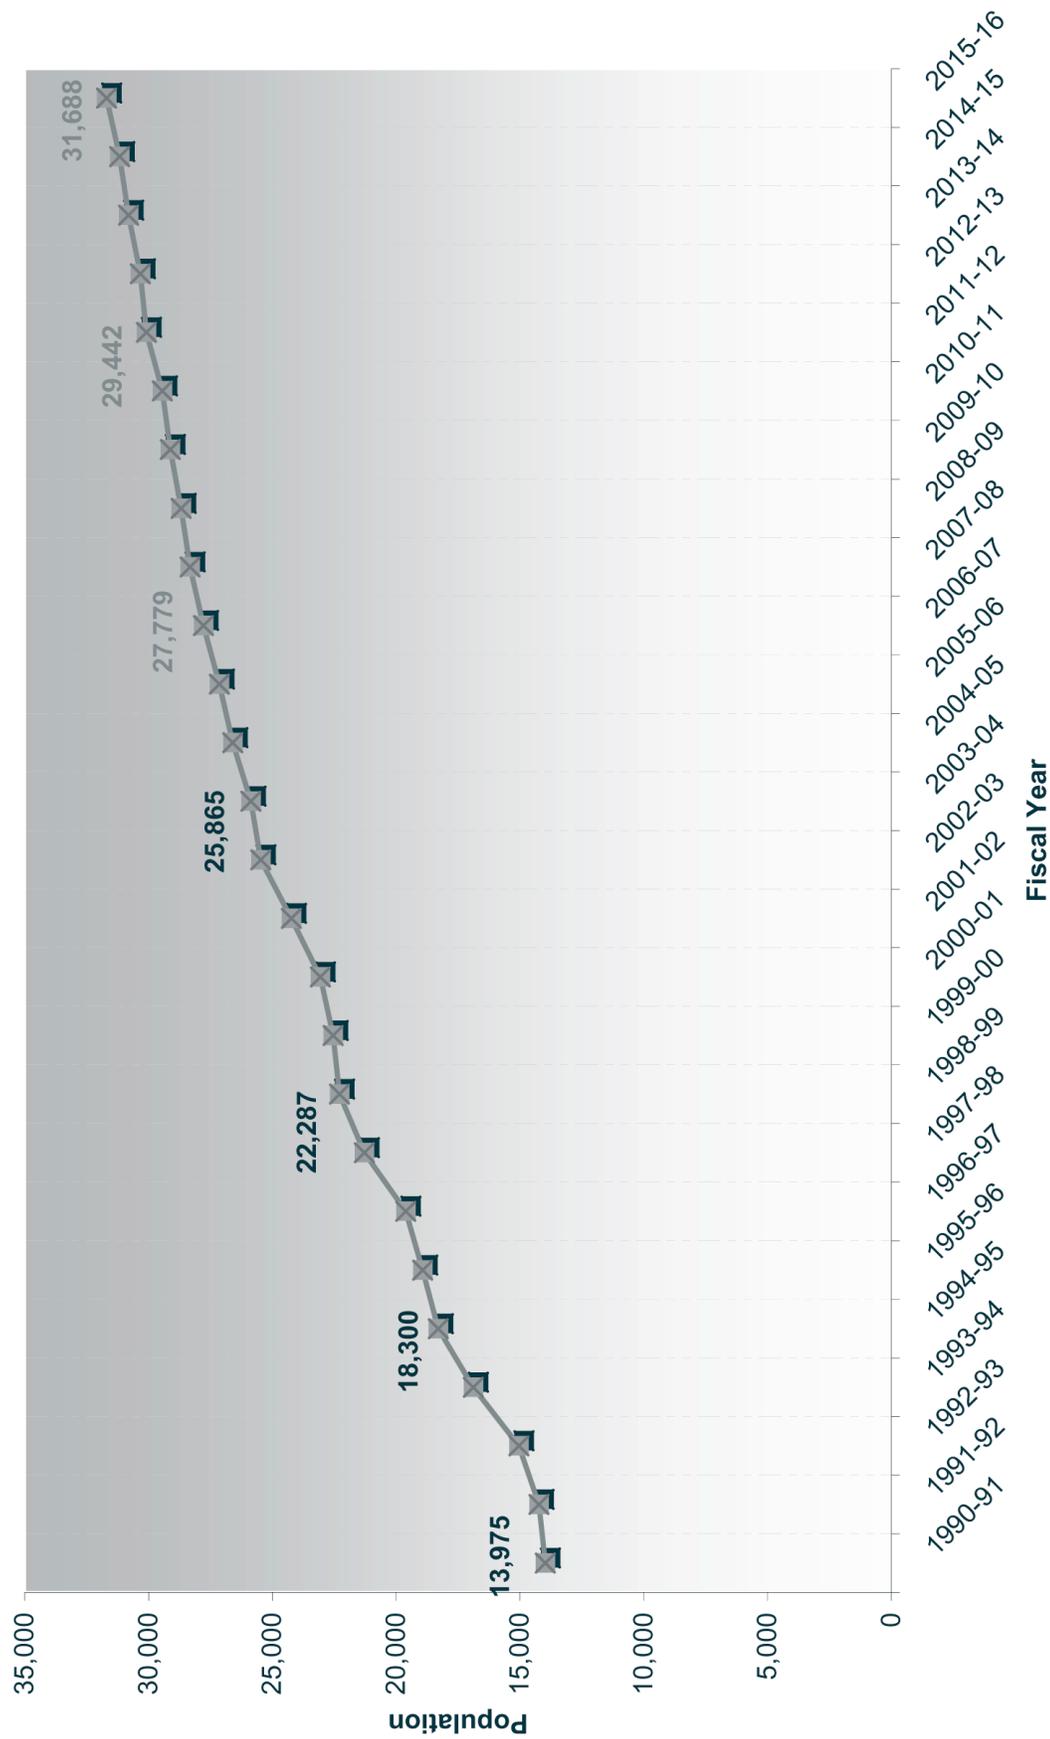

The operational capacity numbers, which reflect a realistic estimate of bed availability within each institution, is set at 98-99% of the total beds at each institution. All planned and funded TDOC building projects are included in the following capacity assumptions.

Fiscal Year End	Operating Capacity	Projected Population
June 30, 2005	24,695	26,593
June 30, 2006	24,695	27,135
June 30, 2007	24,695	27,779
June 30, 2008	25,524	28,323
June 30, 2009	26,803	28,680
June 30, 2010	26,803	29,118
June 30, 2011	26,803	29,442
June 30, 2012	26,803	30,090
June 30, 2013	26,803	30,331
June 30, 2014	26,803	30,800
June 30, 2015	26,803	31,169
June 30, 2016	26,803	31,688

Source: Tennessee Felon Population Update

Over the next 11 fiscal years (through June 2016), Tennessee's incarcerated population is projected to increase by a total of 19.2% (from 26,593 to 31,688). The operational capacity is expected to increase 8.5% during the same period (with the completion of the Morgan and Bledsoe County expansions).

