Members in Attendance:

Mike Perry, Sondra Howe, Buddy Lea, Kelly Smith, Jason Mumpower, Mark Choate, Melissa Kmicik

Others in Attendance:

Matt Brimm, Shay Oliphant, Melinda Parton, Bryan Chriske, Andy Kidd, Shannon Howell, Jenny Young, Cindy Heatherly, Jamil Moore, Paul Krivacka, Charlotte McKinney (State of Tennessee);

- I. Call to Order:** Mike Perry, Chief Procurement Officer and Advisory Council on State Procurement Chairman, officially called the meeting to order. He recognized that a quorum of members was present. Chief Procurement Officer Perry recognized and thanked the following Council members whose terms will be expiring October 31, 2013: Sondra Howe, Buddy Lea, Mark Choate, Jay Garrison, Matt Thompson, and Jim Thompson. Chief Procurement Officer Perry expressed his appreciation for their time and support of the Central Procurement Office and stated that he would like to give each of them a certificate of appreciation at the end of the meeting.

**Minutes from July 29, 2013 Meeting:** Chief Procurement Officer Perry asked if there were any corrections or changes to the minutes of the July 29, 2013 meeting. Seeing none, a motion was made by Jason Mumpower, Chief of Staff, Comptroller's Office, to accept the minutes as submitted. The motion was seconded by Kelly Smith, Assistant Commissioner, Department of General Services. All members voted in favor – none opposed.

- II. New Business:** Chief Procurement Officer Perry thanked the CPO Policy Review Subcommittee and the Comptroller's Office for their hard work and efforts to review and edit the Central Procurement Office models and templates that are on today's agenda. It is anticipated that these models and templates will be presented to the Procurement Commission in November. Chief Procurement Officer Perry then took a moment to

recognize Kelly Smith who is returning to the Advisory Council after a leave of absence and congratulated her on the birth of her baby boy. At this point Chief Procurement Officer Perry turned the floor over to Paul Krivacka, Lead Attorney/Director of Category Management, Central Procurement Office, to discuss the following new business items:

Proposed revisions to:

(1) Small Purchases Model

Mr. Krivacka stated that this model serves as a checklist that documents that due diligence has taken place for purchases \$10,000 and under. After a short discussion, Jason Mumpower made a motion to accept the model as presented. The motion was seconded by Buddy Lea, Assistant Commissioner, Department of Finance and Administration. All members voted in favor – none opposed.

(2) Informal Purchases Model

Mr. Krivacka stated that this model serves as a checklist that documents that due diligence has taken place for purchases between \$10,000.01 and \$50,000.00. Chief Procurement Officer Perry added that agencies will scan this form and it will be attached in Edison. Buddy Lea asked if that step will be included in the training that agencies will receive and Chief Procurement Officer Perry indicated that it will be. A short discussion of Edison, the agencies' desire to be compliant, and training that will be offered was held. A motion was made by Jason Mumpower to accept the model as presented. The motion was seconded by Kelly Smith. All members voted in favor – none opposed.

(3) Request for Information (RFI) Model

Jason Mumpower stated that on page 38 (redline version) and page 43 (clean version), there is an Option (#3), which is entitled "RESPONSE A PREREQUISITE" that is to be inserted whenever a response to the RFI is a mandatory condition for participation in the future solicitation event. Since this option would limit the vendors that can respond to the future solicitation to only those vendors that participate in the RFI, he proposed that inclusion of this option will require written justification from the agency head. He proposed that the following language be added to the instructions for Item 3 – "Option: RESPONSE A PREREQUISITE":

**Inclusion of this option will require written justification by the agency head.**

A motion was made by Kelly Smith to accept the Request for Information (RFI) Model with the amendment as presented by Jason Mumpower. The motion was seconded by Buddy Lea. All members voted in favor – none opposed.

(4) Rule Exception Request Form

Mr. Krivacka explained that this form was originally used by the old Office of Contracts Review (OCR) and was primarily for services. The updated form now applies to goods and services.

The Comptroller's Office proposed that the following edit be made:

In the Comptroller signature box, there is a comma after the word "report" that should be after the word "audit" so that it reads "annual report and audit,".

After a general discussion, it was proposed that another edit be made for further clarification of line 6 "**Rule(s)** (for which the exception is requested)":

It was proposed that the following language be added:

**Please include citation and written explanation of Rule(s) to be excepted.**

A motion was made by Buddy Lea to accept the Rule Exception Request Form with the first amendment as proposed by the Comptroller's Office and the second amendment as proposed from the general discussion. The motion was seconded by Jason Mumpower. All members voted in favor – none opposed.

(5) Interagency Agreement (IA) Model

Mr. Krivacka stated that this form has been simplified and will streamline the process so that it will take much less time by an agency to process the form. Chief Procurement Officer Perry clarified that this form will be used mainly by agency legal staff.

Jason Mumpower made a motion to accept the Interagency Agreement (IA) Model as presented. The motion was seconded by Kelly Smith. All members voted in favor – none opposed.

(6) Section 11 of the *Procurement Procedures Manual of the Central Procurement Office*

The Comptroller's Office proposed that the word "**written**" be added to the third sentence of the first paragraph of Section 11 so that it reads:

"When a Rule Exception Request is not applicable, a **written** explanation for the deviation shall be provided by the agency head."

A motion was made by Buddy Lea to accept Section 11 of the *Procurement Procedures Manual of the Central Procurement Office* with the amendment as presented by the Comptroller's Office.

- III. Other Business:** Chief Procurement Officer Perry asked for any other business that the Council needed to discuss. Seeing none, he expressed his appreciation again to the members who are moving off the Council and stated for those remaining members that there will be much more work ahead. Mark Choate stated that he had been happy to serve on the Council and found the overall experience to be very beneficial.
- IV. Adjournment:** A motion for adjournment was made by Kelly Smith and seconded by Jason Mumpower. All members voted in favor – none opposed.

## **PROPOSED NEW TEMPLATE**

- **REQUEST FOR QUALIFICATIONS

**REDLINE COMPARISON TO 10/17/13  
VERSION**

## REQUEST FOR QUALIFICATIONS (RFQ) TEMPLATE

This ~~model template~~ prescribes the format and content for a Request for Qualifications (RFQ). This template should only be utilized if the Central Procurement Office is the procuring entity. Documents of this type must adhere to this ~~model template~~ with revisions only as instructions permit. Insignificant deviations from this ~~model template~~, while always subject to disapproval, will typically not require a specific rule exception unless an oversight examiner requires separate documentation in a particular instance. If a formal rule exception request is not required, oversight approval of the document will constitute any necessary rule exceptions that may be necessary.

Complete ~~form template~~ fields and follow, replace, or otherwise address red instructional text (e.g., State Agency Name, amount, will/will not) as indicated, with conforming font and color.

Add the following to the end of subsection 4.5. if it is deemed necessary and it is approved by the contracting agency and the Central Procurement Office.

The State agrees to protect, to the fullest extent permitted by state law, the confidentiality of information expressly identified by the Respondent as confidential and proprietary, including information that would allow a person to obtain unauthorized access to confidential information or to electronic information processing systems owned by or licensed to the State.

**5. PROCUREMENT PROCESS & CONTRACT AWARD**

**5.1. Option: Cost Proposals & RFQ Negotiations** (only select if CPO is the procuring entity)

Replace RFQ § 5.1.1. with the following if negotiations will be included in the evaluation process.

The vendor selection will be a two-part process: (1) Qualification of Technical Responses, and (2) Cost Proposals/Negotiations.

**5.1. Option: RFQ Negotiations** (only select if CPO is the procuring entity)

Add the following to RFQ § 5.1., if the State CPO will conduct negotiations:

**Negotiations:**

The State may elect to engage the Respondents within the competitive range and negotiate costs and finalize contract terms and conditions. If the State determines cost and contract finalization discussions and negotiations are not productive, the State reserves the right to bypass the apparent highest evaluated Respondent and enter into contract negotiations with the next best evaluated Respondent.

The State may elect to negotiate by requesting revised Responses from apparently responsive and responsible Respondents. However, the State reserves the right to award a contract on the basis of initial responses received. Therefore, each response should contain the Respondent's best terms from a technical and cost standpoint. The State reserves the right to conduct multiple negotiation rounds. If the State exercises its right to enter into negotiations, it may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those identified issues during negotiations. All responsive respondents within the competitive range will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that does not reveal individual respondent pricing. During target price negotiations respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices. All communications, clarifications and negotiations shall be conducted in a manner that supports fairness in response improvement. Note that each clarification sought by the State may be unique to an individual Respondent.

**5.2. Competitive Range of Technical Responses**

The RFQ should specify what the competitive range will be for your particular RFQ. Add details describing what selection criteria will be utilized to determine the competitive range/what the respondent must do to be considered "Qualified".

**Option: Ranking**

The Technical Response must be ranked in the top \_\_\_\_ [insert number (#) ≥ 3] after the Technical Response score is totaled and put in ordinal ranking (1 - the best evaluated ranking).

**Option: Percentile**

The Technical Response score must attain a combined score of \_\_\_\_ [insert number]. This minimum score threshold represents a score of \_\_\_\_%.

**Option: Respondent Oral Presentations**

Add the following to the Phase II paragraph if oral presentations will be included in the evaluation process.

The State may invite those who passed the Phase I evaluation to give oral presentations to the State. The qualitative assessment of each Respondent will include the information derived from the oral presentations.

**5.54. Option: Cost Proposals**

Add the following to RFQ § 5.54., Evaluation Guide, if the State will solicit a Cost Proposal from Qualified Respondents.

Evaluation Category	Maximum Points Possible
Cost Proposal (refer to RFQ Attachment D)	NUMBER ≥ 30% of TOTAL POINTS

**5.5-5.6. Contract Award**

The RFQ should specify how anticipated contract award will occur for the particular RFQ. Revise as appropriate, subject to approvals.

**Formatted:** Indent: Hanging: 1.25", Outline numbered + Level: 2 + Numbering Style: 1, 2, 3, ... + Start at: 6 + Alignment: Left + Aligned at: 1" + Indent at: 1.25"

**Option: ~~Cost Proposal~~ Contract Award**

Add the following as RFQ § 5.65., Contract Award, if the State will solicit a Cost Proposal from Qualified Respondents, which will result in a contract award.

- 5.5.1-5.6.1. The Solicitation Coordinator will submit the Evaluation Team determinations and response scores to the head of the contracting agency, or the agency head's designee, for consideration along with any other relevant information that might be available and pertinent to contract award.
- 5.5.2-5.6.2. The contracting agency head, or the agency head's designee, will determine the apparent best-evaluated response. (To effect a contract award to a Respondent other than the one receiving the highest evaluation score, the head of the contracting agency must provide written justification and obtain written approval of the Chief Procurement Officer and the Comptroller of the Treasury.)
- 5.5.3-5.6.3. The State reserves the right to make an award without further discussion of any response.
- 5.5.4-5.6.4. The State will issue an Evaluation Notice and make the RFQ files available for public inspection at the time and date specified in the RFQ §2, Schedule of Events.

**Formatted:** Outline numbered + Level: 3 + Numbering Style: 1, 2, 3, ... + Start at: 1 + Alignment: Left + Aligned at: 2" + Indent at: 2.5"

**NOTICE:** The Evaluation Notice shall not create rights, interests, or claims of entitlement in either the Respondent identified as the apparent best evaluated or any other Respondent.

- 5.5.5-5.6.5. The Respondent identified as offering the apparent best-evaluated must sign a contract drawn by the State pursuant to this RFQ. The contract shall be substantially the same as the RFQ Attachment G, *pro forma* contract. The Respondent must sign said contract no later than the Respondent Contract Signature Deadline detailed in RFQ § 2, Schedule of Events. If the Respondent fails to provide the signed contract by the deadline, the State may determine the Respondent is non-responsive to this RFQ and reject the response.
- 5.5.6-5.6.6. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State's best interests, PROVIDED THAT such revision of terms and conditions or performance

**Formatted:** Outline numbered + Level: 3 + Numbering Style: 1, 2, 3, ... + Start at: 1 + Alignment: Left + Aligned at: 2" + Indent at: 2.5"

requirements shall NOT materially affect the basis of response evaluation or negatively impact the competitive nature of the RFQ and vendor selection process.

5.5.7.5.6.7. If the State determines that a response is nonresponsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.

**ATTACHMENT A: TECHNICAL RESPONSE & EVALUATION GUIDE**

**Option: Page Limitation.**

Add the following row to the RFQ Attachment A table (in the grayed out top area) if a page limitation was included in RFQ § 3.4., Response Prohibitions.

	The Technical Response must not exceed _____ pages in length;	
--	---	--

**Option: Cash Flow Information.**

Add the following row to the RFQ Attachment A table (after the model items) if the contracting agency chooses to review the evidence of Respondent's financial stability/responsibility.

	A.#	<p>Provide documentation disclosing the amount of cash flows from operating activities for the Respondent's most current operating period. Said documentation must indicate whether the cash flows are positive or negative, and, if the cash flows are negative for the most recent operating period, the documentation must include a detailed explanation of the factors contributing to the negative cash flows.</p> <p>NOTICE: All persons, agencies, firms, or other entities that provide opinions regarding the Respondent's financial status <u>must</u> be properly licensed to render such opinions. The State may require the Respondent to submit proof of such licensure detailing the state of licensure and licensure number for each person or entity that renders the opinions.</p>	
--	-----	---	--

**Option: Certificate of Insurance.**

Add the following row to the RFQ Attachment A table (after the model items) **ONLY IF** a Certificate of Insurance is considered necessary evidence of Respondent's financial stability/responsibility. (Specifying insurance requirements in the *pro forma* contract does not necessitate adding this optional response requirement.)

Add, delete, or revise subsections detailing insurance coverage requirements as appropriate. (If this response requirement item is added to the RFQ, the appropriate Insurance provision must be detailed in the *pro forma* contract, and the insurance coverage requirements specified in both the RFQ and the *pro forma* contract must agree.)