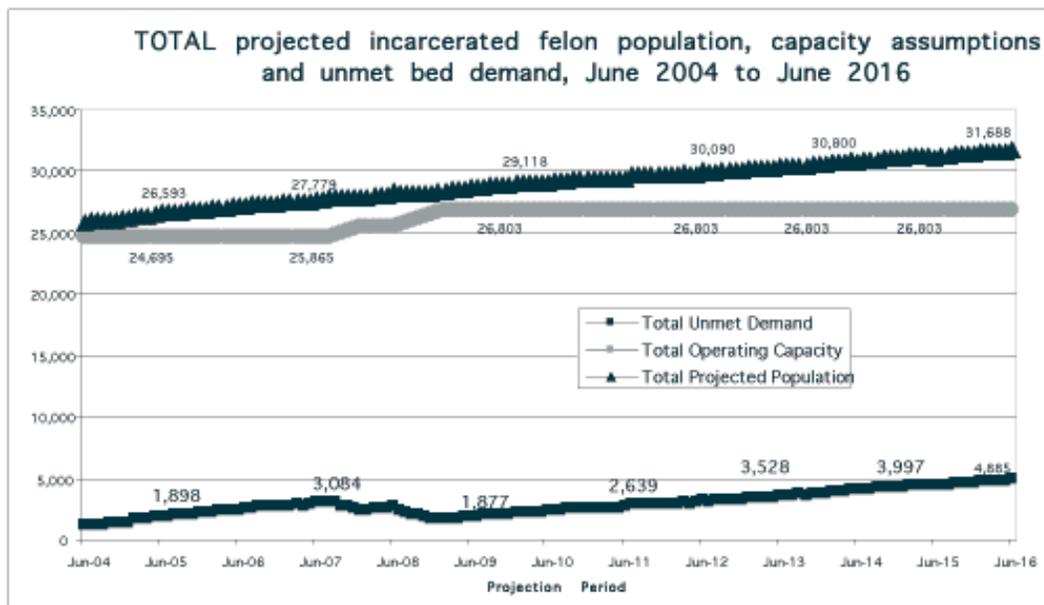

**Total Felon Population (Historical and Projected), 1991 - 2016**

## Operating Capacity vs. Felon Inmate Population Projections (cont.)

The graph below summarizes the difference between the operational capacity and the projected felon inmate population.

Based on the current trends and TDOC expansion plans, the unmet bed demand (the number of incarcerated felons exceeding the number of beds) is currently projected to be 3,084 by June 2007. Even if the planned Morgan County expansion of approximately 830 operational beds is completed by June 2008, and the Bledsoe County expansion of 1,279 operational beds is completed by June 2009, the unmet bed demand is still expected to be 3,287 in June 2012 and 4,885 by June 2016.

## Unmet Bed Demand by Sex

### Male

	Operational Capacity	Projected Population	Unmet Bed Demand
June 30, 2005	23,017	24,661	1,644
June 30, 2006	23,017	25,175	2,158
June 30, 2007	23,017	25,779	2,762
June 30, 2008	23,847	26,291	2,444
June 30, 2009	25,125	26,592	1,467
June 30, 2010	25,125	26,981	1,856
June 30, 2011	25,125	27,293	2,168
June 30, 2012	25,125	27,889	2,764
June 30, 2013	25,125	28,101	2,976
June 30, 2014	25,125	28,532	3,407
June 30, 2015	25,125	28,898	3,773
June 30, 2016	25,125	29,326	4,201

# Offender Accountability

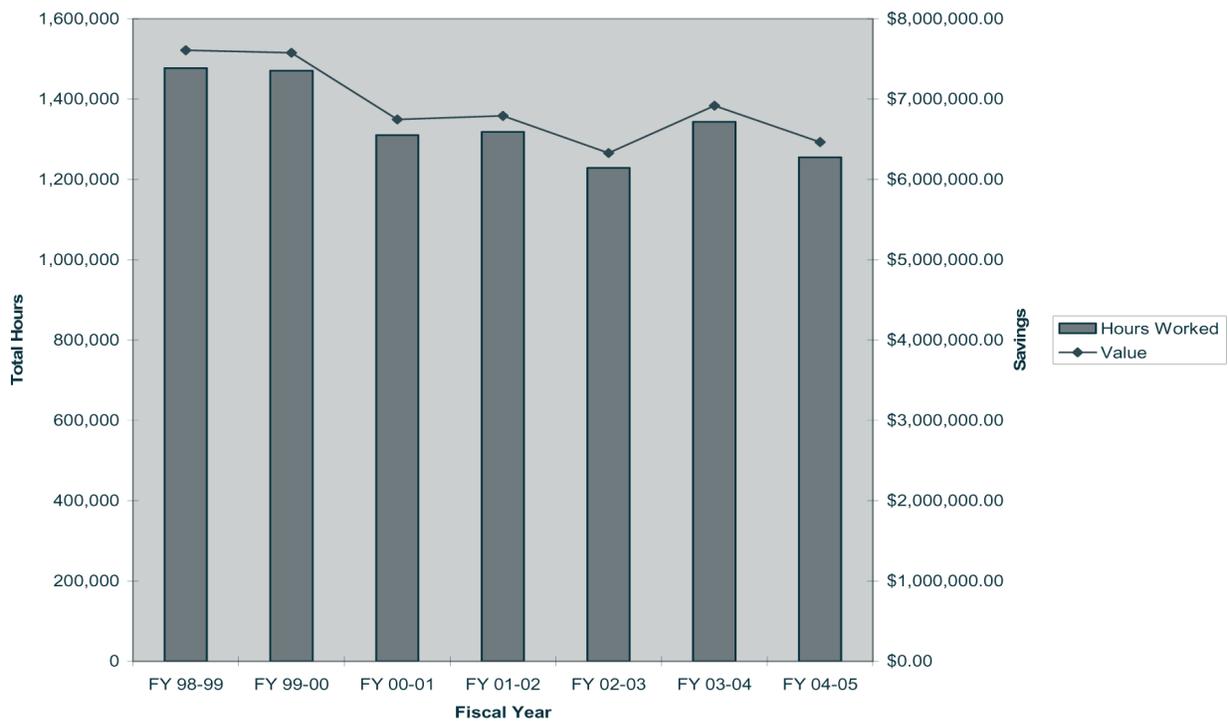

## Introduction

Over the past several years, the Department of Correction has consistently placed a strong emphasis on offender accountability. With this in mind, a number of policies and practices have been implemented and revised. In this section, information is provided on the results of several of these initiatives including:

- Community Service Work
- Offender Fees and Payments
  - ...by all inmates
  - ...by work release inmates
  - ...by inmates employed in private correctional industries
- The Privileges and Incentives System

# Community Service Work Crews

The Tennessee Department of Correction expects all inmates to work or attend school. One of the primary work venues for minimum security inmates is community service work. The Inmate Work Crew program allows offenders to contribute to the community in a positive way while at the same time instilling a sense of pride. Approximately 900 inmates are assigned to work crews each month. Most say the program gives them a sense of pride. Since 1996, TDOC work crews have completed more than 12 million hours of community service for various state and local governments, as well as non-profit agencies across the state, with an estimated savings of over \$65 million (based on the minimum wage of \$5.15/hr.). However, the value of this service is much higher given that most of the labor performed by these work crews could not be hired out for minimum wage.

## Community Service Hours Worked by Facility: FY 2004-2005

	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter	Facility Total
<b>BMCX</b>	55,559	43,986	48,336	55,224	203,105
<b>HCCF</b>	9,233	5,917	4,066	4,304	23,520
<b>MLCC</b>	8,319	8,103	7,578	10,107	34,107
<b>CBCX</b>	65,994	62,180	59,182	62,428	249,784
<b>NECX</b>	60,370	54,060	54,240	55,721	224,391
<b>NWCX</b>	26,636	22,445	20,365	21,005	90,451
<b>SCCF</b>	10,495	4,139	7,529	9,111	31,274
<b>STSR</b>	15,970	14,298	12,912	11,744	54,924
<b>TPW</b>	45,340	41,512	40,872	44,718	172,442
<b>TCIP</b>	80	0	560	1,670	2,310
<b>WCBC</b>	42,114	36,834	40,122	41,040	160,110
<b>WTSP</b>	2,711	2,032	1,616	2,504	8,863
<b>SYSTEM</b>	<b>342,821</b>	<b>295,506</b>	<b>297,378</b>	<b>319,576</b>	<b>1,255,281</b>
<b>TOTAL SAVINGS: Dollar Value @ Minimum Wage</b>					<b>\$6,464,697.10</b>

Note: Minimum wage = \$5.15/hr.

In addition to the services inmate work crews provide, they also save millions of taxpayer dollars each year.

In FY 2004-2005 alone, community service work crews performed almost 1.3 million hours of services, resulting in a savings of almost \$6.5 million (based on a minimum wage of \$5.15/hr).

Although inmates are typically associated with roadside clean-up, they are involved in a variety of community service work, including:

- Meals on Wheels
- Remodeling & new construction of buildings
- State Park maintenance
- Cemetery landscaping

## Inmate Jobs

Studies show a significant decrease in recidivism rates for inmates who work while incarcerated. Consequently, the Tennessee Department of Correction is committed to placing inmates in jobs whenever possible. The purpose of the inmate jobs program is to reduce idleness, to provide meaningful jobs, training, and a system for job advancement.

Inmates are expected to report to their assigned job at the scheduled time and work a set number of hours each day. Reduced inmate idleness promotes stability within an institution and prepares an inmate for release into the community.

More than 5,000 inmates work in support service roles inside the prisons. By working in the kitchen, cleaning the institution, and landscaping the grounds, inmates help reduce operational costs.

Uniform procedures have been established for assigning inmates to institutional jobs. An institutional job is defined as a program assignment (work, academic & vocational courses, mental health program, etc) for which an inmate is paid and/or is evaluated for program sentence credits. Inmates are not permitted to refuse or quit an assignment, with the exception of those assigned to a Prison Industries Enhancement Program or to a mental health treatment program.

### Accomplishments: FY 2004 - 2005

- Added 150 pre-release positions
- Approximately 94% of all eligible inmates assigned to activities.
- The National Institute of Corrections (NIC) sponsored three officials from the State of Kansas to review the job program and re-entry initiatives.
- Created an offender "helper" job to assist other inmates with disabilities.

<b>INMATE ASSIGNMENTS</b>

*Inmates who cannot be assigned due to their status, including segregation or pending classification, etc.		

### **TRICOR**

In 1994, the General Assembly created TRICOR (Tennessee Rehabilitative Initiative in Correction) to put inmates to work in a real life job setting. Overall, TRICOR offers more than 300 goods and services while providing jobs for almost 900 inmates. It fully funds itself and even generates revenue for the State. Each year the program saves Tennessee taxpayers an estimated \$3 million dollars in operational costs.

### **PIE**

The Prison Industries Enhancement Certification program (PIE) is designed to place inmates in a realistic work environment, pay them prevailing local wage for similar work, and enable them to acquire marketable skills to increase their potential for successful rehabilitation and meaningful employment upon release.

# Offender Payments for Fees and Other Obligations

TDOC collects fees for services such as telephone calls, copy machine use, postage, disciplinary actions, and frivolous lawsuits. In addition, the Department collects the following fees:

## **Reimbursement for Room, Board**

Work and educational release inmates must reimburse the Department for a portion of their room and board. Inmates adhere to a fee schedule of 35% of their weekly net pay, not to exceed \$12.50 per day. Certain minimum trusty inmates participating in full-time educational release programs and working part-time making less than \$100 per week, pay 25% of their weekly net pay for room and board.

## **Supervision Fee**

Inmates who are assigned to a work or educational release program pay a \$5 supervision fee each week. In addition, work release inmates are assessed a fee of \$14 a week for electronic monitoring.

## **Sick Call Fee**

When inmates initiate medical, nursing, dental, or any other health service encounters, they are charged a fee of \$3 for a routine scheduled or non-scheduled encounter with health care staff. Fees are not assessed for any encounters required by policy or protocol or for follow-up care initiated by health care staff. However, health care is provided regardless of an inmate's ability to pay the co-pay charge.

## **Drug Test Fee**

Inmates assigned to a substance abuse treatment program who test positive on a drug or alcohol screen, after the confirmation test, are required to incur the cost of the confirmation test. Inmates cited with a "refusal of a drug/alcohol screen" are assessed a fee of \$25.

## **Criminal Injuries Fee**

Each inmate participating in work release programs, regardless of custody designation and participation in any other restitution program, must pay a monthly Criminal Injuries Fee Privilege Tax (\$26.50) levied for each offense for which the offender was convicted.

## **Community Service Restitution**

All work release inmates must complete supervised, non-paid service at a public, non-profit site. Inmates are required to complete sixteen (16) hours of service for each year of their maximum sentence imposed. When community service restitution is not feasible, payments not to exceed \$30 per month must be paid to the Criminal Injuries Compensation Fund.

## **Court Cost Repayment**

TDOC collects payments from an inmate trust fund account for court cost repayments ordered by the court.

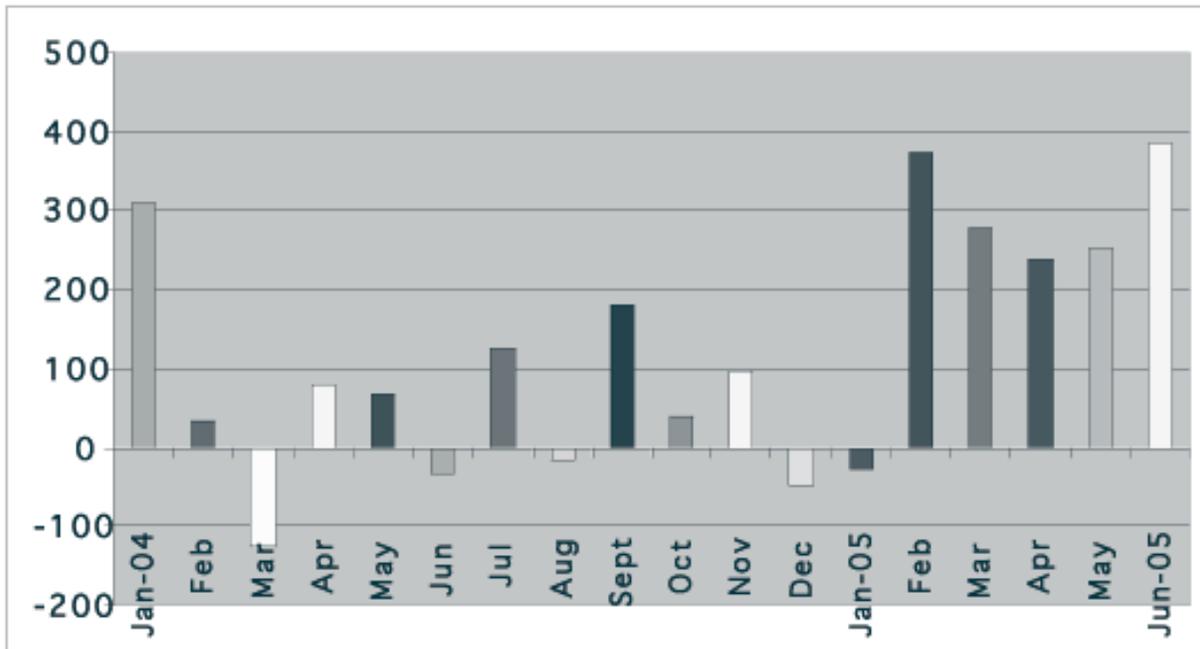

# Offender Trends

### Tennessee Offender Population: June 2005

TDOC Facilities (In-house)	19,432
Probation	41,950
Intensive Supervision Probation (ISP)	965
Community Correction Grant Programs	6,069
Local Jails	4,456
<b>Total Felons</b>	<b>72,872</b>