	A.#	<p>Provide a valid, Certificate of Insurance that is verified and dated within the last six (6) months and which details <u>all</u> of the following:</p> <ul style="list-style-type: none"> <li>(a) Insurance Company</li> <li>(b) Respondent's Name and Address as the Insured</li> <li>(c) Policy Number</li> <li>(d) The following minimum insurance coverage:                             <ul style="list-style-type: none"> <li>(i) Workers' Compensation/ Employers' Liability (including all states coverage) with a limit not less than the relevant</li> </ul> </li> </ul>	
--	-----	--	--

	<p>statutory amount or WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per occurrence for employers' liability;</p> <p>(ii) Comprehensive Commercial General Liability (including personal injury &amp; property damage, premises/operations, independent contractor, contractual liability and completed operations/products) with a bodily injury/property damage combined single limit not less than WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per occurrence and WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) aggregate;</p> <p>(iii) Automobile Coverage (including owned, leased, hired, and non-owned vehicles) with a bodily injury/property damage combined single limit not less than WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per occurrence; and</p> <p>(iv) Professional Malpractice Liability with a limit of not less than WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per claim.</p> <p>(e) The following information applicable to each type of insurance coverage:</p> <p>(i) Coverage Description,</p> <p>(ii) Exceptions and Exclusions,</p> <p>(iii) Policy Effective Date,</p> <p>(iv) Policy Expiration Date, and</p> <p>(v) Limit(s) of Liability.</p>	
--	---	--

**Option: Audited Financial Statements.**

Add the following row to the RFQ Attachment A table (after the model items) ONLY IF the anticipated contract amount is ≥ \$1,000,000.00 AND extraordinary effort to assure Respondent financial stability/responsibility is appropriate.

	<p><b>A.#</b> Provide the Respondent's most recent independent audited financial statements. Said independent audited financial statements <u>must</u>:</p> <p>(1) reflect an audit period for a fiscal year ended within the last 36 months</p> <p>(2) be prepared with all monetary amounts detailed in United States currency;</p> <p>(3) be prepared under United States Generally Accepted Accounting Principles (US GAAP);</p> <p>(4) include: the auditor's opinion letter; financial statements; and the notes to the financial statements; and</p> <p>(5) be deemed, in the sole discretion of the State to reflect sufficient financial stability to undertake the subject agreement with the State.</p> <p>NOTES:</p> <ul style="list-style-type: none"> <li>▪ Reviewed or Compiled Financial Statements will not be deemed responsive to this requirement and will <u>not</u> be accepted.</li> <li>▪ All persons, agencies, firms, or other entities that provide opinions regarding the Respondent's financial status <u>must</u> be properly licensed to render such opinions. The State may require the Respondent to submit proof of such licensure</li> </ul>	
--	---	--

		detailing the state of licensure and licensure number for each person or entity that renders the opinions.	
--	--	--	--

**Option: Audited Financial Statements – Line of Credit Option.**

Privately held companies may not have or be willing to release audited financial statements for public review. Therefore, requiring audited financial statements (as detailed above) without an alternative to the requirement could conceptually prevent privately held companies from responding to the RFQ.

The contracting agency should consider the possible impact of the requirement on competition versus the state’s need to reasonably determine the financial stability/responsibility of respondents and decide whether it is appropriate to include an alternative to the requirement.

Insert the following paragraph before the “NOTES” in the optional audited financial statements requirement text (above) if appropriate.

**OR**, in lieu of the aforementioned independent audited financial statements, provide a financial institution’s letter of commitment for a general Line of Credit in the amount of **WRITTEN AMOUNT ≥ ONE MILLION DOLLARS (\$NUMBER AMOUNT)**, U.S. currency, available to the Respondent. Said letter must specify the Respondent’s name, be signed and dated within the past three (3) months by an authorized agent of the financial institution, and indicate that the Line of Credit shall be available for at least **PERIOD ≥ 6 MONTHS**.

**Option: Audited Financial Statements – Additional Requirement.**

Add the following sentence at the end of the second bulleted note in the optional audited financial statements requirement text **ONLY IF** the contracting agency legal counsel recommends it in writing.

Any attest or review of the financial status of a Tennessee corporation must be rendered by an accountant or accounting firm licensed or otherwise specifically permitted to provide an attest or review by the Tennessee Board of Accountancy.

**Option: Proposal Bond Confirmation.**

Add the following row to the RFQ Attachment A table **ONLY IF** a Proposal Bond is required by the Chief Procurement Officer. All proposal bond amounts shall be stated as a set amount or as a percentage of the contract value. In no event shall the proposal bond amount exceed five percent (5%) of the estimated value of the contract.

	<b>A.#</b>	Provide a proposal bond issued by a surety company licensed to do business in the State of Tennessee in the amount of \$____.	
--	------------	---	--

**Contingent Requirement: Performance Bond Confirmation.**

Add the following row to the RFQ Attachment A table **ONLY IF** a Performance Bond is proposed.

	<b>A.#</b>	Provide a statement confirming that, if awarded a contract pursuant to this RFQ, the Respondent shall deliver a Performance Bond to the State in accordance with the requirements of this RFQ. The statement must be signed by an individual with legal authority to bind the proposing entity to the provisions of this RFQ and any contract awarded pursuant to it.	
--	------------	---	--

**Option: Additional Mandatory Requirements.**

Typically, each mandatory requirement item must be drafted such that an objective “yes/no” determination of whether the requirement was met is reasonable and adequate (clearly not necessitating a qualitative evaluation of the response).

Contracting agency staff may be asked to provide evidence that a proposed mandatory requirement is not inappropriately arbitrary or capricious (e.g., (1) information from an independent, authoritative source indicating that the proposed criteria is a reasonable standard; and (2) a recommendation signed by the contracting agency legal counsel explaining why the proposed requirement is not arbitrary or capricious).

Add mandatory requirement items to the RFQ Attachment A table (after the model items) as appropriate. Do not include a mandatory requirement that entails a response that should or must be more subjectively evaluated. Do not include an arbitrary mandatory requirement.

**ATTACHMENT B: TECHNICAL RESPONSE & EVALUATION GUIDE**

**General Qualifications & Experience**

The entire set of General Qualifications & Experience items detailed in the model for this section **MUST** be evaluated together as indicated.

RFQ Attachment B and the methodology for evaluating responses may **NOT** be revised except to add new evaluation items.

**B.17. References**

**Option: Revised Reference Requirements.**

Do not assume automatic approval of any revision of the model text.

Revise the number of required references as appropriate. Revise the model text, as appropriate, to detail an alternate process for obtaining and evaluating references. Any such revision must be exactly detailed and clearly uniform in application with all respondents.

**Option: Red-Line *pro forma* contract submittal.**

Add the following row to the RFQ Attachment B table **ONLY** if it would benefit the State to be amenable to making changes to the *pro forma* contract.

	B.#.	<p>The State is amenable to making changes to RFQ Attachment G, <i>pro forma</i> contract. The State will take all reasonable suggested alternative or supplemental contract language changes by Respondents under advisement during the evaluation and post award processes, subject to any mandates or restrictions imposed on the State by applicable state or federal law. The State, however, recommends that Respondents include with their response any alternative or supplemental suggested contract language that a Respondent would propose.</p> <p>Clearly indicate, by providing a “red-line” of RFQ Attachment G, <i>pro forma</i> contract, all suggested alternative or supplemental contract language. Do <b>not</b> include any exceptions or changes that (1) contradict a Federal requirement or a Mandatory Requirement, or (2) push back any deadlines.</p>	
--	------	---	--

**ATTACHMENT C: TECHNICAL RESPONSE & EVALUATION GUIDE**

**Technical Qualifications, Experience & Approach**

The sum of all Evaluation Factors within the section should equal “100” (or “1,000”) so that the relative percentage of importance/ emphasis is readily apparent.

Assign Evaluation Factors such that the Point Scale Score for the evaluation factors will be weighted to reflect the relative importance of the item to the other evaluation factors within the section.

If all evaluation factors in the section are to be considered (weighted) equally, specify "1" as the Evaluation Factor for every factor.

**Option: Additional Technical Qualifications, Experience & Approach Items.** Add evaluation items to the RFQ Attachment C table so that the state has the best possible information upon which to select a Respondent for contract award.

**Option: Oral Presentations as part of Technical Response & Evaluation Guide**

Oral Presentations may NOT include "general" questions and answers. All questions must either be scripted questions asked by state staff or subject matter experts in every response presentation or a specific question in exact follow-up to particular information presented by the respondent in response to one or more of the Oral Presentation items.

**Option: Cost Proposals**

**ATTACHMENT D: COST PROPOSAL & EVALUATION GUIDE ATTACHMENT**

Each line item on which the State is seeking costs must clearly specify the associated, applicable units of goods or services. While the line item of cost description should stipulate the applicable units of goods or services, it should also be specified within each blank cost cell. Examples: \$ \_\_\_ / hour, or \$ \_\_\_ / each, etc.

The Cost Proposal format should not require calculations by Respondents.

The Cost Proposal & Evaluation Guide (and the associated *pro forma* contract payment methodology) must be drafted so that NO Respondent is able to propose cost in such a manner that the Evaluation Cost Amount would equal zero. This is critical if the cost response evaluation formula is to mathematically result in rational numbers as cost response scores. (In some instances, it might be necessary to require a minimum proposed amount for one or more line item of costs.)

**NOTICE: THIS COST PROPOSAL MUST BE COMPLETED EXACTLY AS REQUIRED**

**COST PROPOSAL SCHEDULE**— The Cost Proposal, detailed below, shall indicate the proposed price for the delivery of specified goods [or the entire scope of services including all services defined in the Scope of Services of the RFQ Attachment G, *pro forma* Contract and for the entire contract period. The Cost Proposal shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract resulting from this RFQ. ADD ADDITIONAL REQUIREMENTS FOR COMPLETING PROPOSED COST AS APPLICABLE (I.E., MINIMUM AMOUNT, "BLANK" CELLS, ETC.)

**NOTICE:** The Evaluation Factor associated with each line item of cost is for evaluation purposes only. The evaluation factors do NOT and should NOT be construed as any type of volume guarantee or minimum purchase quantity. The evaluation factors shall NOT create rights, interests, or claims of entitlement in the Respondent.

Notwithstanding the line item of costs herein, pursuant to the second paragraph of the *pro forma* contract section C.1. (refer to RFQ Attachment G), "The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract."

**EVALUATION FACTORS** — A factor associated with each line item of cost is used to foster reasonable, competitive price offers for each line item of costs and to prevent Respondents from offering prices with the intent of “gaming” the evaluation model and not resulting in the best actual cost to the state. The use of Evaluation Factors should also result in a more appropriate consideration of each line item of cost in terms of its relative impact upon the total cost to the state under the proposed contract. Typically, all Evaluation Factors must be based upon:

- historical data relating to the number of the associated goods or services units previously bought by the state for a comparable period; OR
- the procuring state agency’s reasoned projection of the actual number of each line item of cost units that the state will buy under the new contract during the entire contract period (with all options, if any, to extend the contract exercised).

(If one or more milestone or other lump sum type payment amounts are included in the mix of line item of costs, the logical Evaluation Factor for each milestone or lump sum line item of cost should typically be “1” since each payment amount would be remitted only one time.)

**Option: Cost Proposal Format Default – ONE Payment Rate Per Line item of cost (static or CPI-escalated).**

Use the default Cost Proposal schedule if the Respondents must offer only one rate per all goods or services for the entire contract period (with or without rate escalation provisions are detailed in the *pro forma* contract).

**Option: Cost Proposal Format – Unit or Temporal Rate Payments (proposed by period).**

**Option: Cost Proposal Format – NO Evaluation Factors Column contract**

In those instances where the relative importance of ALL line item of costs is equal (for example, if payments will be only based on milestone/ lump sum type payments in which the sum of all of the line item of costs would equal the anticipated cost of the contract), all Evaluation Factors would equal “1.” Inasmuch, it would be acceptable to draft the Cost Proposal format without the preamble notice relating to Evaluation Factors as well as without the Evaluation Factor column or the Sum and Evaluation Factor columns.

**Option: Cost Proposal & Evaluation Guide.**

Revise the Cost Proposal & Evaluation Guide detailed in the model, as appropriate, to direct respondents to complete a protected spreadsheet (“protected” so that respondents may only insert proposed cost as required) provided by the state along with the RFQ in lieu of completing the Cost Proposal table illustrated in the guide.

**ATTACHMENT E: STATEMENT OF CERTIFICATIONS & ASSURANCES**

**Option: Alternate Language if Red-Line Allowed**

Modify Item 3 as follows if Red-Line *pro forma* contract submittal was permitted in RFQ Attachment B.

The Respondent accepts and agrees to all terms and conditions, except changes as set forth in the response (refer to RFQ Attachment B, Item B#NUMBER), set out in the RFQ Attachment G, *pro forma* Contract.

**Option: Alternate Language if Red-Line Allowed**

Modify Item 9 as follows if the State will solicit Cost Proposals from Qualified Respondents.

Both the Technical Response and the Cost Proposal submitted in response to the RFQ shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract pursuant to the RFQ.

If the State waives variances in a response, such waiver shall not modify the RFQ requirements or excuse the Respondent from full compliance with such, and the State may hold any resulting vendor to strict compliance with this RFQ.
- 4.8.3. The State will review the response evaluation record and any other available information pertinent to whether or not each respondent is responsive and responsible. If the evaluation team identifies any respondent that appears not to meet the responsive and responsible thresholds such that the team would not recommend the respondent for potential contract award, this determination will be fully documented for the record. ("Responsive" is defined as submitting a response that conforms in all material respects to the RFQ. "Responsible" is defined as having the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

**4.9. Assignment & Subcontracting**

- 4.9.1. The vendor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFQ without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.
- 4.9.2. If a Respondent intends to use subcontractors, the response to this RFQ must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFQ Attachment B, Item B.14.).
- 4.9.3. Subcontractors identified within a response to this RFQ will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.
- 4.9.4. The Contractor resulting from this RFQ may only substitute another subcontractor for a proposed subcontractor at the discretion of the State and with the State's prior, written approval.
- 4.9.5. Notwithstanding any State approval relating to subcontracts, the Contractor resulting from this RFQ will be the prime contractor and will be responsible for all work under the Contract.

**4.10. Next Ranked Respondent**

The State reserves the right to initiate negotiations with the next ranked respondent should the State cease doing business with any respondent selected via this RFQ process.

5. **PROCUREMENT PROCESS & CONTRACT AWARD**

5.1. The complete vendor selection will be a two-part process: (1) Qualification of Technical Responses; and (2) Evaluation of Cost Proposals. Any contract award is subject to successful contract negotiation.

5.2. Competitive Range of Qualification of Technical Responses: All technical responses will be short-listed to a competitive range for further evaluation, analysis or negotiation if they are apparently responsive, responsible, and within the competitive range. A Technical Response will be deemed within the competitive range based on the following criterion:

(INSERT details as to how the competitive range will be determined).