### Change in Month-End Inmate Population January 2004-June 2005

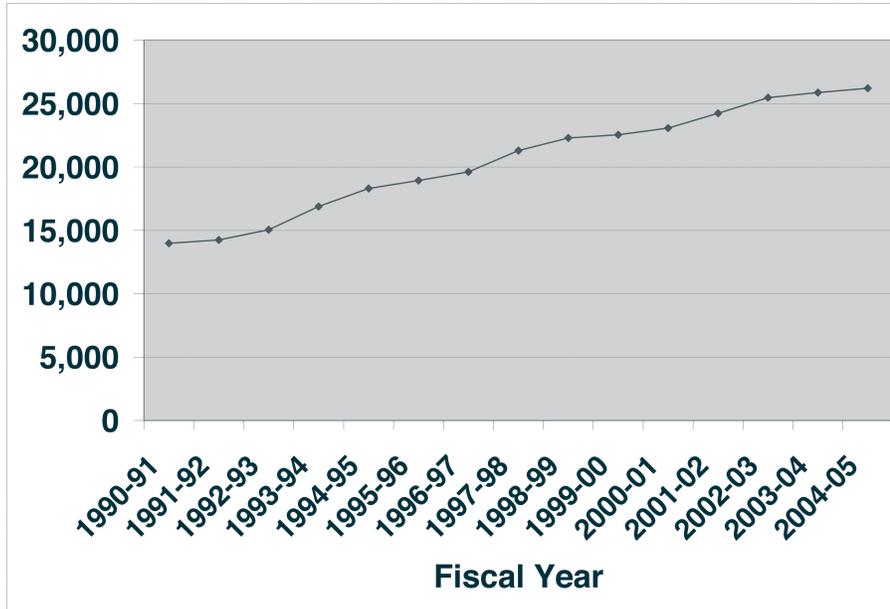

Source: Tennessee Felon Population Update

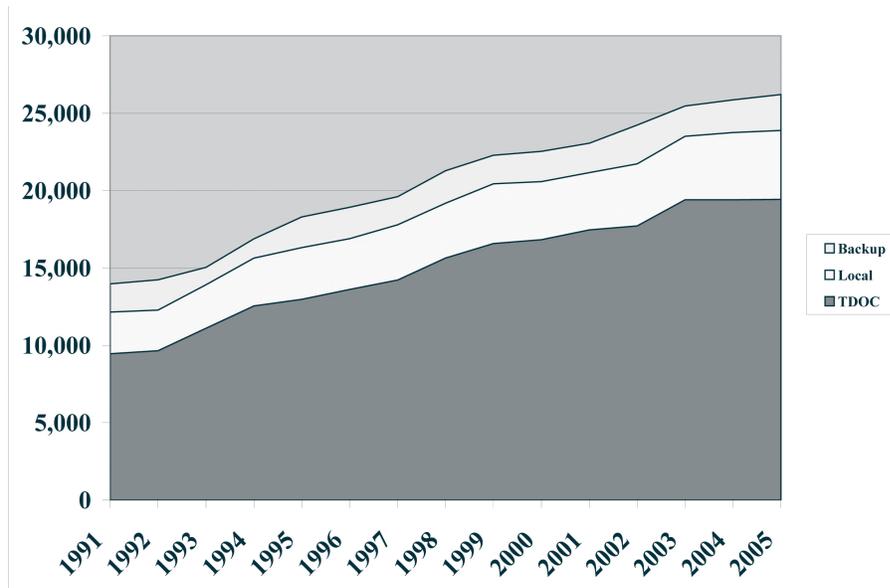

The felon population fluctuated considerably during the 18-month period, with the monthly changes ranging from +384 to -126. The population increased for 13 of the months, but decreased for the other 5 months.

# Fiscal Year End Inmate Population Trends: 1991-2005

Tennessee Total Felon Population: FY 1991-2005

Over the past 14 fiscal years (1991-2005), the incarcerated felon population (including TDOC backup and locally sentenced felons) has increased 87.5% (from 13,975 to 26,209). During the past fiscal year, the total incarcerated felon population grew from 25,798 in July 2004 to 26,209 in June 2005, an increase of 1.3% and was significantly less than the average annual change of 4.9% over the last 14 years.

The TDOC in-house population has increased 105.5% during the past 14 years (1991-2005). TDOC backup, although fluctuating over the last 14 years, was 27.1% higher in FY 2004-2005 than in FY 1990-1991 and locally sentenced felons have increased 65.3% during the same time period.

# Offender Programs & Services

## Inmate Programs: Introduction

Statistics show that approximately 97% of all incarcerated felons are eventually released back into the community. Consequently, the Tennessee Department of Correction is committed to offering programs to help educate and rehabilitate inmates.

Research indicates that programming in prison and community corrections is the best method to reduce the risk of recidivism. Moreover, research-based programs can reduce recidivism up to 25%. Providing offenders the opportunity to overcome addictions, obtain their GED, obtain job skills, and to obtain health and mental health care, are all essential parts of corrections. Programs are the best way to ensure community safety.

TDOC Inmate Programs:

- Substance Abuse Treatment
- Educational Services
- Pre-Release Services
- Vocational Training
- Sex Offender Treatment
- Victim Impact
- Life Skills Training
- Mental Health

### **Bridges**

Bridges is a three-phase program designed to assist inmates with successful re-entry into society. The 3-year program was established in the Fall of 2002, with a \$1 million dollar federal grant. The pilot program targets those inmates who are considered serious and violent offenders with a high risk to recidivate. Participants are paroled to the program and released on parole supervision after successfully completing Phase I (9-12 months).

To date, 261 participants have been paroled to TN Bridges. The recidivism rate is currently 50%, while the control group has a 72% recidivism rate. The TN Bridges program has provided TDOC with a foundation for the creation of Transition Centers. The New Start Transition Center at the Tennessee Prison for Women has an implementation date of July 1, 2005 and the TN Bridges program will be converted to a transition center in September 2005.

### **PAWS Program**

Puppies Achieving Worthy Service (PAWS) is a 9-month obedience training program in which inmates at the Tennessee Prison for Women work with dogs from the Humane Association on skills that will hopefully help them find permanent homes.

TPW's PAWS program has received wide-spread recognition for providing inmates with incentives for good behavior, marketable job skills, and with basic skills such as responsibility, patience, and social interaction.

# Milestones and Future Initiatives

## Major Milestones and Highlights: FY 2004-2005

- Co-authored the booklet, “What to Expect at Parole Hearings”, to be included with each parole hearing notification form.
- Implemented victim impact seminar classes in pre-release curriculums for all institutions.
- Secured a Byrne grant of \$147,000 and an RSAT grant of \$400,000 for the development and enhancement of the therapeutic community treatment programs.
- Initiated a new GED contract and delivered the 2005 GED tests.
- Completed the assessment of all current pre-release programs.
- Initiated a pilot project, under the education department, at Northeast Correctional Complex, to provide pre-release programs to every inmate leaving the facility.
- Increased paid pre-release program slots by 39%.
- Developed a successful Transition Center proposal.

## Initiatives for FY 2005-2006

- Implement new Therapeutic Community programs at three (3) institutions (300 beds).
- Assess and recommend changes to the vocational classes offered by TDOC.
- Revise the academic curriculum to reflect the GED curriculum being released in 2005.
- Establish Transition Centers at the Tennessee Prison for Women and Charles Bass Correctional Complex.
- Develop an electronic Transition Accountability Plan to initiate release planning at the beginning of incarceration.

## Substance Abuse Services

Substance abuse causes more illness, death, and disabilities than any other preventable health problem in America today, and has contributed significantly to the recent growth in the prison population. On an average day, nearly 1.8 million people in the U.S. are incarcerated, with more than 3 million on parole or probation. Studies demonstrate the effectiveness of substance abuse treatment in reducing drug use, criminal activity, homelessness, risky sexual behavior, and recidivism rates.

Incarceration provides the opportunity to offer intensive treatment services for drug and alcohol abusing offenders. When in-prison substance abuse treatment is combined with transitional release services, followed by community aftercare, the positive effects become even stronger.

### Program Goal

Reduce the rate of recidivism by breaking the cycle of substance abuse, criminal behavior, and incarceration.

TDOC's substance abuse programs are based on the idea that the program participant is ultimately responsible for his or her recovery. Participants work closely with counselors to develop individual treatment goals and strategies. Treatment focuses on individual needs and does not have to be voluntary. Mandated treatment can result in longer stays in the program, which is associated with more successful treatment outcomes.