Phase I: The State will evaluate the Mandatory Requirements set forth in RFQ Attachment A on a pass/fail basis.

Phase II: Following the Phase I evaluation, the State will apply a standard equitable evaluation model, which will represent a qualitative assessment of each response. Each response will be scored by Evaluation Team members according to the Technical Response & Evaluation Guides (See RFQ Attachments B & C).

The Solicitation Coordinator will total the average score from the evaluation team for each responsive and responsible Respondent's Technical Response Points for RFQ Attachments B & C to determine which of the Respondents are considered Qualified and within the competitive range.

5.3. Cost Proposals: If included as part of this solicitation then only Qualified Respondents, that are responsive and responsible and in the competitive range, will continue onto Part Two, Cost Proposal evaluation. The Cost Proposal containing the lowest cost will receive the maximum number of points per each section. See RFQ Attachment D, Cost Proposal & Evaluation Guide.

5.4. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received; therefore, each response should contain the respondent's best terms from a technical and cost standpoint. However, the State reserves the right to conduct clarifications or negotiations with respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.

5.4.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification round(s). Each clarification sought by the State may be unique to an individual respondent.

5.4.2. Negotiations: The State may elect to negotiate with Qualified Respondents, within the competitive range, by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds

5.4.2.1. Cost Negotiations: All responsive respondents within the competitive range will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the

State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual respondent pricing. During target price negotiations, respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices.

5.3.5.4.2.2. If the State determines costs and contract finalization discussions and negotiations are not productive, the State reserves the right to bypass the apparent best evaluated Respondent and enter into contract negotiations with the next apparent best evaluated Respondent.

**SECTION C: TECHNICAL QUALIFICATIONS, EXPERIENCE & APPROACH.** The Respondent should explain its approach to providing goods or services to the State. The items listed below represent specific questions the State would request you answer in your response. For ease of review, please annotate your explanation so that it contains references to the items listed below where they are addressed. Respondent should not feel constrained to answer only the specific questions listed below in its explanation and should feel free to provide attachments if necessary in an effort to provide a more thorough response.

The Evaluation Team, made up of three (3) or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

Revise the "time zone" as appropriate.

**Option: NO Pre-Response Conference Event.**

Delete the Pre-Response Conference Event 3 from the schedule (and re-number subsequent events accordingly) as appropriate.

### 3. RESPONSE REQUIREMENTS

#### 3.3. Response Format

The RFQ should require that respondents submit enough Technical Response copy discs to allow one copy for each Evaluation Team member. Revise §3.3.2.1. accordingly.

##### Option: Additional Delivery Instructions.

Revise subsections, if necessary, to provide for additional instructions for labeling and submitting the Technical Response and Cost Proposal.

#### 3.4. Response Prohibitions

##### Option: Page Limitation

Add the following instruction to limit the Technical Response to a certain number of pages as appropriate.

3.4.#. Exceed \_\_\_\_\_ pages in length (maps, graphs, and charts included as an appendix will not count against this page limit)

##### Option: Time Limitation

Add the following instruction to prohibit a respondent oral presentation from exceeding certain length of time as appropriate.

3.4.#. Provide an oral presentation to exceed \_\_\_ hours in length including time for questions. A topic outline will be provided with the oral presentation invitation.

### 4. GENERAL INFORMATION & REQUIREMENTS

#### 4.5. Disclosure of Response Contents

##### Option: Additional Disclosure Information.

Add the following to the end of subsection 4.5. if it is deemed necessary and it is approved by the contracting agency and the Central Procurement Office.

The State agrees to protect, to the fullest extent permitted by state law, the confidentiality of information expressly identified by the Respondent as confidential and proprietary, including information that would allow a person to obtain unauthorized access to confidential information or to electronic information processing systems owned by or licensed to the State.

### 5. PROCUREMENT PROCESS & CONTRACT AWARD

#### 5.1. Option: Cost Proposals & RFQ Negotiations

Replace RFQ § 5.1.1. with the following if negotiations will be included in the evaluation process.

The vendor selection will be a two-part process: (1) Qualification of Technical Responses, and (2) Cost Proposals/Negotiations.

**5.2. Competitive Range of Technical Responses**

The RFQ should specify what the competitive range will be for your particular RFQ. Add details describing what selection criteria will be utilized to determine the competitive range/what the respondent must do to be considered "Qualified".

**Option: Ranking**

The Technical Response must be ranked in the top \_\_\_\_ [insert number (#) ≥ 3] after the Technical Response score is totaled and put in ordinal ranking (1 - the best evaluated ranking).

**Option: Percentile**

The Technical Response score must attain a combined score of \_\_\_\_ [insert number]. This minimum score threshold represents a score of \_\_\_\_%.

**Option: Respondent Oral Presentations**

Add the following to the Phase II paragraph if oral presentations will be included in the evaluation process.

The State may invite those who passed the Phase I evaluation to give oral presentations to the State. The qualitative assessment of each Respondent will include the information derived from the oral presentations.

**5.5. Option: Cost Proposals**

Add the following to RFQ § 5.5., Evaluation Guide, if the State will solicit a Cost Proposal from Qualified Respondents.

Evaluation Category	Maximum Points Possible
Cost Proposal (refer to RFQ Attachment D)	NUMBER ≥ 30% of TOTAL POINTS

**5.6. Contract Award**

The RFQ should specify how anticipated contract award will occur for the particular RFQ. Revise as appropriate, subject to approvals.

**Option: Contract Award**

Add the following as RFQ § 5.6., Contract Award, if the State will solicit a Cost Proposal from Qualified Respondents, which will result in a contract award.

- 5.6.1. The Solicitation Coordinator will submit the Evaluation Team determinations and response scores to the head of the contracting agency, or the agency head's designee, for consideration along with any other relevant information that might be available and pertinent to contract award.
- 5.6.2. The contracting agency head, or the agency head's designee, will determine the apparent best-evaluated response. (To effect a contract award to a Respondent other than the one receiving the highest evaluation score, the head of the contracting agency must

- provide written justification and obtain written approval of the Chief Procurement Officer and the Comptroller of the Treasury.)
- 5.6.3. The State reserves the right to make an award without further discussion of any response.
  - 5.6.4. The State will issue an Evaluation Notice and make the RFQ files available for public inspection at the time and date specified in the RFQ §2, Schedule of Events.

**NOTICE:** The Evaluation Notice shall not create rights, interests, or claims of entitlement in either the Respondent identified as the apparent best evaluated or any other Respondent.

- 5.6.5. The Respondent identified as offering the apparent best-evaluated must sign a contract drawn by the State pursuant to this RFQ. The contract shall be substantially the same as the RFQ Attachment G, *pro forma* contract. The Respondent must sign said contract no later than the Respondent Contract Signature Deadline detailed in RFQ § 2, Schedule of Events. If the Respondent fails to provide the signed contract by the deadline, the State may determine the Respondent is non-responsive to this RFQ and reject the response.
- 5.6.6. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State’s best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of response evaluation or negatively impact the competitive nature of the RFQ and vendor selection process.
- 5.6.7. If the State determines that a response is nonresponsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.

**ATTACHMENT A: TECHNICAL RESPONSE & EVALUATION GUIDE**

**Option: Page Limitation.**

Add the following row to the RFQ Attachment A table (in the grayed out top area) if a page limitation was included in RFQ § 3.4., Response Prohibitions.

		The Technical Response must not exceed _____ pages in length;	
--	--	---	--

**Option: Cash Flow Information.**

Add the following row to the RFQ Attachment A table (after the model items) if the contracting agency chooses to review the evidence of Respondent’s financial stability/responsibility.

	<b>A.#</b>	Provide documentation disclosing the amount of cash flows from operating activities for the Respondent’s most current operating period. Said documentation must indicate whether the cash flows are positive or negative, and, if the cash flows are negative for the most recent operating period, the documentation must include a detailed explanation of the factors contributing to the negative	
--	------------	---	--

	<p>cash flows.</p> <p>NOTICE: All persons, agencies, firms, or other entities that provide opinions regarding the Respondent's financial status <u>must</u> be properly licensed to render such opinions. The State may require the Respondent to submit proof of such licensure detailing the state of licensure and licensure number for each person or entity that renders the opinions.</p>	
--	---	--

**Option: Certificate of Insurance.**

Add the following row to the RFQ Attachment A table (after the model items) ONLY IF a Certificate of Insurance is considered necessary evidence of Respondent's financial stability/responsibility. (Specifying insurance requirements in the *pro forma* contract does not necessitate adding this optional response requirement.)

Add, delete, or revise subsections detailing insurance coverage requirements as appropriate. (If this response requirement item is added to the RFQ, the appropriate Insurance provision must be detailed in the *pro forma* contract, and the insurance coverage requirements specified in both the RFQ and the *pro forma* contract must agree.)

	<p><b>A.#</b> Provide a valid, Certificate of Insurance that is verified and dated within the last six (6) months and which details <u>all</u> of the following:</p> <ul style="list-style-type: none"> <li>(a) Insurance Company</li> <li>(b) Respondent's Name and Address as the Insured</li> <li>(c) Policy Number</li> <li>(d) The following minimum insurance coverage: <ul style="list-style-type: none"> <li>(i) Workers' Compensation/ Employers' Liability (including all states coverage) with a limit not less than the relevant statutory amount or WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per occurrence for employers' liability;</li> <li>(ii) Comprehensive Commercial General Liability (including personal injury &amp; property damage, premises/operations, independent contractor, contractual liability and completed operations/products) with a bodily injury/property damage combined single limit not less than WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per occurrence and WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) aggregate;</li> <li>(iii) Automobile Coverage (including owned, leased, hired, and non-owned vehicles) with a bodily injury/property damage combined single limit not less than WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per occurrence; and</li> <li>(iv) Professional Malpractice Liability with a limit of not less than WRITTEN AMOUNT Dollars (\$NUMBER AMOUNT) per claim.</li> </ul> </li> <li>(e) The following information applicable to each type of insurance coverage: <ul style="list-style-type: none"> <li>(i) Coverage Description,</li> <li>(ii) Exceptions and Exclusions,</li> <li>(iii) Policy Effective Date,</li> <li>(iv) Policy Expiration Date, and</li> <li>(v) Limit(s) of Liability.</li> </ul> </li> </ul>	
--	--	--

**Option: Audited Financial Statements.**

Add the following row to the RFQ Attachment A table (after the model items) ONLY IF the anticipated contract amount is  $\geq$  \$1,000,000.00 AND extraordinary effort to assure Respondent financial stability/responsibility is appropriate.

<b>A.#</b>	<p>Provide the Respondent’s most recent independent audited financial statements. Said independent audited financial statements <u>must</u>:</p> <ol style="list-style-type: none"> <li>(1) reflect an audit period for a fiscal year ended within the last 36 months</li> <li>(2) be prepared with all monetary amounts detailed in United States currency;</li> <li>(3) be prepared under United States Generally Accepted Accounting Principles (US GAAP);</li> <li>(4) include: the auditor’s opinion letter; financial statements; and the notes to the financial statements; and</li> <li>(5) be deemed, in the sole discretion of the State to reflect sufficient financial stability to undertake the subject agreement with the State.</li> </ol> <p>NOTES:</p> <ul style="list-style-type: none"> <li>▪ Reviewed or Compiled Financial Statements will not be deemed responsive to this requirement and will <u>not</u> be accepted.</li> <li>▪ All persons, agencies, firms, or other entities that provide opinions regarding the Respondent’s financial status <u>must</u> be properly licensed to render such opinions. The State may require the Respondent to submit proof of such licensure detailing the state of licensure and licensure number for each person or entity that renders the opinions.</li> </ul>	
------------	--	--

**Option: Audited Financial Statements – Line of Credit Option.**

Privately held companies may not have or be willing to release audited financial statements for public review. Therefore, requiring audited financial statements (as detailed above) without an alternative to the requirement could conceptually prevent privately held companies from responding to the RFQ.

The contracting agency should consider the possible impact of the requirement on competition versus the state’s need to reasonably determine the financial stability/responsibility of respondents and decide whether it is appropriate to include an alternative to the requirement.

Insert the following paragraph before the “NOTES” in the optional audited financial statements requirement text (above) if appropriate.

**OR**, in lieu of the aforementioned independent audited financial statements, provide a financial institution’s letter of commitment for a general Line of Credit in the amount of **WRITTEN AMOUNT  $\geq$  ONE MILLION DOLLARS (\$NUMBER AMOUNT)**, U.S. currency, available to the Respondent. Said letter must specify the Respondent’s name, be signed and dated within the past three (3) months by an authorized agent of the financial institution, and indicate that the Line of Credit shall be available for at least **PERIOD  $\geq$  6 MONTHS**.

**Option: Audited Financial Statements – Additional Requirement.**

Add the following sentence at the end of the second bulleted note in the optional audited financial statements requirement text ONLY IF the contracting agency legal counsel recommends it in writing.

Any attest or review of the financial status of a Tennessee corporation must be rendered by an

accountant or accounting firm licensed or otherwise specifically permitted to provide an attest or review by the Tennessee Board of Accountancy.

**Option: Proposal Bond Confirmation.**

Add the following row to the RFQ Attachment A table ONLY IF a Proposal Bond is required by the Chief Procurement Officer. All proposal bond amounts shall be stated as a set amount or as a percentage of the contract value. In no event shall the proposal bond amount exceed five percent (5%) of the estimated value of the contract.

	<b>A.#</b>	Provide a proposal bond issued by a surety company licensed to do business in the State of Tennessee in the amount of \$____.	
--	------------	---	--

**Contingent Requirement: Performance Bond Confirmation.**

Add the following row to the RFQ Attachment A table ONLY IF a Performance Bond is proposed.

	<b>A.#</b>	Provide a statement confirming that, if awarded a contract pursuant to this RFQ, the Respondent shall deliver a Performance Bond to the State in accordance with the requirements of this RFQ. The statement must be signed by an individual with legal authority to bind the proposing entity to the provisions of this RFQ and any contract awarded pursuant to it.	
--	------------	---	--

**Option: Additional Mandatory Requirements.**

Typically, each mandatory requirement item must be drafted such that an objective "yes/no" determination of whether the requirement was met is reasonable and adequate (clearly not necessitating a qualitative evaluation of the response).

Contracting agency staff may be asked to provide evidence that a proposed mandatory requirement is not inappropriately arbitrary or capricious (e.g., (1) information from an independent, authoritative source indicating that the proposed criteria is a reasonable standard; and (2) a recommendation signed by the contracting agency legal counsel explaining why the proposed requirement is not arbitrary or capricious).

Add mandatory requirement items to the RFQ Attachment A table (after the model items) as appropriate. Do not include a mandatory requirement that entails a response that should or must be more subjectively evaluated. Do not include an arbitrary mandatory requirement.

## ATTACHMENT B: TECHNICAL RESPONSE & EVALUATION GUIDE

### General Qualifications & Experience

The entire set of General Qualifications & Experience items detailed in the model for this section MUST be evaluated together as indicated.

RFQ Attachment B and the methodology for evaluating responses may NOT be revised except to add new evaluation items.

### B.17. References

**Option: Revised Reference Requirements.**

Do not assume automatic approval of any revision of the model text.

Revise the number of required references as appropriate. Revise the model text, as appropriate, to detail an alternate process for obtaining and evaluating references. Any such revision must be exactly detailed and clearly uniform in application with all respondents.

**Option: Red-Line *pro forma* contract submittal.**

Add the following row to the RFQ Attachment B table ONLY if it would benefit the State to be amenable to making changes to the *pro forma* contract.

	<p><b>B.#.</b> The State is amenable to making changes to RFQ Attachment G, <i>pro forma</i> contract. The State will take all reasonable suggested alternative or supplemental contract language changes by Respondents under advisement during the evaluation and post award processes, subject to any mandates or restrictions imposed on the State by applicable state or federal law. The State, however, recommends that Respondents include with their response any alternative or supplemental suggested contract language that a Respondent would propose.</p> <p>Clearly indicate, by providing a “red-line” of RFQ Attachment G, <i>pro forma</i> contract, all suggested alternative or supplemental contract language. Do <b>not</b> include any exceptions or changes that (1) contradict a Federal requirement or a Mandatory Requirement, or (2) push back any deadlines.</p>	
--	---	--

**ATTACHMENT C: TECHNICAL RESPONSE & EVALUATION GUIDE**

**Technical Qualifications, Experience & Approach**

The sum of all Evaluation Factors within the section should equal “100” (or “1,000”) so that the relative percentage of importance/ emphasis is readily apparent.

Assign Evaluation Factors such that the Point Scale Score for the evaluation factors will be weighted to reflect the relative importance of the item to the other evaluation factors within the section.

If all evaluation factors in the section are to be considered (weighted) equally, specify “1” as the Evaluation Factor for every factor.

**Option: Additional Technical Qualifications, Experience & Approach Items.** Add evaluation items to the RFQ Attachment C table so that the state has the best possible information upon which to select a Respondent for contract award.

**Option: Oral Presentations as part of Technical Response & Evaluation Guide**

Oral Presentations may NOT include “general” questions and answers. All questions must either be scripted questions asked by state staff or subject matter experts in every response presentation or a specific question in exact follow-up to particular information presented by the respondent in response to one or more of the Oral Presentation items.

**Option: Cost Proposals**

**ATTACHMENT D: COST PROPOSAL & EVALUATION GUIDE ATTACHMENT**

Each line item on which the State is seeking costs must clearly specify the associated, applicable units of goods or services. While the line item of cost description should stipulate the applicable units of goods or services, it should also be specified within each blank cost cell. Examples: \$ \_\_\_ / hour, or \$ \_\_\_ / each, etc.

The Cost Proposal format should **not** require calculations by Respondents.

The Cost Proposal & Evaluation Guide (and the associated *pro forma* contract payment methodology) **must** be drafted so that **NO** Respondent is able to propose cost in such a manner that the Evaluation Cost Amount would equal zero. This is critical if the cost response evaluation formula is to mathematically result in rational numbers as cost response scores. (In some instances, it might be necessary to require a minimum proposed amount for one or more line item of costs.)

**ATTACHMENT D**

**Cost Proposal & Evaluation Guide**  
*For Qualified Respondents Only*

**NOTICE: THIS COST PROPOSAL MUST BE COMPLETED EXACTLY AS REQUIRED**

**COST PROPOSAL SCHEDULE**— The Cost Proposal, detailed below, shall indicate the proposed price for the delivery of specified goods for the entire scope of services including all services defined in the Scope of Services of the RFQ Attachment G, *pro forma* Contract and for the entire contract period. The Cost Proposal shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract resulting from this RFQ. All monetary amounts shall be in U.S. currency and limited to two (2) places to the right of the decimal point.

ADD ADDITIONAL REQUIREMENTS FOR COMPLETING PROPOSED COST AS APPLICABLE (*I.E.*, MINIMUM AMOUNT, "BLANK" CELLS, *ETC.*)

**NOTICE:** The Evaluation Factor associated with each line item of cost is for evaluation purposes only. The evaluation factors do NOT and should NOT be construed as any type of volume guarantee or minimum purchase quantity. The evaluation factors shall NOT create rights, interests, or claims of entitlement in the Respondent.

Notwithstanding the line item of costs herein, pursuant to the second paragraph of the *pro forma* contract section C.1. (refer to RFQ Attachment G), "The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract."

This Cost Proposal must be signed, in the space below, by an individual empowered to bind the entity responding to the provisions of this RFQ and any contract awarded pursuant thereto. If said individual is not responding in an individual capacity or is the *President* or *Chief Executive Officer*, this document must attach evidence showing the individual's authority to legally bind the entity responding to this RFQ.

<i>State Use – RFQ Coordinator Signature, Printed Name &amp; Date:</i>			

**EVALUATION FACTORS** — A factor associated with each line item of cost is used to foster reasonable, competitive price offers for each line item of costs and to prevent Respondents from offering prices with the intent of “gaming” the evaluation model and not resulting in the best actual cost to the state. The use of Evaluation Factors should also result in a more appropriate consideration of each line item of cost in terms of its relative impact upon the total cost to the state under the proposed contract. Typically, all Evaluation Factors must be based upon:

- historical data relating to the number of the associated goods or services units previously bought by the state for a comparable period; OR
- the procuring state agency’s reasoned projection of the actual number of each line item of cost units that the state will buy under the new contract during the entire contract period (with all options, if any, to extend the contract exercised).

(If one or more milestone or other lump sum type payment amounts are included in the mix of line item of costs, the logical Evaluation Factor for each milestone or lump sum line item of cost should typically be “1” since each payment amount would be remitted only one time.)

**Option: Cost Proposal Format Default – ONE Payment Rate Per Line item of cost (static or CPI-escalated).**

Use the default Cost Proposal schedule if the Respondents must offer only one rate per all goods or services for the entire contract period (with or without rate escalation provisions are detailed in the *pro forma* contract).

**Option: Cost Proposal Format – Unit or Temporal Rate Payments (proposed by period).**

**Option: Cost Proposal Format – NO Evaluation Factors Column contract**

In those instances where the relative importance of ALL line item of costs is equal (for example, if payments will be only based on milestone/ lump sum type payments in which the sum of all of the line item of costs would equal the anticipated cost of the contract), all Evaluation Factors would equal “1.” Inasmuch, it would be acceptable to draft the Cost Proposal format without the preamble notice relating to Evaluation Factors as well as without the Evaluation Factor column or the Sum and Evaluation Factor columns.

**Option: Cost Proposal & Evaluation Guide.**

Revise the Cost Proposal & Evaluation Guide detailed in the model, as appropriate, to direct respondents to complete a protected spreadsheet ("protected" so that respondents may only insert proposed cost as required) provided by the state along with the RFQ in lieu of completing the Cost Proposal table illustrated in the guide.

#### **ATTACHMENT E: STATEMENT OF CERTIFICATIONS & ASSURANCES**

**Option: Alternate Language if Red-Line Allowed**

Modify Item 3 as follows if Red-Line *pro forma* contract submittal was permitted in RFQ Attachment B.

The Respondent accepts and agrees to all terms and conditions, except changes as set forth in the response (refer to RFQ Attachment B, Item B#NUMBER), set out in the RFQ Attachment G, *pro forma* Contract.

**Option: Alternate Language if Red-Line Allowed**

Modify Item 9 as follows if the State will solicit Cost Proposals from Qualified Respondents.

Both the Technical Response and the Cost Proposal submitted in response to the RFQ shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract pursuant to the RFQ.

#### **ATTACHMENT F: REFERENCE QUESTIONNAIRE**

**Option: Questionnaire Revision.**

Select one of the two different Reference Questionnaire options available below, depending on your procurement needs.

Add, delete, or revise questionnaire items as appropriate to the subject procurement so that the state has the best possible information upon which to select a Respondent for contract award.

## 5. **PROCUREMENT PROCESS & CONTRACT AWARD**

---

- 5.1. The complete vendor selection will be a two-part process: (1) Qualification of Technical Responses; and (2) Evaluation of Cost Proposals. Any contract award is subject to successful contract negotiation.
- 5.2. Qualification of Technical Responses: Technical Responses will be short-listed for further evaluation, analysis or negotiation if they are apparently responsive, responsible, and within the competitive range. A Technical Response will be deemed within the competitive range based on the following criterion:

(INSERT details as to how the competitive range will be determined).

Phase I: The State will evaluate the Mandatory Requirements set forth in RFQ Attachment A on a pass/fail basis.

Phase II: Following the Phase I evaluation, the State will apply a standard equitable evaluation model, which will represent a qualitative assessment of each response. Each response will be scored by Evaluation Team members according to the Technical Response & Evaluation Guides (See RFQ Attachments B & C).

The Solicitation Coordinator will total the average score from the evaluation team for each responsive and responsible Respondent's Technical Response Points for RFQ Attachments B & C to determine which of the Respondents are considered Qualified and within the competitive range.

- 5.3. Cost Proposals: If included as part of this solicitation then only Qualified Respondents, that are responsive and responsible and in the competitive range, will continue onto Part Two, Cost Proposal evaluation. The Cost Proposal containing the lowest cost will receive the maximum number of points per each section. See RFQ Attachment D, Cost Proposal & Evaluation Guide.
- 5.4. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received; therefore, each response should contain the respondent's best terms from a technical and cost standpoint. However, the State reserves the right to conduct clarifications or negotiations with respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.
- 5.4.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification round(s). Each clarification sought by the State may be unique to an individual respondent.
- 5.4.2. Negotiations: The State may elect to negotiate with Qualified Respondents, within the competitive range, by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds
- 5.4.2.1. Cost Negotiations: All responsive respondents within the competitive range will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the

State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual respondent pricing. During target price negotiations, respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices.

5.4.2.2. If the State determines costs and contract finalization discussions and negotiations are not productive, the State reserves the right to bypass the apparent best evaluated Respondent and enter into contract negotiations with the next apparent best evaluated Respondent.

5.5. Evaluation Guide

The State will consider qualifications, experience, technical approach, and cost (if applicable) in the evaluation of responses and award points in each of the categories detailed below. The maximum evaluation points possible for each category are detailed below.

**TECHNICAL RESPONSE & EVALUATION GUIDE**

**SECTION C: TECHNICAL QUALIFICATIONS, EXPERIENCE & APPROACH.** The Respondent should explain its approach to providing goods or services to the State. The items listed below represent specific questions the State would request you answer in your response. For ease of review, please annotate your explanation so that it contains references to the items listed below where they are addressed. Respondent should not feel constrained to answer only the specific questions listed below in its explanation and should feel free to provide attachments if necessary in an effort to provide a more thorough response.

The Evaluation Team, made up of three (3) or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

**0 = little value 1 = poor 2 = fair 3 = satisfactory 4 = good 5 = excellent**

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item's raw, weighted score for purposes of calculating the section scores as indicated.

#### **A. SCOPE OF SERVICES**

It is the responsibility of the ~~contracting~~grantor state agency to adequately draft a scope of services, and oversight examiners will rely on the ~~contracting~~grantor state agency head's signature on the ~~contract~~agreement document as certification and assurance that the proposed scope of services is clear and correct, adequate for all legal and enforcement purposes, and sufficiently detailed to ensure ~~contractor~~grantor state agency accountability and results.

Do NOT include payment terms in the scope of services.

To attach an associated grant proposal to the ~~contract~~agreement in support of a properly drafted scope of service, use the following optional section.

A.#. Incorporation of Additional Documents. Each of the following documents is included as a part of this Grant ~~Contract~~Agreement by reference or attachment. In the event of a discrepancy or ambiguity regarding the Grantee's duties, responsibilities, and performance hereunder, these

To reserve the right to extend the agreement period beyond the original period, change the designation of the paragraph under B. to B.1., and add the following section:

B.2. Term Extension. The Grantor State Agency reserves the right to extend this Agreement for an additional period or periods of time. If a term extension necessitates additional funding beyond that which was included in the original Agreement, an increase of the Grantor State Agency's maximum liability will also be effected through an amendment to this Interagency Agreement.

- C.#. Disbursement Reconciliation and Close Out. The Grantee shall submit any final invoice and a grant disbursement reconciliation report within sixty (60) calendar days of the Grant Contract Agreement end date and in form and substance acceptable to the Grantor State Agency.

The Grantee shall submit said refund with the final grant disbursement reconciliation report.
  - c. The Grantor State Agency shall not be responsible for the payment of any invoice submitted after the grant disbursement reconciliation report.   - d. The Grantee's failure to provide a final grant disbursement reconciliation report as required shall result in the Grantee being deemed ineligible for reimbursement under this Grant Contract Agreement, and the Grantee shall be required to refund any and all payments by the Grantor State Agency pursuant to this Grant Contract Agreement.
  - e. The Grantee must close out its accounting records at the end of the contract agreement period in such a way that reimbursable expenditures and revenue collections are NOT carried forward.

#### D. STANDARD TERMS AND CONDITIONS

Do NOT add terms and conditions to section D (additional, necessary terms and conditions may be added to the section E, Special Terms and Conditions).

##### Termination for Convenience

Increase the thirty (30) calendar days notice requirement as appropriate.

#### E. SPECIAL TERMS AND CONDITIONS

Wherever instructions direct legal counsel involvement, compliance will be assumed.

Add the following sections as indicated and in the order below. ~~After~~, after which, add other special terms and conditions sections as appropriate, provided that none conflict with state interests or standard contract agreement provisions.

#### Charges To Service Recipients Prohibited

Delete the section as appropriate.