## TDOC Substance Abuse Delivery System Services

MODALITY	DESCRIPTION	CLIENT CHARACTERISTICS	LENGTH OF STAY
<p><b>DRUG AWARENESS/ SELF STUDY</b></p> <p>TDOC Facilities where resources are available:</p> <p>NECC, BMCX, DSNF, CBCX, NWCX, RMSI, TPW, MLCC, STSRC, TCIP</p>	<p>An educational program with a defined curriculum that can be used as a self-study process for inmates interested in dealing with their substance abuse issues. The substance abuse coordinator may use the assistance of volunteers for this service. The purpose of this service is to increase the inmate's knowledge of the danger of substance abuse and in turn improve their decisions relating to the issues of substance use and criminal thinking.</p>	<p>Inmates who are not heavily addicted but are in need of information to improve their decisions dealing with their substance use and how that use affects criminal thinking.</p>	<p>Short duration, 30-40 hrs of self study or supported by volunteers.</p>
<p><b>GROUP COUNSELING</b></p> <p>TDOC Facilities where resources are available:</p> <p>BMCX, DSNF, CBCX, NECX, NWCX, RMSI, TPW, TCIP, WCBC, MLCC, TCIP</p>	<p>Generally, conducted 2-4 times a week. Group sessions are 120 minutes in length. Participants are given homework assignments or out of group activities. Role-play, individual presentations, and situational exercises are required to assist in skill development. Group counseling can only be facilitated by a substance abuse treatment counselor. A plan of treatment is required. Program participant information is protected by federal confidentiality laws. A signed release of information is required prior to acceptance into the program.</p>	<p>Appropriate for inmates who have substantial drug histories. Group size: 15-20 participants.</p>	<p>Generally, 3 - 6 months 2 to 4 times a week followed by aftercare where available.</p>
<p><b>THERAPEUTIC COMMUNITY</b></p> <p>TPW - 64 beds MLCC - 32 beds NWCX - 48 beds BMCX - 48 beds WTSP - 128 beds STSRC - 54 beds</p>	<p>A residential treatment program where inmates assigned shall be housed in a separate housing unit set apart from general population. TCs use behavioral modification techniques and peer hierarchy to impart new behaviors and attitudes. This program places high levels of responsibility on the individual participant for their treatment. It is 9 to 12 months in length. All program information is protected by federal confidentiality laws.</p>	<p>Inmates with long histories of substance abuse and antisocial behaviors.</p>	<p>Generally, 9 - 12 months followed by aftercare.</p>
<p><b>TRANSITIONAL RELEASE</b></p> <p>CBCX 90 Beds BMCX 35 Beds TPW 40 Beds</p>	<p>Program utilizing cognitive restructuring, job readiness, job retention, prevention strategies and re-entry planning.</p>	<p>Inmates completing a TC or Cognitive Intervention program, parole violators, inmates expiring their sentences or inmates who are in need of relapse prevention of services.</p>	<p>Generally, 6 - 9 months before prison release.</p>

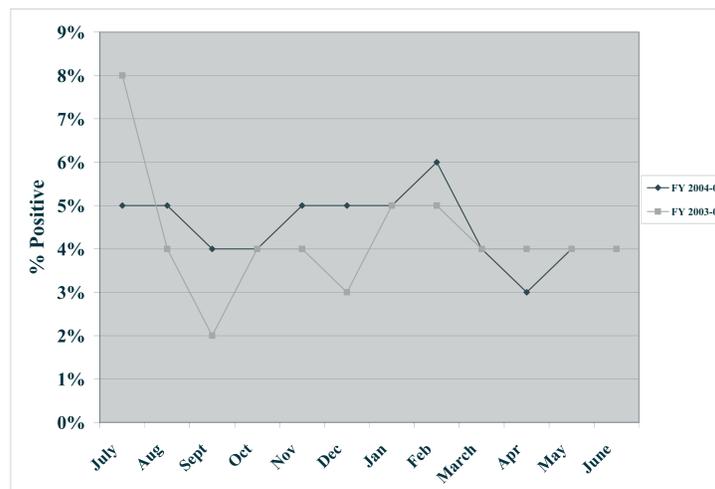

## Drug Screens

Random drug screens are conducted monthly on 10% of the inmate population. These screens are necessary to identify the use of contraband substances frequently used in prison. In addition, substance abuse program participants are tested on a regular and random basis. All positive screens are confirmed through additional testing and graduated sanctions are used for any positive drug screen.

## Education

TDOC operates as its own school system, with the Commissioner acting as the Superintendent. The Department recognizes the crucial role education and training play in the successful rehabilitation of incarcerated felons. With additional education and training, ex-felons are less likely to re-offend than those who do not learn a skill or trade while incarcerated. Roughly 20% of the eligible inmate population is enrolled in either academic or vocational training.

All fifteen facilities have adult education programs that offer both adult basic education and GED preparation. Inmates are given the opportunity to take the GED test if they meet the requirements. Many inmates also participate in volunteer literacy programs.

Thirteen of the institutions also offer vocation training. Many of these vocational programs follow a curriculum from the Tennessee Department of Education and provide a certificate upon graduation. Vocational programs in our contracted facilities follow a curriculum from the Pontiac Business Institute. A select number of vocational programs also offer certification from the Department of Labor.

### Future Goals

- Begin using the new GED curriculum released by Adult Education.
- Begin evaluation of all vocational programs to determine their effectiveness.
- Work toward creating a standardized curriculum for our vocational programs.
- Increase certification/licensure in some of our vocational programs.

### GED and Vocational Certificates Earned

## Pre-Release and Transition Services

Pre-release and transition services are responsible for establishing programs at each institution to ease inmate adjustment from institutional to “free world” life, and ultimately reduce the likelihood that the offender will re-offend. In preparation for community reintegration, inmates attend programming in the following areas:

### Pre-Release Programming/Services

- Self evaluation
- Decision-making & critical thinking
- Education
- Anger management
- Parenting & family reunification
- Drug treatment
- Job seeking and retention
- Housing

Pre-release programming is offered at each TDOC correctional facility as well as the three private facilities. Each facility (except for DeBerry Special Needs) has a designated Pre-Release Coordinator and full time paid program positions for inmates participating in the pre-release program ( with the exception of Riverbend Maximum Security Insitution).

### FY 2004-2005 Statistics

- 23.6% of all inmates released participated in the formal pre-release program.
- 63% of program participants were released into the community.
- 36% of program graduates were granted parole.
- 26% of graduates were released at the expiration of their sentence.

# Mental Health Services

Mental health services are available to all inmates at all stages of incarceration. Thorough mental health evaluations are conducted on all inmates entering TDOC. In addition, mental health staff are responsible for assessing inmates transferring between the various institutions for the development of mental illnesses that may not have existed or been identified previously. Mental health consultation is available to all institutions and services are consistent with ethical, legal, and accreditation mandates.

## **Mission**

To evaluate, assess, identify, and treat mentally ill offenders through the application of best practices in medicine, psychology, and rehabilitation.

Mental illness has a significant impact on incarcerated persons. At any given time, approximately 20% of the inmate population is diagnosed with a mental disorder and as many as 19% of the inmate population has both a mental disorder and a diagnosed substance dependence. Further, approximately 16% of the inmate population requires continual medication management and nearly 30% of the mental health budget is allocated for psychotropic medications.

Mainstreaming is at the core of the treatment philosophy implemented in the institutions. Inmates with mental illness are not normally segregated from the general population; treatment is provided to them in a naturalistic environment. However, when inmates experience psychiatric crisis and cannot be safely housed in the general population, he or she is transferred to intensive, inpatient treatment at DeBerry Special Needs Facility (DSNF), where inpatient treatment can be provided to more than 370 mentally ill offenders. Specialized treatment services at DSNF include inpatient sex offender treatment and a unit for the cognitively disabled offender.

## **Sex Offender Treatment Program**

The Sex Offender Treatment Program is an intensive three-year program aimed at reforming sexual predators. Participation in the program is voluntary and includes three phases of treatment.

### **Phase I:** 64-bed intensive program at DSNF

Phase one of the program lasts two years. Inmates live in the same pod, attend daily therapy sessions and develop a personal plan to avoid future victimization. In addition to this, the 64 men in the program are required to work 6 to 8 hours a day at an institutional job.

### **Phase II:** 15-bed program at STSRC

Inmates spend six months continuing to meet in small groups on a regular basis.