#### No Equipment Acquisition

Delete the section if the grant budget provides funding for the acquisition of equipment (if so, the contingently required State Interest In Equipment section below will likely be applicable).

#### State Interest In Equipment

Add the following section if the contract agreement provides for the reimbursement of expenditures for equipment (revising the last sentence of the first paragraph as necessary to establish a lower dollar threshold for the definition of "equipment").

E.#. State Interest in Equipment. The Grantee shall take legal title to all equipment and to all motor vehicles, hereinafter referred to as "equipment," purchased totally or in part with funds provided under this Grant Contract Agreement, subject to the Grantor State Agency's equitable interest therein, to the extent of its *pro rata* share, based upon the Grantor State Agency's contribution to the purchase price. "Equipment" shall be defined as an article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds \$5,000.00.

As authorized by the provisions of the terms of the Tennessee Uniform Commercial Code — Secured Transaction, found at Title 47, Chapter 9 of the *Tennessee Code Annotated*, and the provisions of the Tennessee Motor Vehicle Title and Registration Law, found at Title 55, Chapter 1 of the *Tennessee Code Annotated*, an intent of this Grant document and the parties hereto is to create and acknowledge a security interest in favor of the Grantor State Agency in the equipment and/or motor vehicles acquired by the Grantee pursuant to the provisions of this Grant document. A further intent of this Grant document is to acknowledge and continue the security interest in favor of the Grantor State Agency in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this program's prior year Grants between the Grantor State Agency and the Grantee.

The Grantee hereto grants the Grantor State Agency a security interest in said equipment. This agreement is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the Grantor State Agency a security interest in said equipment. The Grantee agrees that the Grantor State Agency may file this Grant Contract Agreement or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the Grantor State Agency, upon the Grantor State Agency's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Contract Agreement in such form as the Grantor State Agency may require to perfect a security interest with respect to said equipment. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the Grantor State Agency may reasonably require. Without the prior written consent of the Grantor State Agency, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Contract Agreement, including the covenants to pay when due all sums secured by this Grant Contract Agreement, the

Grantor State Agency shall have the remedies of a secured party under the Uniform Commercial Code and, at the Grantor State Agency's option, may also invoke the remedies herein provided.

The Grantee agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Grant ~~Contract Agreement~~. The Grantee shall maintain a perpetual inventory system for all equipment purchased with funds provided under this Grant ~~Contract Agreement~~ and shall submit an inventory control report which must include, at a minimum, the following:

- a. Description of the equipment;
- b. Manufacturer's serial number or other identification number, when applicable;
- c. Consecutive inventory equipment tag identification;
- d. Acquisition date, cost, and check number;
- e. Fund source, State grant number, or other applicable fund source identification;
- f. Percentage of state funds applied to the purchase;
- g. Location within the Grantee's operations where the equipment is used;
- h. Condition of the property or disposition date if Grantee no longer has possession;
- i. Depreciation method, if applicable; and
- j. Monthly depreciation amount, if applicable.

The Grantee shall tag equipment with an identification number which is cross referenced to the equipment item on the inventory control report. The Grantee shall inventory equipment annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment purchased with funding through this ~~contract agreement~~ within thirty (30) days of the Grant ~~Contract Agreement~~ end date and in form and substance acceptable to the Grantor State Agency. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the Grantor State Agency, in writing, of any equipment loss describing reason(s) for the loss. Should the equipment be destroyed, lost, or stolen, the Grantee shall be responsible to the Grantor State Agency for the *pro rata* amount of the residual value at the time of loss based upon the Grantor State Agency's original contribution to the purchase price.

Upon termination of the Grant ~~Contract Agreement~~, where a further contractual relationship is not entered into, or at another time during the term of the Grant ~~Contract Agreement~~, the Grantee shall request written approval from the Grantor State Agency for any proposed disposition of equipment purchased with Grant funds. All equipment shall be disposed of in such a manner as parties may agree from among alternatives approved by Tennessee Department of General Services as appropriate and in accordance with any applicable federal laws or regulations.

#### **Confidentiality of Records**

As appropriate, add the following section or an alternative recommended by the ~~contracting agency~~ legal counsel.

- E.#. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Grantee by the Grantor State Agency or acquired by the Grantee on behalf of the Grantor State Agency shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Grantee to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards.

The Grantee's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Grantee of this Grant Contract Agreement; previously possessed by the Grantee without written obligations to the Grantor State Agency to protect it; acquired by the Grantee without written restrictions against disclosure from a third party which, to the Grantee's knowledge, is free to disclose the information; independently developed by the Grantee without the use of the Grantor State Agency's information; or, disclosed by the Grantor State Agency to others without restrictions against disclosure. 2. the contracting agency maintains documentation of a fair and impartial contractor selection in full compliance with the approved procurement methodology as indicated by the summary cover; and,

## GRANT BUDGET

ALL Grant Budgets must be type-written and mathematically correct in every aspect.

Each Grant Budget page must be numbered consecutively.

The Grant ~~Contract~~ Agreement column total must equal the maximum liability of the grant.

Line-Item funding must comply with the Expense Object Line-Item Category Definitions provided by F&A Accounts Policy 03, Appendix A (which is posted on the Internet at:

<http://www.state.tn.us/finance/act/documents/policy3.pdf>). Budget line-items and the definitions above have legal, audit, and federal funding implications, and ~~contracting~~ grantor state agency staff are solely responsible for whether appropriate line-items are funded in accordance with the scope of service and the definitions set out by F&A Accounts Policy 03.

In line-items that WILL BE FUNDED, replace the zeros ("0.00") associated with each line-item as appropriate. If a line-item will NOT be funded, leave the associated, "0.00" dollar amount.

### Grant Budget Line-Item Detail.

These instructions do NOT preclude adding Line-Item Detail (and associated requirements) for other line-items, provided that the additional detail is clear and mathematically correct.

Delete the entire Grant Budget Line-Item Detail page if NONE of the following five line-items, which requires detail, is funded: Professional Fee, Grant & Award; Interest; Depreciation; Other Non-Personnel; Capital Purchase.

For each line-item requiring detail that is funded by the budget, complete the appropriate line-item detail box.

Delete the line-item detail box for each of the line-items that is NOT funded.

Do NOT draft the Grant Budget Line-Item Detail to describe a line-item only as "contracts," "contracted services," "other," "professional services," or "miscellaneous."

### Multiple Grant Budget Periods.

If a multi-year grant is to be written such that funding is restricted on an annual basis, such must be reflected in the grant budget by means of repeated use of the model grant budget pages, numbered consecutively, detailing funding information for consecutive period of applicability. If a grant budget attachment does include multiple pages respectively applicable to consecutive periods of applicability, a "roll-up" budget page totaling all lines for all periods is NOT required. However, the sum of all totals must agree with the grant maximum liability and any other relevant ~~contract~~ agreement provisions.

### Option: Grant Budget Grantee Match Requirement

Replace the grant budget table with the table on the following page if a grantee match is required.

**PROPOSED CHANGES TO:**

- **INTERAGENCY AGREEMENT –  
GRANT TEMPLATE**

**CLEAN VERSION**

## INTERAGENCY AGREEMENT – GRANT MODEL

This model provides format and content for drafting a cost-reimbursement grant agreement between two TN state agencies, neither of which has the legal capacity to contract or sue and be sued. (This model is optional with respect to the University of Tennessee and Board of Regents colleges and universities). All agreements must comply with the requirements of Central Procurement Policy Number 2013-007, Grant Management and Subrecipient Monitoring Policy and Procedures and with the Office of Management and Budget (OMB) Circular A-133, as applicable.

Complete form fields and follow, replace, or otherwise address red instructional text (e.g., State Agency Name, amount, will/will not) as indicated and with conforming font and color.

### GRANT AGREEMENT COVER SHEET

Complete the Grant Agreement Cover Sheet fields as indicated within the model and the following field directions.

**Agency Tracking #** unique tracking number comprised of: 5-digit business unit # + unique, 5-digit #  
example: 31707-12345

**Funding** amounts by fiscal year and funding source with row and column totals;  
agreement maximum liability MUST equal the sum of the TOTAL Amount column (i.e., the grand total amount for all fiscal years & all sources of funding)

**A Grant Agreement Cover Sheet properly completed and in accordance the model is required for every copy of the agreement document.**

### PREAMBLE

Add additional information only if necessary.

#### A. SCOPE OF SERVICES

It is the responsibility of the grantor state agency to adequately draft a scope of services, and oversight examiners will rely on the grantor state agency head's signature on the agreement document as certification and assurance that the proposed scope of services is clear and correct, adequate for all legal and enforcement purposes, and sufficiently detailed to ensure grantor state agency accountability and results.

Do NOT include payment terms in the scope of services.

Draft the scope of services to clearly, specifically, and definitively detail duties, responsibilities, and associated performance requirements and describe, in detail, the service and deliverable requirements and all related specifications.

#### Option: Grant Proposal Attachment

It is NOT acceptable to attach the associated grant proposal to the grant in lieu of a properly drafted scope of services. Proposals for funding are NOT adequately definitive to stand alone as the description of grantor state agency duties and responsibilities or performance requirements.

To attach an associated grant proposal to the agreement in support of a properly drafted scope of service, use the following optional section.

A.#. Incorporation of Additional Documents. Each of the following documents is included as a part of this Grant Agreement by reference or attachment. In the event of a discrepancy or ambiguity regarding the Grantee's duties, responsibilities, and performance hereunder, these items shall govern in order of precedence below.

- a. this Grant Agreement document with any attachments or exhibits (excluding the items listed at subsections b. and c., below);
- b. the State grant proposal solicitation as may be amended, if any;

- c. the Grantee's proposal (Attachment Reference) incorporated to elaborate supplementary scope of services specifications.

**B. AGREEMENT PERIOD**

**Do NOT route an agreement for approval after the agreement period begin date.**

Draft the agreement with an appropriate, definitive, and complete agreement period not to exceed the five (5) year maximum permitted by Central Procurement Office rules.

**Option: Term Extension**

To reserve the right to extend the agreement period beyond the original period, change the designation of the paragraph under B. to B.1., and add the following section:

- B.2. Term Extension. The Grantor State Agency reserves the right to extend this Agreement for an additional period or periods of time. If a term extension necessitates additional funding beyond that which was included in the original Agreement, an increase of the Grantor State Agency's maximum liability will also be effected through an amendment to this Interagency Agreement.

**C. PAYMENT TERMS AND CONDITIONS**

Revise Payment Terms and Conditions sections only as provided in the instructions.

**Payment Methodology**

Subject to approval consideration on a case-by-case basis considering the amount of the advance payment, the scope of service, and the grantee, options below permit partial, periodic, and advance payments. Generally, a provision for an advance payment will only be approved in a grant with a government or non-profit entity.

The Comptroller's Compliance Office requires written justification for an advance payment provision of any type.

**Option: Partial Advance Payment**

To effect a partial advance payment, replace the section with the following.

- C.3. Payment Methodology. The Grantee shall be reimbursed for actual, reasonable, and necessary costs based upon the Grant Budget, not to exceed the maximum liability established in section C.1. The amount of Written Dollar Amount (\$Number) shall be paid to the Grantee in advance upon approval of this Grant Agreement. Then, upon progress toward the completion of the work, as described in section A of this Grant Agreement, the Grantee shall submit invoices for payment prior to any additional reimbursement of allowable costs. The total of all payments to the Grantee shall not exceed the maximum liability of this Grant Agreement.

**Option: Periodic Advance Payment**

To effect periodic advance payments, (1) Replace the section with the following.

- C.3. Payment Methodology. The Grantee shall be reimbursed for actual, reasonable, and necessary costs based upon the Grant Budget, not to exceed the maximum liability established in section C.1. The amount of Written Dollar Amount (\$Number) shall be paid to the Grantee in advance upon approval of this Grant Agreement and on Date(s) on which the Grantor State Agency will make advance payment(s). The total of said payments shall not exceed the maximum liability of this Grant Agreement.

- (2) Replace the first paragraph of the Disbursement Reconciliation and Close Out section with the following (which may be further revised to require more frequent grant disbursement reconciliation reports).

C.#. Disbursement Reconciliation and Close Out. The Grantee shall submit a grant disbursement reconciliation report within sixty (60) calendar days of the Grant Agreement end date and in form and substance acceptable to the Grantor State Agency (and include, as applicable, documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations").

**Option: Total Advance Payment**

To effect a total advance payment: (1) Replace the section with the following.

C.3. Payment Methodology. The Grantee shall be reimbursed for actual, reasonable, and necessary costs based upon the Grant Budget, not to exceed the maximum liability established in section C.1. Payment to the Grantee shall be a lump sum made in advance upon approval of this Grant Agreement.

- (2) Replace the first paragraph of the Disbursement Reconciliation and Close Out section with the following.

C.#. Disbursement Reconciliation and Close Out. The Grantee shall submit a grant disbursement reconciliation report within sixty (60) calendar days of the Grant Agreement end date and in form and substance acceptable to the State (and include, as applicable, documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations").

**Budget Line-Items**

The *Budget Line-Items* provision should **NOT** be amended after agreement approval.

Revise line-item variance amount as appropriate and up to the maximum of twenty percent (20%).

**Option: NO Line-Item Variance**

Replace the section with the following alternative as appropriate.

C.5. Budget Line-items. Expenditures, reimbursements, and payments under this Grant Agreement shall adhere to the Grant Budget. Reimbursable expenditures may NOT vary from the Grant Budget line-item amount(s) detailed. The Grant Budget is incorporated herein as though set forth verbatim.

**Disbursement Reconciliation and Close Out**

Revise the 1st paragraph of the section, as necessary, to require additional grant disbursement reconciliation reports.

**Option: Grantee Match Requirement**

If the Grant Budget details a grantee match requirement (in which the maximum total amount reimbursable by the state under the grant will be reduced by the amount of any Grantee failure to meet the match requirement), replace the section with the following (revising the maximum number of days to no less than 30).

C.#. Disbursement Reconciliation and Close Out. The Grantee shall submit any final invoice and a grant disbursement reconciliation report within sixty (60) calendar days of the Grant Agreement end date and in form and substance acceptable to the Grantor State Agency.

- a. The Grant Budget specifies a Grantee Match Requirement and the final grant

disbursement reconciliation report shall detail all Grantee expenditures recorded to meet said requirement.