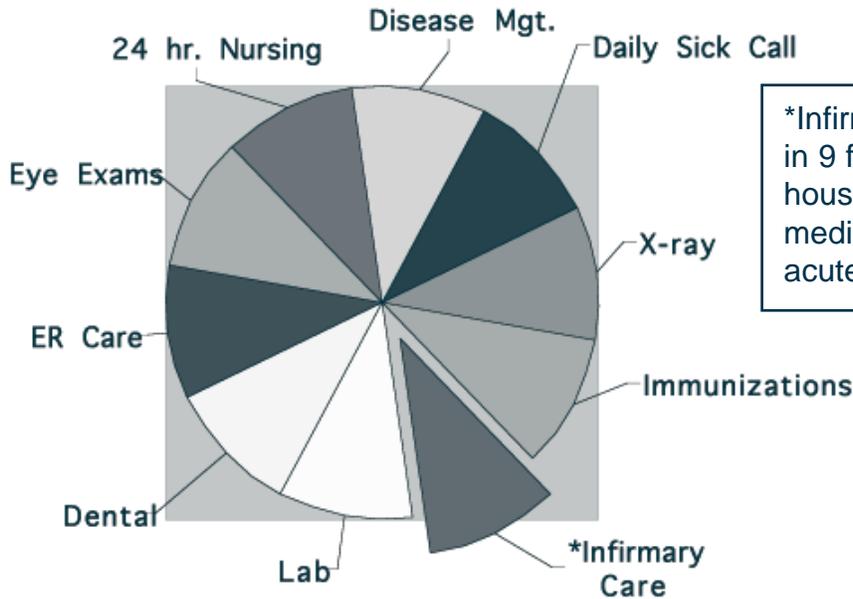

### **Phase III:** Aftercare program at various institutions

In the aftercare stage, inmates participate in 1-2 hours of group therapy per week while serving the rest of their sentence.

# Health Services

Providing health care to more than 19,000 inmates is both costly and complex. While the Department provides only medically necessary care (no elective or cosmetic procedures), the scope of services provided is comprehensive and is consistent with services provided to the general public.

## On-Site Patient Services

\*Infirmery care is only available in 9 facilities and is utilized to house patients in the clinics for medical observation and/or sub-acute care.

Services are designed to coordinate and integrate each patient's health care needs. TDOC's health care system is broad in scope and provides diagnostic and evaluation services, routine medical care, emergency care, chronic disease care, and patient education. Any services that cannot be managed at the on-site clinic or infirmery are referred to DeBerry Special Needs Facility (DSNF) or the Tennessee Prison for Women (TPW).

## Specialty Health Services

Audiology	Neurology	Podiatry
Cardiology	Neurosurgery	Physical Therapy
Dermatology	OB/Gyn	Pulmology
Ear, Nose & Throat	Oncology	Radiology
Gastroenterology	Ophthalmology	Rehab Services
General Surgery	Oral Surgery	Urology
Infectious Diseases	Orthopedics	Vascular Surgery
Nephrology	Orthopedic Surgery	Other (as needed)

## Volunteer Services

Ultimately, roughly 97% of the individuals who are incarcerated at a TDOC facility eventually go back to their hometowns. Although Tennessee is nicknamed "the Volunteer State", it's often difficult to find individuals willing to volunteer within the prison system. It's crucial that the Department and community work hand in hand to help these people become better citizens while serving their sentence. Volunteers are the greatest outside resource in accomplishing this goal.

### Current Volunteer Projects/Programs

- Alcoholics Anonymous
- Narcotics Anonymous
- Basic life skills
- Anger management
- Project Hope
- Religious services (all faiths)

Volunteers are used throughout the TDOC to provide services to inmates and their families that are not offered by the Department. Volunteers are recruited from communities throughout the state to deliver important services such as tutoring, financial planning, and counseling services within the institutions. In addition, a number of faith-based services are also provided through volunteers.

### Accomplishments: FY 2004-2005

- Revised the volunteer policy and manual.
- Completed the Volunteer Services database.
- Implemented the Amachi mentoring initiative.

## Victim Services

The Tennessee Department of Correction is committed to assisting the victims of crime. In line with that commitment, one of the Department's primary responsibilities is to keep victims and their family members informed of an offender's status, including any hearing dates and decisions, release dates, movements to less secure institutions, and escapes. Each week, approximately 35 new people request to be notified about specific inmates and approximately 100-145 notification letters are sent out.

### Victim Impact Classes

Victim Impact Classes are now required for all eligible inmates through the pre-release curriculum. Speakers, who were actual victims of crime, are used in training and classroom experiences for inmates. Indicators show up to a 87% increase in understanding of the impact of crime in pre to post-test scores. In addition, 32 hours of instruction will be provided at the new transitions centers at the Tennessee Prison for Women and the Charles Bass Correctional Complex.

In November 2004, Victim Services began assisting victims of crime and/or their family throughout the parole hearing process. In addition, each institution began providing separate waiting areas for victims of crime and/or their families, out of sight of the offender and his or her family. This separation has greatly decreased the tension for victims and their families at parole hearings.

In addition, Victim's Services began working with the Tennessee Correctional Academy to offer training for TDOC and Board of Probation and Parole employees who interact with victims of crime and their families.

### FY 2004 - 2005 Initiatives

- Co-authored a booklet entitled "What to Expect at a Parole Hearing", which is distributed by the Board of Probation and Parole with each notification of a pending parole date.
- Held TDOC's first Victim Impact training for Pre-release Coordinators.
- Developed and released a new standardized victim impact curriculum for pre-release training.
- Provided the first Victim Awareness and Response training at the Training Academy for 100 employees from TDOC and the Board of Probation and Parole.

## Tennessee Correctional Academy

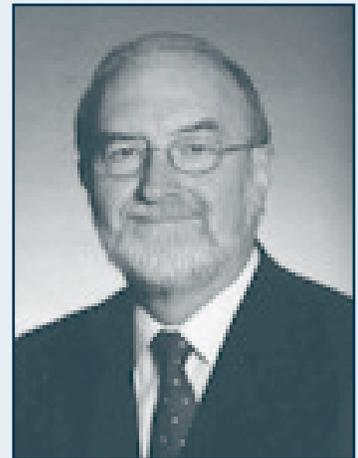

The Tennessee Correctional Academy (TCA), located in the city of Tullahoma, serves as the primary training and staff development center for the Department of Correction. Additionally, the Academy provides training to personnel on the Board of Probation and Parole and to the Department of Children's Services. Each year, over 6,000 people attend the Academy's numerous pre-service, in-service, or specialized training classes.

TCA, which opened in January 1984, is committed to contributing to the success of the Department through quality job-based professional development to newly hired and in-service personnel. In 1993, TCA became only the second correctional training academy in the nation to be fully accredited by the American Correctional Association.

### TCA - Superintendent Michael Dutton

#### **Specialized workshops delivered by the Academy in FY 2004-2005 include the following:**

- Victim Awareness Seminar
- Prison Rape Elimination Act (PREA)
- Transition Center/Therapeutic Community Training for Staff
- Leadership TDOC Workshops
- Critical Incident Stress Debriefing Training
- Radio Repair and Communication School
- Correctional Emergency Response Team (CERT) Training
- Chemical Agent Instructor School
- Firearms Instructor School

## Mission, Vision & Goals

### Our Mission

To ensure state of the art training to all employees whom we have the opportunity to serve.

### Our Vision

The Tennessee Correction Academy, through a focus on professional service, will set the example for excellence in the delivery of criminal justice training.

### Our Goals/Objectives

- Establishing professional development as a clear organizational priority.
- Implementing a targeted training system.
- Operating in a quality environment.

### FY 2004-2005 Accomplishments

- Graduated seventeen (17) classes of basic training personnel.
- Provided fifty (50) weeks of in-service training programs.
- Exceeded 6,400 in training attendance.
- Trained over 600 by instructors via the “Air Course Academy” distance learning system.
- Trained over 500 on-site by visiting instructors.

### Tennessee Correction Academy Graduates

Fiscal Year	Graduates
2004-2005	1199
2003-2004	584
2002-2003	870
2001-2002	1,098
2000-2001	871
1999-2000	830
1998-1999	1,086

## Brushy Mountain Correctional Complex

The Brushy Mountain Correctional Complex (BMCX), located in Morgan County is comprised of Morgan County Regional Correctional Facility (MCRCF) in Wartburg and Brushy Mountain Prison in Petros. BMCX is a multi-mission facility and serves as the reception/classification and diagnostic center for East Tennessee.

Community service crews provide thousands of hours of labor to local government and non-profit organizations each year. A number of vocational program opportunities as well as academic classes to assist inmates in obtaining their GED's are also offered. In addition, the Alcohol and Drug program at MCRCF is a "modified" therapeutic community, in which all inmates who participate in the program live in the same housing unit.

There are two TRICOR industry programs located at MCRCF; the refurbishing plant which refurbishes old furniture for state agencies and non-profit organizations and the textile plant, which manufactures clothing and bedding to sell to state institutions, mental health agencies, and county jails. Both provide valuable work experience and marketable skills to the inmates who participate.

### BMCX - Warden: Jack Morgan

Avg. Daily Population: 1,552  
Operating Capacity: 1,587  
Security Level: Maximum  
Phone: (423)324-4011

#### **Accomplishments: FY 2004-2005**

- Expanded pre-release program to include all inmates re-entering society.
- Received new X-ray machines for mailrooms at both sites.
- Expanded the community work release program.

## Charles Bass Correctional Complex

The Charles Bass Correctional Complex (CBCX) is the reception, classification, and diagnostic center for male felons in the Middle Tennessee area. Its primary mission is to classify offenders entering or re-entering the TDOC. The CBCX annex is responsible for providing training to inmates who are nearing the end of their sentences and will be re-entering society. Pre-release inmates must complete a 90-day program including 80 hours of classroom instruction and community service work. Some minimum custody inmates are placed on work release where they work in the community and pay room and board fees.

CBCX is also the location for the Central Transportation System for the TDOC. The Central Transportation System operates across the state, transporting inmates to various institutions, court appearances, and medical appointments.

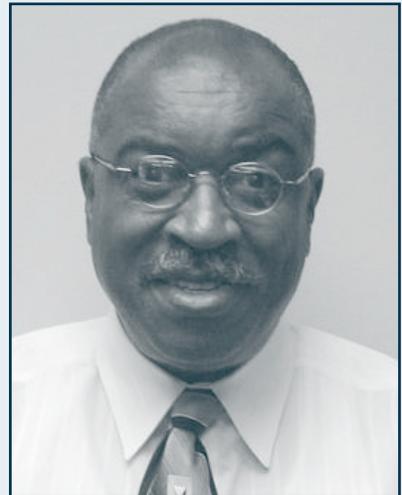

Each year, CBCX provides over 250,000 hours of community service work to state and local government and non-profit agencies in Davidson County and surrounding areas.

### CBCX - Warden: Ken Locke

Avg. Daily Population: 1,031  
Operating Capacity: 1,099  
Security Level: Close  
Phone: (615)350-3361

#### **Accomplishments: FY 2004-2005**

- Changed facility name as passed by legislature.
- Reconstructed and beautified the Hyatt Memorial area.
- Installed teleconferencing equipment at Goose Creek.
- Purchased items to provide improvements to the library, recreation, and housing areas.

## Lois DeBerry Special Needs Facility

The mission of the Lois DeBerry Special Needs Facility (DSNF) is to provide quality health care, intensive mental health, and sex offender treatment programming in a setting that ensures a safe and secure environment for facility staff and inmates. The standards of care at this institution are commensurate with standards established in the community.

DSNF provides a number of services for the Department, including acute and convalescent health care, intensive mental health intervention, a therapeutic program for sex offenders, and pharmaceutical services. In addition, geriatric, specialty clinics, short-stay surgeries, individual treatment and diagnostic services that are not available at other facilities are provided to inmates through the transient unit and contract staff at DSNF.

Mental health units are provided for inmates with acute mental health needs. The mental health program is designed to stabilize the inmate and move him or her through a process where the inmate takes more responsibility for his/her behavior and mental health. There are units for the mentally challenged, sex offender treatment, and a sheltered workshop program for inmates.

### DSNF - Warden: Robert Waller

Avg. Daily Population: 727  
Operating Capacity: 736  
Security Level: Maximum  
Phone: (615)350-2700

#### **Accomplishments: FY 2004-2005**

- Restructured an existing mental health program to develop a sub-acute program.
- Added and filled an additional 13 inmate jobs.
- Replaced three pieces of medical equipment.
- Project committee established a unit fund for proposed projects such as recreation, equipment, and other unit needs.

## Mark Luttrell Correctional Center

The Mark Luttrell Correctional Center (MLCC), which includes a minimum security annex, is located in Memphis, Tennessee and is one of two female facilities in the state prison system. Opened in 1976 as a male institution, the facility was converted for females in June 1999.

Major programs at MLCC include educational and library services, counseling, job assignments, religious services, medical and mental health. In addition, MLCC provides a number of support group programs such as Alcoholics Anonymous, therapeutic community programs, and drug education.

### MLCC - Warden: Reuben Hodge

Avg. Daily Population: 419  
Operating Capacity: 436  
Security Level: Close  
Phone: (901)372-2080

#### **Accomplishments: FY 2004-2005**

- Three cosmetology students received cosmetology licenses.
- Annual inspection was improved by 50%.
- Recycling and energy program continued with great success.

## Northeast Correctional Complex

The Northeast Correctional Complex (NECX), is located in Mountain City with annexes in Johnson City and Carter County. NECX operates community service crews which provide thousands of hours of labor to local government and non-profit organizations each year.

NECX offers intensive counseling programs for drugs and anger management and operates four industries including the data plant (employs approximately 50 inmates), the printing plant (employs 25 inmates), and the sewing plant (employs 50 inmates). In addition NECX is part of a joint venture with a local company that helps recycle toner cartridges (employs 50 inmates). Inmates may also attend Adult Basic Education and GED classes or participate in various vocational programs.

### NECX - Warden: Howard Carlton

Avg. Daily Population: 1,827  
Operating Capacity: 1,819  
Security Level: Maximum  
Phone: (423)727-7387

#### **Accomplishments: FY 2004-2005**

- Completed a new fence detection system.
- Achieved a GED pass rate of 90%.
- Passed annual inspection with a score of 99%.

## Northwest Correctional Complex

The Northwest Correctional Complex (NWCX) is located in Tiptonville on 249 acres in the rural northwest corner of Tennessee. NWCX is comprised of the main compound, a minimum security unit, and the annex. The main compound houses all custody levels except maximum; the minimum security unit houses the community service crews; the Annex houses minimum restricted custody inmates and youthful offenders.

Due to the lack of industry at NWCX, the focus has been on education and community service. The educational programs include special education services, Adult Basic Education, GED preparation, Title 1, and vocational programs.

### NWCX - Warden: Tony Parker

Avg. Daily Population: 2,310  
Operational Capacity: 2,377  
Security Level: Close  
Phone: (731)253-5000

#### **Accomplishments: FY 2004-2005**

- Unemployment rate dropped below 5%.
- Achieved an annual inspection score of 99%.
- Kicked off the HOPE program with 126 participants.

## Riverbend Maximum Security Institution

Riverbend Maximum Security Institution (RMSI) opened in 1989, replacing the Tennessee State Penitentiary. RMSI's overall mission is to manage high-risk male offenders classified as either maximum or close security. These behaviors require more intense control, supervision, and structure than are offered at other institutions.

RMSI is also the location for housing Tennessee's inmates sentenced to death, and is tasked with carrying out that sentence in the manner and at the time ordered by the court.

In addition, RMSI houses a number of medium and minimum security inmates who attend educational programming or work in institutional support jobs. Education programs at the prison include GED and Adult Basic Education. There are also vocational classes available for printing, commercial cleaning, industrial maintenance, cabinet making/millwork and computer information systems. Additionally, TRICOR manages a data entry plant and print shop at the prison. Inmates not involved in academic vocation, or industry programs are required to work in support service roles throughout the facility.