- i. No Grantee expenditure shall be recorded and reported toward meeting a Grantee Match Requirement of more than one grant agreement with the state of Tennessee.
  - ii. The final grant disbursement reconciliation report shall specifically detail the exact amount of any Grantee failure to meet a Match Requirement, and the maximum total amount reimbursable by the Grantor State Agency pursuant to this Grant Agreement, as detailed by the Grant Budget column "Grant Agreement," shall be reduced by the amount that the Grantee failed to contribute to the Total Project as budgeted.
- b. If total disbursements by the Grantor State Agency pursuant to this Grant Agreement exceed the amounts permitted by the section C, payment terms and conditions of this Grant Agreement (including any adjustment pursuant to subsection a.ii. above), the Grantee shall refund the difference to the Grantor State Agency. The Grantee shall submit said refund with the final grant disbursement reconciliation report.
  - c. The Grantor State Agency shall not be responsible for the payment of any invoice submitted after the grant disbursement reconciliation report. The Grantor State Agency will not deem any Grantee costs submitted for reimbursement after the grant disbursement reconciliation report to be allowable and reimbursable by the Grantor State Agency, and such invoices will NOT be paid.
  - d. The Grantee's failure to provide a final grant disbursement reconciliation report as required shall result in the Grantee being deemed ineligible for reimbursement under this Grant Agreement, and the Grantee shall be required to refund any and all payments by the Grantor State Agency pursuant to this Grant Agreement.
  - e. The Grantee must close out its accounting records at the end of the agreement period in such a way that reimbursable expenditures and revenue collections are NOT carried forward.

#### **D. STANDARD TERMS AND CONDITIONS**

Do NOT add terms and conditions to section D (additional, necessary terms and conditions may be added to the section E, Special Terms and Conditions).

##### **Termination for Convenience**

Increase the thirty (30) calendar days notice requirement as appropriate.

#### **E. SPECIAL TERMS AND CONDITIONS**

Wherever instructions direct legal counsel involvement, compliance will be assumed.

Add the following sections as indicated and in the order below, after which, add other special terms and conditions sections as appropriate, provided that none conflict with state interests or standard agreement provisions.

##### **Charges To Service Recipients Prohibited**

Delete the section as appropriate.

##### **No Equipment Acquisition**

Delete the section if the grant budget provides funding for the acquisition of equipment (if so, the contingently required State Interest In Equipment section below will likely be applicable).

#### State Interest In Equipment

Add the following section if the agreement provides for the reimbursement of expenditures for equipment (revising the last sentence of the first paragraph as necessary to establish a lower dollar threshold for the definition of "equipment").

E.#. State Interest in Equipment. The Grantee shall take legal title to all equipment and to all motor vehicles, hereinafter referred to as "equipment," purchased totally or in part with funds provided under this Grant Agreement, subject to the Grantor State Agency's equitable interest therein, to the extent of its *pro rata* share, based upon the Grantor State Agency's contribution to the purchase price. "Equipment" shall be defined as an article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds \$5,000.00.

As authorized by the provisions of the terms of the Tennessee Uniform Commercial Code — Secured Transaction, found at Title 47, Chapter 9 of the *Tennessee Code Annotated*, and the provisions of the Tennessee Motor Vehicle Title and Registration Law, found at Title 55, Chapter 1 of the *Tennessee Code Annotated*, an intent of this Grant document and the parties hereto is to create and acknowledge a security interest in favor of the Grantor State Agency in the equipment and/or motor vehicles acquired by the Grantee pursuant to the provisions of this Grant document. A further intent of this Grant document is to acknowledge and continue the security interest in favor of the Grantor State Agency in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this program's prior year Grants between the Grantor State Agency and the Grantee.

The Grantee hereto grants the Grantor State Agency a security interest in said equipment. This agreement is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the Grantor State Agency a security interest in said equipment. The Grantee agrees that the Grantor State Agency may file this Grant Agreement or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the Grantor State Agency, upon the Grantor State Agency's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Agreement in such form as the Grantor State Agency may require to perfect a security interest with respect to said equipment. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the Grantor State Agency may reasonably require. Without the prior written consent of the Grantor State Agency, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Agreement, including the covenants to pay when due all sums secured by this Grant Agreement, the Grantor State Agency shall have the remedies of a secured party under the Uniform Commercial Code and, at the Grantor State Agency's option, may also invoke the remedies herein provided.

The Grantee agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Grant Agreement. The Grantee shall maintain a perpetual inventory system for all equipment purchased with funds provided under this Grant Agreement and shall submit an inventory control report which must include, at a minimum, the following:

- a. Description of the equipment;

- b. Manufacturer's serial number or other identification number, when applicable;
- c. Consecutive inventory equipment tag identification;
- d. Acquisition date, cost, and check number;
- e. Fund source, State grant number, or other applicable fund source identification;
- f. Percentage of state funds applied to the purchase;
- g. Location within the Grantee's operations where the equipment is used;
- h. Condition of the property or disposition date if Grantee no longer has possession;
- i. Depreciation method, if applicable; and
- j. Monthly depreciation amount, if applicable.

The Grantee shall tag equipment with an identification number which is cross referenced to the equipment item on the inventory control report. The Grantee shall inventory equipment annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment purchased with funding through this agreement within thirty (30) days of the Grant Agreement end date and in form and substance acceptable to the Grantor State Agency. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the Grantor State Agency, in writing, of any equipment loss describing reason(s) for the loss. Should the equipment be destroyed, lost, or stolen, the Grantee shall be responsible to the Grantor State Agency for the *pro rata* amount of the residual value at the time of loss based upon the Grantor State Agency's original contribution to the purchase price.

Upon termination of the Grant Agreement, where a further contractual relationship is not entered into, or at another time during the term of the Grant Agreement, the Grantee shall request written approval from the Grantor State Agency for any proposed disposition of equipment purchased with Grant funds. All equipment shall be disposed of in such a manner as parties may agree from among alternatives approved by Tennessee Department of General Services as appropriate and in accordance with any applicable federal laws or regulations.

#### **Confidentiality of Records**

As appropriate, add the following section or an alternative recommended by agency legal counsel.

E.#. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Grantee by the Grantor State Agency or acquired by the Grantee on behalf of the Grantor State Agency shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Grantee to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards.

The Grantee's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Grantee of this Grant Agreement; previously possessed by the Grantee without written obligations to the Grantor State Agency to protect it; acquired by the Grantee without written restrictions against disclosure from a third party which, to the Grantee's knowledge, is free to disclose the information; independently developed by the Grantee without the use of the Grantor State Agency's information; or, disclosed by the Grantor State Agency to others without restrictions against disclosure. Nothing in this paragraph shall permit Grantee to disclose any information that is confidential under federal or state law or regulations, regardless of whether it has been disclosed or made available to the Grantee due to intentional or negligent actions or inactions of agents of the Grantor State Agency or third parties.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Grant Agreement.

#### **HIPAA Compliance**

Add the following section if it is applicable.

- E.#. HIPAA Compliance. The Grantor State Agency and the Grantee shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its accompanying regulations.
- a. The Grantee warrants that it is familiar with the requirements of HIPAA and its accompanying regulations, and will comply with all applicable HIPAA requirements in the course of this agreement.
  - b. The Grantee warrants that it will cooperate with the Grantor State Agency, including cooperation and coordination with Grantor State Agency privacy officials and other compliance officers required by HIPAA and its regulations, in the course of performance of the grant so that both parties will be in compliance with HIPAA.
  - c. The Grantor State Agency and the Grantee will sign documents, including but not limited to business associate agreements, as required by HIPAA and that are reasonably necessary to keep the Grantor State Agency and the Grantee in compliance with HIPAA. This provision shall not apply if information received by the Grantor State Agency under this grant is NOT "protected health information" as defined by HIPAA, or if HIPAA permits the Grantor State Agency to receive such information without entering into a business associate agreement or signing another such document.

#### **Environmental Tobacco Smoke**

Add the following section as appropriate.

- E.#. Environmental Tobacco Smoke. Pursuant to the provisions of the federal "Pro-Children Act of 1994" and the Tennessee "Children's Act for Clean Indoor Air of 1995," the Grantee shall prohibit smoking of tobacco products within any indoor premises in which services are provided to individuals under the age of eighteen (18) years. The Grantee shall post "no smoking" signs in appropriate, permanent sites within such premises. This prohibition shall be applicable during all hours, not just the hours in which children are present. Violators of the prohibition may be subject to civil penalties and fines. This prohibition shall apply to and be made part of any subcontract related to this Grant Agreement.

#### **Grantee Participation**

Add the following section as appropriate.

- E. #. Grantee Participation. Grantee Participation amount(s) detailed in the Grant Budget are intended as a goal for the total project, and the amount of actual Grantee Participation expenditures will not impact the maximum amounts reimbursable to the Grantee as detailed by the Grant Budget column, "Grant Agreement."

#### **Federal Economic Stimulus Funding**

If the agreement is funded in whole or part by the American Recovery and Reinvestment Act of 2009 add the following section.

- E.#. Federal Economic Stimulus Funding. This Grant Agreement requires the Grantee to provide

products and/or services that are funded in whole or in part under the American Recovery and Reinvestment Act of 2009, Public Law 111-5, (Recovery Act). ## SIGNATURES

By agreement signature, the grantor state agency head shall assure and affirm that:

1. there is a balance in the appropriation from which obligations under the agreement are required to be paid that is not already encumbered to pay other obligations;
2. the contracting agency maintains documentation of a fair and impartial contractor selection in full compliance with the approved procurement methodology as indicated by the summary cover; and,
3. the proposed scope of services is clear and correct, adequate for all legal and enforcement purposes, and sufficiently detailed to ensure contractor accountability and results.

Additional approvals may be required, as such, please allow sufficient time for approvals. Draft the agreement so that the signature section immediately follows the previous section text separated by ONLY one blank line. Do NOT insert an arbitrary page break prior to the signature section.

## GRANT BUDGET

ALL Grant Budgets must be type-written and mathematically correct in every aspect.

Each Grant Budget page must be numbered consecutively.

The Grant Agreement column total must equal the maximum liability of the grant.

Line-Item funding must comply with the Expense Object Line-Item Category Definitions provided by F&A Accounts Policy 03, Appendix A (which is posted on the Internet at:

<http://www.state.tn.us/finance/act/documents/policy3.pdf>). Budget line-items and the definitions above have legal, audit, and federal funding implications, and grantor state agency staff are solely responsible for whether appropriate line-items are funded in accordance with the scope of service and the definitions set out by F&A Accounts Policy 03.

In line-items that WILL BE FUNDED, replace the zeros ("0.00") associated with each line-item as appropriate. If a line-item will NOT be funded, leave the associated, "0.00" dollar amount.

### Grant Budget Line-Item Detail.

These instructions do NOT preclude adding Line-Item Detail (and associated requirements) for other line-items, provided that the additional detail is clear and mathematically correct.

Delete the entire Grant Budget Line-Item Detail page if NONE of the following five line-items, which requires detail, is funded: Professional Fee, Grant & Award; Interest; Depreciation; Other Non-Personnel; Capital Purchase.

For each line-item requiring detail that is funded by the budget, complete the appropriate line-item detail box.

Delete the line-item detail box for each of the line-items that is NOT funded.

Do NOT draft the Grant Budget Line-Item Detail to describe a line-item only as "contracts," "contracted services," "other," "professional services," or "miscellaneous."

### Multiple Grant Budget Periods.

If a multi-year grant is to be written such that funding is restricted on an annual basis, such must be reflected in the grant budget by means of repeated use of the model grant budget pages, numbered consecutively, detailing funding information for consecutive period of applicability. If a grant budget attachment does include multiple pages respectively applicable to consecutive periods of applicability, a "roll-up" budget page totaling all lines for all periods is NOT required. However, the sum of all totals must agree with the grant maximum liability and any other relevant agreement provisions.

**Option: Grant Budget Grantee Match Requirement**

Replace the grant budget table with the table on the following page if a grantee match is required.

“Immaterial Defect” – means a defect in a response to a solicitation, which is of no substantial consequence, that is capable of correction through supplemental information or a clarifying response. A defect is immaterial when the effect on price, quantity, or delivery is negligible when contrasted with the total cost or scope of the goods or services being procured. Any defect, the correction of which gives a respondent a competitive advantage vis-à-vis other respondents or prejudicial to one or more respondents, shall not be deemed to be an immaterial defect.

“Person” – means a natural person or legal entity with the legal capacity to enter into contracts or sue and be sued.

“Procurement” - means buying, purchasing, renting, leasing, or otherwise acquiring any goods or services. It also includes all functions that pertain to the obtaining of any goods or services, including the description of requirements, selection and solicitation of sources, negotiation, preparation and award of a Contract, and all phases of Contract administration.

“Purchase Order” - means a document issued by the Central Procurement Office or a State Agency to a Contracting Party authorizing a purchase. Upon delivery to the Contracting Party, a “purchase order” becomes a binding Contract on both parties.

“Respondent” – means a natural person or legal entity with the capacity to contract or sue and be sued who has submitted a written response to a solicitation.

“Responsible” – with respect to a respondent or a proposer means a person who has the capacity in all material respects to perform fully the Contract requirements, and the integrity and reliability that will assure good faith performance.

“Responsive” – with respect to a respondent or a proposer means a person who has submitted a proposal, which conforms in all material respects, to the terms of the Solicitation.

“Reverse Auction” – shall have the meaning set forth in Tenn. Code Ann. § 12-3-219.

“Rules” means the Comprehensive Rules and Regulations concerning the procurement of goods and services adopted by the Procurement Commission of the State of Tennessee.

“Solicitation” means a written document that facilitates the award of a contract to Contracting Parties for goods or services. Examples of solicitations include, but are not limited to, an Invitation to Bid, a Request for Information, a Request for Proposals, and a Request for Qualifications.

“Sole Source Procurement” means a procurement for which only one vendor possesses the unique and singularly available capability to meet requirement of the solicitation, such as technical qualifications, ability to deliver at a particular time, or services from a public utility or a situation where a particular supplier or person is identified as the only qualified source available to the requisitioning authority.

“Specification” -means any description of the physical, functional, or performance characteristics, or of the nature of a supply, service, or construction item. “Specification” includes, as appropriate, requirements for inspecting, testing, or preparing a supply, service, or construction item for delivery.

“State” – means the State of Tennessee and its Agencies, boards and commissions as the context requires.

“State Agency” - means the departments, agencies, and entities of the State of Tennessee.

“Statewide Contract” means a contract for goods or services established by the Chief Procurement Officer that all State Agencies must utilize and that may be used by local governments, higher education and not-for-profit entities.

“Target Pricing” – means a negotiation tool whereby the State provides respondents with the price the State expects to pay for a good or service.

#### **4. Procurements - Generally.**

All procurements shall utilize an approved procurement method in accordance with applicable statutes, the Rules or Central Procurement Office Policy. Allowable procurement methods and information gathering methods and techniques include, but are not limited to, the following:

- Informal Solicitations
- Invitation to Bid (ITB)
- Request for Proposals (RFP)
- Emergency Purchases

- Competitive Negotiation
- Sole Source
- Reverse Auction
- Request for Information
- Request for Qualifications (RFQ)

**5. Waiver of Immaterial Defects in a Response.**

The maximum amount of competition for State contracts is in the best interests of the State. Immaterial defects in a response should be waived, corrections or clarifications by respondents should be allowed after responses are reviewed, provided these defects are not of the type to give one respondent an unfair competitive advantage over other respondents. Procurement professionals should use restraint in deeming responses to be non-responsive on the basis of immaterial defects in a response that do not impugn competition, but that are capable of being responsive through correction or clarification.

**6. Addenda, Amendments, and Clarifications to a Solicitation.**

Prior to public release, all solicitations and subsequent addenda, amendments, and clarifications to a solicitation require the approval of the Central Procurement Office and all other State entities that endorsed or approved the original solicitation. All solicitations, including any addenda, amendments, and clarifications to a solicitation, shall be approved based on the following:

- Application of the requirements of Central Procurement Office Policy and the Rules;
- Adequacy of the scope of service description; and
- Adequacy of the solicitation's assurance of:
  - Fairness to potential providers of commodities or services;
  - Clear and open competition;
  - Achievement of procurement objectives; and
  - Protection of the State's best interests.

**7. Pre-Proposal Conference.**

Central Procurement Office or procuring State Agency staff may conduct a Pre-Proposal conference after release of the solicitation, but before responses are submitted, if such is determined to be in the best interests of the State.

**8. Oral Presentation.**

A solicitation may require oral presentations in a manner set forth in the solicitation. Oral presentations shall be conducted after the solicitation is released, but before responses are submitted to the Central Procurement Office or procuring State Agency.

**9. General Requirements of Solicitations and Response Evaluation.**

Each solicitation shall establish a time schedule for opening and evaluation of responses and inspection of the procurement file.

9.1. *Technical Response.*

The technical response evaluation should include, but is not limited to, consideration of the following factors:

- Quality of the goods or reliability of the services;
- Experience and qualifications (e.g., pending litigation, years in business, utilization of diverse business enterprises as sub-consultants, subcontractors, or suppliers to assist in providing goods or services, partnering with or mentoring of diverse business programs associated with the delivery of goods or services, and customer references, etc.);
- Technical approach;
- Financial ability to perform;
- Delivery terms (e.g., number of days for product to be shipped or for job to be started, etc.);
- Past vendor performance, financial resources, and ability to perform to specification requirements;
- The effect of the purchase on Agency productivity;
- Environmental options and resources (e.g., green, energy efficiency, earth-conscious considerations, recycle options, remanufactured/refurbished products or equipment, packaging, certificates, permits, awards, successful and ongoing programs, etc.); and
- Used products or equipment.

9.2. *Cost Proposal.*

The cost proposal should include, but not be limited to, the following considerations:

- Acquisition costs;
- Costs of implementation;
- Delivery costs;
- Discounts or Rebates;
- Cost of any State employee training associated with the purchase;
- Implementation and start-up costs, including installation costs, life cycle costs, trade-in value and warranty options;
- Discounts;

Once the evaluation team has completed the evaluation of the technical portion of the response, the cost proposal (e.g., single award, line item, or group award) will be calculated using a formula set forth in the solicitation. The relative scoring and weight between the technical response and the cost proposal shall be set forth in the solicitation.

The evaluation team shall combine the technical response scores with the cost proposal scores for each respondent to determine the response that has the highest evaluated score. Technical responses and cost proposals may be contemporaneously evaluated or tabulated so long as the evaluation panel for the technical responses is independent of the persons tabulating or otherwise analyzing the cost proposals. In no event should the persons serving on the evaluation panel for the technical responses be influenced by the cost proposals and all safe guards must be in place to maintain a proper segregation of duties and responsibilities.

#### **10. Rejection of Responses.**

The Chief Procurement Officer or Delegated State Agency, with the approval of the Chief Procurement Officer, shall have the absolute discretion to reject any and all responses. The Chief Procurement Officer or Delegated State Agency shall provide written notification to all respondents whose responses were rejected. If the evaluation team determines that a response is non-responsive, non-responsible, or rejects a response for any reason, the State should not complete the technical response evaluation or open the associated cost proposal. Minor clerical errors or immaterial defects will not automatically result in rejection of a response.

Any response that does not meet the requirements of the solicitation may be considered to be nonresponsive and the response may be rejected. Examples of non-responsiveness include, but are not limited to:

- The response is untimely;
- The response is incomplete;
- The response is inconsistent with the specifications as set forth in the solicitation; or
- The response restricts the rights of the State or otherwise qualifies the respondent's proposal as set forth in his or her response.

All responses may be rejected by the Chief Procurement Officer or Delegated State Agency for the following reasons:

- Unreasonably high prices or failure of all responses to meet technical specifications as set forth in the solicitation;
- Error or defect in the solicitation;
- Cessation of need;
- Unavailability of funds;
- Lack of adequate competition;
- A determination by the State Agency, with the concurrence of the Chief Procurement Officer, that proceeding with the Procurement would be detrimental to the best interests of the State.

A rejection of all responses shall be documented and set forth the reasons for rejection of all responses. The Chief Procurement Officer shall report rejection of all responses to the Comptroller of the Treasury.

Selection or rejection of a response does not affect its status as a public record. Upon completion of the review and evaluation of responses submitted in response to a solicitation, evaluated responses and associated materials shall be open for review by the public in accordance with Tenn. Code Ann. § 10-7-504(a)(7).

The Chief Procurement Officer may reject any response, even a response that is ostensibly responsive, that contains prices for individual items or services that are inconsistent with the solicitation or unrealistic when compared to other prices in other responses to the same solicitation, provided that doing so is in the best interests of the State.

**11. Verification of Ability to Perform.**

Responses may be deemed non-responsive for lack of apparent ability to perform the proposed contract after adequate assurance of performance is requested by the Central Procurement Office and the respondent is unable to provide the requested assurance. A respondent must, upon request of the State, furnish satisfactory evidence of the ability to furnish products or services in accordance with the terms, conditions, and specifications of the solicitation. Proposal bonds, performance bonds or other security may be required for any contract. All such requirements shall be set forth in the solicitation.

The procuring Agency may inspect the facilities of any respondent or require additional information regarding a respondent's ability to perform the proposed contract. A site visit may be conducted by an Agency where the commodity or service at issue may be impacted by site conditions

**12. Amendment or Withdrawal of Responses.**

A respondent may withdraw or amend a response prior to its opening. After response opening, and prior to award, a respondent may withdraw a response or a portion thereof only upon a written determination by the Chief Procurement Officer that there is an obvious response error supported by appropriate industry, market or vendor cost information and where enforcement of the response would impose an unconscionable hardship on the respondent.

**13. Notice of Intent to Award.**

A Notice of Intent to Award shall be communicated in writing or by electronic transmission to all respondents. Each contract shall be awarded and let by the State with reasonable promptness to the apparent winning respondent, e.g., on the basis of highest evaluation score or lowest cost, whose response meets the requirements and criteria set forth in the solicitation. Where more than one item is specified in a solicitation, the State reserves the right to determine the winning respondent, or respondents in the case of a multiple award, either on the basis of each individual item, a group of items, or the total of all items, unless otherwise provided in the solicitation.

**14. Contract Award.**

The Central Procurement Office or Delegated State Agency shall document the evaluation team members' names, scores, and evaluation results and recommend an award to the respondent who has received the highest evaluation score or in the case of an ITB, an award to the responsive and responsible respondent with the lowest cost response.

Notwithstanding the foregoing, there are situations where it is in the best interests of the State to award a contract to a respondent other than the respondent with the lowest cost proposal. In such event, the Chief Procurement Officer, or his or her designee, shall document the reasons for awarding a contract to a respondent other than one with the lowest cost proposal. Justifications for such an award include, but are not limited to:

- The highest evaluated response, taken as a whole, falls outside the competitive range;
- The respondent is not capable of meeting the solicitation requirements;
- The respondent is not able to perform under the terms of the contract as awarded, e.g., in terms of quality, quantity or timeliness of performance; or
- Based on the totality of the above and other considerations, award to another respondent is in the best interests of the State, provided this determination is supported by sufficient documentation that will become part of the procurement file.

After the evaluation team completes the award recommendation process and notifies the respondents of the official award recommendation, the procurement file shall be open and available for public inspection for at least seven (7) calendar days prior to the actual award of the contract. Protests shall be governed by Tenn. Code Ann. § 4-56-101, *et seq.*, and the Rules of the Central Procurement Office.

#### **15. Single Response to Solicitation.**

In the event that only one response is received by the Central Procurement Office or the procuring State Agency by the response deadline in response to a solicitation, the State may elect one of the following actions:

- The procuring Agency head may request the Chief Procurement Officer to cancel the solicitation based upon insufficient competition;
- Open the technical response to determine whether it meets minimum requirements. If it does not meet minimum requirements, the procuring Agency head may request the Chief Procurement Officer to approve to cancel the solicitation;
- If the response meets minimum requirements, the procuring Agency may open the cost proposal and negotiate with the respondent; or
- The procuring Agency head may also request the Chief Procurement Officer to approve or cancel the solicitation if the cost is deemed excessive after attempts at negotiation.

#### **16. Cancellation or Reissuance of Solicitation.**

Cancellation or reissuance of a solicitation requires a written notice of cancellation or reissuance from the Central Procurement Office for contracts procured by the Central Procurement Office or written notice of cancellation or reissuance from the procuring Agency if it is an Agency

procured contract. Any notice of cancellation or reissuance of a solicitation by an Agency shall also be provided to the Central Procurement Office. All decisions to cancel or reissue a solicitation shall be documented and become part of the procurement file.

#### **17. Tie Responses.**

A tie will exist where two or more respondents offer goods or services that meet all specifications and terms and conditions at identical prices, including cash discount offered for prompt payment. A tie will be broken by considering the following factors, in descending order:

- First preference shall be given to a “Tennessee Respondent.” Pursuant to Tenn. Code Ann. § 12-4-121(c)(2), a “Tennessee Respondent” means a business that is:
  - Incorporated in this State;
  - Has its principal place of business in this State; or
  - Has an established physical presence in this State.
- Second preference shall be given to certified disadvantaged business enterprise (“DBE”) respondents.
- Third preference shall be given to the respondent who was the low cost respondent on other items being procured for the same solicitation.
- Fourth preference shall be given to the respondent who offers the best delivery.
- If a tie remains, it shall be broken by lot or coin toss.

#### **18. Protests.**

Protests shall be governed by Tenn. Code Ann. § 4-56-101, *et seq.*, Central Procurement Policy, and the Rules.

#### **19. Procurement and Information Gathering Methods and Techniques.**

##### *19.1. Informal Solicitations.*

Informal solicitations may be used for one time purchases or for contracts with a total value not to exceed twenty-five thousand dollars (\$25,000.00) or such amount approved by the Procurement Commission. Three quotes should be obtained, when practicable. The person soliciting quotes shall document the quotes received in accordance with Central Procurement Office Policy, which shall become part of the procurement file. Purchase orders or contracts may not be artificially divided by a Delegated State Agency in order to make the purchase amount fall below limitations established in Central Procurement Office Policy or the Rules.

##### *19.2. Invitation to Bid (“ITB”).*

An ITB is a request, verbal or written, which is made to prospective suppliers of commodities or providers of services requesting the submission of a response for the

purpose of awarding a contract or transmitting a purchase order. An ITB is generally an objective determination where the award is made to the responsive and responsible respondent who meets the minimum specifications and requirements at the lowest cost.

All ITBs shall require, at a minimum, that respondents:

- Provide a valid mailing or email address;
- Sign the response prior to opening;
- Provide a net price for the unit specified for each item;
- Initial in ink any corrections of a line item unit price made by the respondent;
- Provide the number of calendar days required for delivery after receipt of order; and
  
- State the length of time in which a proposed pricing is valid (failure to do so will result in pricing being valid for sixty (60) days).

Alternate items may be proposed in a response if allowed by the terms of the solicitation and if the alternate item or items meet the specifications in terms of quality, form and function. The procuring Agency may specify whether alternate items are allowed.

### 19.3. *Request for Proposals (“RFP”)*.

A RFP is a formal invitation to potential respondents to submit a proposal to provide a good or service to a State or one or more of its Agencies. Additionally, a RFP is a Procurement process whereby the State has the ability to judge if a respondent’s qualifications, experience, and approach will result in an award of a contract to a respondent on terms and conditions in the best interests of the State.

Terms and conditions for a RFP are derived from the *pro forma* Contract (located on the Central Procurement Office website) developed during the RFP creation and attached to the solicitation. A RFP shall set forth specific provisions in accordance with Central Procurement Office Policy and include and meet the following:

- The description of the technical requirements for the goods or services to be procured by RFP shall provide sufficient detail to minimize the likelihood of respondent confusion;
- The technical requirements and scope in the RFP shall not contain features that unduly restrict competition;
- The RFP shall contain directions regarding the submittal of responses;
- State requirements and restrictions regarding the RFP should be detailed in the RFP;
- A description of the evaluation factors to be considered in evaluating the responses should be detailed in the RFP. Evaluation factors should include, by way of example only, respondent qualifications, experience, technical approach, and cost; A declaration of whether the contract award is subject to successful contract negotiation should be detailed in the RFP; and
- The RFP shall contain a schedule of events that specifies RFP deadlines. Respondents shall be given a reasonable time, as determined by the Chief Procurement

Officer, to consider the required scope and the response evaluation factors before responses are submitted. The schedule of events may contain the deadlines for events, which includes by way of example only:

- RFP Issuance Date;
- Disability Accommodation Request;
- Pre-Proposal Conference;
- Notice of Intent to Propose;
- Respondent Written “Questions and Comments” Submission;
- State Response to Written “Questions and Comments”;
- Oral Presentation;
- Site Visit;
- Performance Bond Submission;
- Response Submission;
- State Completion of Technical Response Evaluations;
- State Opening and Scoring of Cost Proposals;
- State Evaluation Notice Released and RFP Files Opened for Public Inspection;  
and
- Contract Signing.