### RMSI - Warden: Ricky Bell

Avg. Daily Population: 709  
Operational Capacity: 714  
Security Level: Maximum  
Phone: (615)350-3100

#### **Accomplishments: FY 2004-2005**

- RMSI was the subject of an hour long, national MSNBC special, "Inside Riverbend".
- Initiated a more formal pre-release program "We're Not Coming Back". Eleven inmates completed the program.
- Completed training on new emergency response apparatus.

# Southeastern Tennessee State Regional Correctional Facility

Southeastern Tennessee State Regional Correctional Facility (STSRC), located near Pikeville opened in 1970 as one of three regional prisons proposed by TDOC and approved by legislature during the early 1970's.

Mental health services offered include substance abuse, crisis intervention, and sex offender Phase II treatment. Strategic threat group (gangs), anger management, violent offender, self awareness, skills for family living, family life education, assertiveness and stress management programs are also available.

Academic programs, including GED and Adult Basic Education, as well as six vocational programs are also offered. The industrial plant at STSRCF, managed and operated by TRICOR, is involved in manufacturing items for free world corporations. Inmates employed by the industries plant are involved in the Prison Industry Enhancement Program (PIE). Additionally STSRCF's farm, comprised of approximately 2,200 acres, is involved with milk, egg, and limited beef production.

## STSRC - Warden: Virginia Lewis

Avg. Daily Population: 947  
Operational Capacity: 971  
Security Level: Close  
Phone: (423)881-3251

### Accomplishments: FY 2004-2005

- Converted an on-site residential house into a training center.
- Established a 54-bed therapeutic community unit for violent offender/substance abuse inmates.
- Increased emphasis on assigning inmates nearing release to jobs that will better prepare them upon release (TRICOR & farm).
- Provided 2 community service crews to complete projects for non-profit organizations.
- Reduced expenditures by 2% from FY 2003-2004.

## Tennessee Prison for Women

The Tennessee Prison for Women (TPW), located in Nashville serves as the reception and classification center for female offenders. TPW houses all level security level inmates, from work release to those under the death sentence.

TPW offers academic courses that include Adult Basic Education, GED, and special education. Vocational courses including cosmetology, culinary arts, and building maintenance are also offered. TRICOR provides job opportunities through the TCAP (Tennessee Comprehensive Assessment Program) test distribution center, data entry services, and the TennCare hotline. TPW's community work crews provide an assortment of services and inmates who meet established criteria may be placed on release with selected government agencies.

Inmates also have access to a full range of psychological intervention programs including substance and sexual abuse, anger management, and co-dependency. TPW has a weekend child visitation program for mothers and grandmothers that has received national recognition. The YWCA also operates a pre-release job readiness/life skills initiative.

### TPW - Warden: Jewel Steele

Avg. Daily Population: 733  
Operating Capacity: 744  
Security Level: Maximum  
Phone: (615)741-1255

#### **Accomplishments: FY 2004-2005**

- Implemented PAWS program with 4 classes of 4 dogs each.
- Graduated 67 inmates from vocational programs.
- Installed an outdoor picnic area at the annex.
- Achieved a GED pass rate of 88%.

## Turney Center Industrial Prison

Turney Center Industrial Prison and Farm (TCIP) is located in Only in Hickman County. TCIP has a strong emphasis on prison industry.

TCIP includes a minimum security annex outside the secure perimeter housing inmates employed on the farm, community service crews, and on support services crews outside the perimeter.

Academic programs available at the facility include GED and Adult Basic Education. Vocational programs include cosmetology, cabinet making and mill work, industrial maintenance, landscaping, vocational office education, commercial food services, and commercial cleaning. TRICOR industry programs include the wood, metal, and paint plants. The farm includes a beef cattle operation.

### TCIP - Warden: Wayne Brandon

Avg. Daily Population: 1,106  
Operational Capacity: 1,113  
Security Level: Close  
Phone: (931)729-5161

#### Accomplishments: FY 2004-2005

- Completed an electrical upgrade.
- Installed new video-conferencing equipment.
- Successfully completed annual inspection.
- Achieved a GED pass rate of 95%.

## Wayne County Boot Camp

In 1989, the Wayne County Boot Camp (WCBC) was reorganized as a Special Alternative Incarceration Unit Program, or "Boot Camp." It is a highly disciplined, military-style training program combined with various treatment programs. Eligible offenders are under 35 years of age and convicted of non-violent crimes with sentences of six years or less.

Military training consists of drill and ceremony, physical training, and respect for authority. There is also programming available including, Adult Basic Education, self-esteem, substance abuse, and pre-release. Inmates are involved in support jobs at the facility and also provide labor for many community service projects. Inmates participate in the boot camp program for 90 to 120 days.

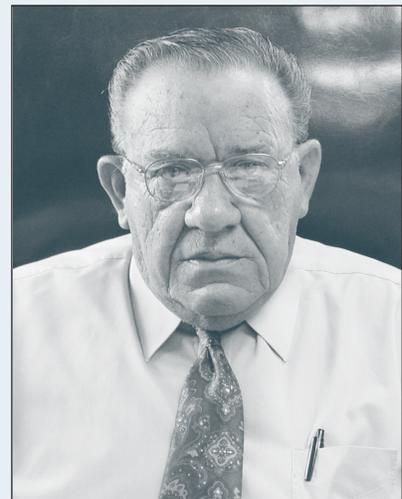

In February 1993, the mission of the boot camp was modified to include 50 beds for geriatric inmates, thereby reducing the boot camp program space to 100. Geriatric inmates must be 55 years of age or older and able to participate in a work program, within 10 years of their release eligibility date, and must be minimum direct or minimum trusty custody level. They will generally be provided with access to the same programs as other TDOC inmates and may also provide labor for community service projects. WCBC also houses a number of technical violators.

### WCBC - Warden: James Davis

Avg. Daily Population: 407  
Operational Capacity: 446  
Security Level: Minimum  
Phone: (931)676-3345

#### **Accomplishments: FY 2004-2005**

- Operated 15 Community work lines.
- Maintained a Correctional Officer turnover rate of 7.0%
- Achieved an annual inspection score of 100%.

# West Tennessee State Penitentiary

West Tennessee State Penitentiary (WTSP), located west of Henning, is the largest facility for male felons in the TDOC. WTSP is a multi-mission institutional complex and serves as the reception and classification center for West Tennessee.

Academic courses include Adult Basic Education, GED, and special education. Vocational courses include commercial cleaning, upholstery, tailoring, residential construction, personal computing, office occupations, small engine repair, barbering, and culinary arts. TRICOR provides training and job opportunities through three manufacturing operations and a farming operation. Fruits and produce grown on the institution's farm helps to offset food costs at a number of TDOC institutions

## WTSP - Warden: David Mills

Avg. Daily Population: 2,516  
Operational Capacity: 2,505  
Security Level: Maximum  
Phone: (731)738-5044

### **Accomplishments: FY 2004-2005**

- Opened the WTSP Museum.
- Initiated a UT Martin satellite campus at the WTSP's training center.
- Adopted wild mustangs and two mules to be trained for use on the prison farm.
- Increased focus on vegetable planting and production to increase harvest and offset food costs.

## **Hardeman County Correctional Facility**

The Hardeman County Correctional Facility (HCCF) is a private, time-building institution with a medium security designation. The Hardeman County Correctional Facilities Corporation, owns HCCF and contracts with Corrections Corporation of America (CCA) for its management. HCCF has an operational capacity of 2,016 beds.

## **Whiteville Correctional Facility**

The Whiteville Correctional Facility (WTCF) is a private, time-building institution with a medium security designation. WTCF is managed by CCA and began housing TDOC felons in 2002. WTCF has an operational capacity of 1,536 beds.

## **South Central Correctional Facility**

The South Central Correctional Facility (SCCF) is a private, time-building institution with a medium security designation. SCCF is a state owned facility and is managed by a contract with CCA. SCCF has an operational capacity of 1,676.