The Central Procurement Office or Delegated State Agency shall carefully consider all persons involved with the development, formulation, drafting, or review of a RFP and safeguard against any perceived or actual conflicts of interest.

The Central Procurement Office or Delegated State Agency shall approve all RFPs and any addenda, amendments, and clarifications to RFPs before their public release. All RFPs that would result in contracts requiring the Comptroller’s approval shall also require the approval of the Office of the Comptroller of the Treasury before their public release. Further, any addenda, amendments, and clarifications to RFPs that would result in contracts requiring the Comptroller’s approval shall be filed by the procuring Agency with the Comptroller of the Treasury contemporaneously with their public release.

A RFP or its revisions shall be approved based on the following:

- Application of the requirements of the Rules and Central Procurement Office Policy;
- Adequacy of the scope description; and
- Adequacy of the RFP’s assurance of:
  - Fairness to respondents;
  - Clear and open competition;
  - Achievement of procurement objectives; and
  - Protection of the State’s interests.

Upon approval, the Central Procurement Office or Delegated State Agency shall send the RFP or a written or electronic notice that the specific RFP has been released to a documented list of potential providers.

19.3.1. *Evaluation of Responses.*

To foster the integrity of the RFP evaluation process, each respondent shall be required to submit the Cost Proposal component of the response in a sealed and labeled envelope separate from the technical response component. The cost proposal shall be evaluated separately from the technical response:

- The technical response and the cost proposal may be opened and evaluated simultaneously provided safeguards are in place to avoid the panel evaluating the technical proposal being influenced by the cost proposal;
- The scores of both technical response and the cost proposal may be combined to arrive at a total evaluation score.
- Any response that fails to adequately separate the cost proposal components from the technical response components may be considered non-responsive and rejected by the Chief Procurement Officer in his or her sole discretion.
- Response evaluations shall be impartial and ensure that all material requirements of the RFP have been met.
- Responses shall be evaluated in a manner consistent with the Rules and Central Procurement Office Policy.
- Prior to reviewing responses, each Response Evaluation Team member shall review a list of persons making responses and determine if the member has a conflict of interest with serving on the Response Evaluation Team. Each member shall sign a conflict of interest statement as required by Central Procurement Policy. The conflict of interest statement shall be retained in the Procurement file.
- Responses shall be evaluated based on criteria set forth in the solicitation and on the basis of factors pertinent to the goods or services being procured.
- The Central Procurement Office or Delegated State Agency shall award a contract to the respondent whose response receives the highest evaluation score based on the respondent's technical response and cost proposal.
- Contract awards to a respondent other than the respondent receiving the highest evaluated score shall require the written approval of the Chief Procurement Officer. Justification for the contract award shall be documented in the procurement file.

19.4. *Emergency Purchases.*

“Emergency Purchases” are State Agency purchases made during an actual emergency arising from unforeseen causes without the issuance of a competitive solicitation.

The Central Procurement Office or Delegated State Agency may make purchases of goods or services in the open market to meet emergencies arising from an unforeseen cause.

Emergency purchases shall be made by contract in accordance with Central Procurement Office Policy and the Rules and utilize competitive procurement methods or negotiations whenever practicable. The procuring Agency shall maintain a procurement file that addresses the following:

- The circumstances leading to an emergency purchase;
- Procurement-related actions taken in response to the emergency, including procurement methods used; and
- A complete list of goods or services procured, including prices paid and total purchase amount.

#### 19.4.1. *Conditions of Use for Emergency Purchase.*

Typical circumstances that warrant the use of an Emergency Purchase method include, by way of example only, natural disasters, e.g., tornadoes and floods, fire and oil or other hazardous material spill, mechanical failures, system outages, or unforeseen police action. An “emergency” does not require the declaration of a State of Emergency. Poor planning or the expiration of funds does not constitute an emergency. While these circumstances may require immediate action or may justify use of Non-Competitive Procurement methods, these circumstances do not warrant use of an Emergency Purchase method.

#### 19.4.2. *Emergency Purchase Approval Process and Written Documentation.*

The Chief Procurement Officer may delegate Emergency Purchase authority to a State Agency to address emergencies arising from any unforeseen cause, including, but not limited to, delays by contractors, delays in transportation, unanticipated work volume, system or mechanical failures acts of God, or unforeseen police action. Delegated State Agencies may procure goods or services through the Emergency Purchase method in accordance with applicable rules, policies, and procedures. State Agencies should make Emergency Purchases through the Edison system and submit in writing to the Central Procurement Office the following information upon request by the Central Procurement Office:

- The circumstances leading to the Emergency Purchase;
- The procurement-related actions taken in response to the emergency, including procurement methods used;
- A complete list of goods or services procured, including prices paid and total purchase amount; and
- As applicable, additional purchases expected, including expected price and total purchase amount, as of the time of the report.

#### 19.5. *Competitive Negotiation.*

A competitive negotiation is a procurement method that involves direct discussions between the State and respondents who have been pre-qualified through a pre-

qualification method and found to be responsive and responsible. The purpose of a competitive negotiation is to facilitate discussion between the State and the best evaluated respondent or respondents to ensure award of a contract or contracts on terms on conditions in the best interests of the State.

Competitive negotiation techniques may be used in conjunction with any procurement method. All negotiations shall be conducted by the Chief Procurement Officer, his or her appointed lead negotiator, or an appointed negotiation team. The State may elect to negotiate by requesting revised cost proposals from one or more responsive and responsible respondents. The State, however, reserves the right to award a contract on the basis of initial responses received. Accordingly, each response should contain the respondent's best terms from a price and technical standpoint.

The State reserves the right to conduct multiple negotiation rounds or limit negotiations to only respondents in the competitive range or to only the highest evaluated respondent. If the State exercises its right to enter into negotiations, it may identify areas of one or more proposals that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those identified issues during negotiations.

All responsive and responsible respondents the State has identified for further cost negotiation will receive equivalent information. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct Target Pricing and other price or service level negotiations. Target Pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual respondent pricing. During Target Price negotiations, respondents are not obligated to meet or beat target prices, but respondents will not be allowed to increase prices they propose. All communications, clarifications and negotiations shall be conducted in a manner that supports fairness in proposal improvement. Note that each clarification sought by the State may be unique to an individual respondent.

The Central Procurement Office staff shall maintain, at a minimum, the following documentation for a competitive negotiation:

- A log of the date and time of each meeting with a respondent, including the identity of the respondent and its representative;
- A description of the nature or reason for all material communications with each respondent; and
- A copy of all written and electronic communications between the Central Procurement Office or State Agency and each respondent.

#### 19.6. *Sole Source Procurements.*

Sole source procurements may be made when an item or service possesses specific characteristics that can only be filled by a single source or where exclusive rights exist. Sole source procurements shall require the State Agency to provide advance justification to the Central Procurement Office in accordance with Central Procurement Office Policy. All sole source procurements, regardless of the dollar amount, require the Chief Procurement Officer's prior approval. Reporting of sole source procurements shall be provided to the Comptroller of the Treasury in such form and time period as prescribed in Central Procurement Policy. The Chief Procurement Officer in approving the use of a sole source method of procurement shall consider and adequately document in the procurement file the following:

- Whether the vendor possesses exclusive or predominant capabilities or the item or service contains features providing a superior utility not obtainable from similar vendors;
- Whether the product or service is unique and available from only one source;
- Whether the program requirements can be modified so that competitively procured goods or services may be used;
- Whether items must be interchangeable or compatible with in-place items;
- Whether or not it is in the State's best interests to conduct a pilot program for a defined period of time; or
- Whether the economics, technical aspects, or other facts and circumstances of the procurement in question make the use of a sole source procurement method a more prudent choice than a competitive procurement method.

Sole source procurements shall also be conducted in accordance with the Central Procurement Office's *Non-competitive Procurement Policy and Procedures*.

#### 19.7. *Reverse Auction.*

A Reverse Auction is a competitive process that allows respondents to bid on specified goods or services electronically and adjust cost proposals during a specified time period. An award shall be made to the respondent determined to be the lowest responsible and responsive respondent at the close of the specified response period.

#### 19.8. *Request for Information ("RFI").*

A "Request for Information" or "RFI" is a solicitation sent to a broad base of potential suppliers for the purpose of developing strategy, building a database, or preparing for a Request for Proposals or a Request for Qualifications. A RFI enables an equitable and simultaneous comparison of vendors. Agencies may use this tool to gather information about the availability of goods or services. A RFI is created through the Edison system and should be utilized when:

- An Agency has a procurement need, but requires more information to fully understand the industry;
- The Agency desires to identify vendors who are available to supply the needed good or service; or

- When the Central Procurement Office or procuring State Agency determines that a RFP process will benefit from a RFI.

19.9. *Request for Qualifications (“RFQ”).*

~~A “Request for Qualifications” or “RFQ” is a written solicitation containing a list of qualifications that must be met before a vendor may propose in response to a Request for Proposals. A written response from a vendor is the appropriate response to a Request for Qualifications. A RFQ is a document that may be distributed before initiation of the Solicitation process. It is used to gather information from potential vendors regarding qualifications of providers of goods and services within the market place.~~

A “Request for Qualifications” or “RFQ” may only be utilized by the Central Procurement Office. It is a written solicitation used to identify the vendors who possess the requisite qualifications, as may be evidenced by their experience, certifications, skills, or other credentials, to successfully fulfill the State’s needs. A RFQ is also useful to gather information regarding qualifications of providers of goods and services within the market place. Those respondents who are able to effectively demonstrate that they are within the competitive range as outlined in the RFQ will be considered “Qualified Respondents” and will be short-listed or pre-qualified for further evaluation, analysis or negotiation. All Qualified Respondents may be permitted to propose in response to a Request for Proposals, competitive negotiations, or subsequent solicitation. A RFQ should contain sufficient project detail so potential respondents are able to identify the qualifications required for successful project completion. A written response from a vendor is the appropriate response to a RFQ.

A defect is immaterial when the effect on price, quantity, or delivery is negligible when contrasted with the total cost or scope of the goods or services being procured. Any defect, the correction of which gives a respondent a competitive advantage vis-à-vis other respondents or prejudicial to one or more respondents, shall not be deemed to be an immaterial defect.

“Person” – means a natural person or legal entity with the legal capacity to enter into contracts or sue and be sued.

“Procurement” - means buying, purchasing, renting, leasing, or otherwise acquiring any goods or services. It also includes all functions that pertain to the obtaining of any goods or services, including the description of requirements, selection and solicitation of sources, negotiation, preparation and award of a Contract, and all phases of Contract administration.

“Purchase Order” - means a document issued by the Central Procurement Office or a State Agency to a Contracting Party authorizing a purchase. Upon delivery to the Contracting Party, a “purchase order” becomes a binding Contract on both parties.

“Respondent” – means a natural person or legal entity with the capacity to contract or sue and be sued who has submitted a written response to a solicitation.

“Responsible” – with respect to a respondent or a proposer means a person who has the capacity in all material respects to perform fully the Contract requirements, and the integrity and reliability that will assure good faith performance.

“Responsive” – with respect to a respondent or a proposer means a person who has submitted a proposal, which conforms in all material respects, to the terms of the Solicitation.

“Reverse Auction” – shall have the meaning set forth in Tenn. Code Ann. § 12-3-219.

“Rules” means the Comprehensive Rules and Regulations concerning the procurement of goods and services adopted by the Procurement Commission of the State of Tennessee.

“Solicitation” means a written document that facilitates the award of a contract to Contracting Parties for goods or services. Examples of solicitations include, but are not limited to, an Invitation to Bid, a Request for Information, a Request for Proposals, and a Request for Qualifications.

“Sole Source Procurement” means a procurement for which only one vendor possesses the unique and singularly available capability to meet requirement of the solicitation, such as technical qualifications, ability to deliver at a particular time, or services from a public utility or a situation where a particular supplier or person is identified as the only qualified source available to the requisitioning authority.

“Specification” -means any description of the physical, functional, or performance characteristics, or of the nature of a supply, service, or construction item. “Specification” includes, as appropriate, requirements for inspecting, testing, or preparing a supply, service, or construction item for delivery.

“State” – means the State of Tennessee and its Agencies, boards and commissions as the context requires.

“State Agency” - means the departments, agencies, and entities of the State of Tennessee.

“Statewide Contract” means a contract for goods or services established by the Chief Procurement Officer that all State Agencies must utilize and that may be used by local governments, higher education and not-for-profit entities.

“Target Pricing” – means a negotiation tool whereby the State provides respondents with the price the State expects to pay for a good or service.

#### **4. Procurements - Generally.**

All procurements shall utilize an approved procurement method in accordance with applicable statutes, the Rules or Central Procurement Office Policy. Allowable procurement methods and information gathering methods and techniques include, but are not limited to, the following:

- Informal Solicitations
- Invitation to Bid (ITB)
- Request for Proposals (RFP)
- Emergency Purchases

- Competitive Negotiation
- Sole Source
- Reverse Auction
- Request for Information
- Request for Qualifications (RFQ)

**5. Waiver of Immaterial Defects in a Response.**

The maximum amount of competition for State contracts is in the best interests of the State. Immaterial defects in a response should be waived, corrections or clarifications by respondents should be allowed after responses are reviewed, provided these defects are not of the type to give one respondent an unfair competitive advantage over other respondents. Procurement professionals should use restraint in deeming responses to be non-responsive on the basis of immaterial defects in a response that do not impugn competition, but that are capable of being responsive through correction or clarification.

**6. Addenda, Amendments, and Clarifications to a Solicitation.**

Prior to public release, all solicitations and subsequent addenda, amendments, and clarifications to a solicitation require the approval of the Central Procurement Office and all other State entities that endorsed or approved the original solicitation. All solicitations, including any addenda, amendments, and clarifications to a solicitation, shall be approved based on the following:

- Application of the requirements of Central Procurement Office Policy and the Rules;
- Adequacy of the scope of service description; and
- Adequacy of the solicitation's assurance of:
  - Fairness to potential providers of commodities or services;
  - Clear and open competition;
  - Achievement of procurement objectives; and
  - Protection of the State's best interests.

**7. Pre-Proposal Conference.**

Central Procurement Office or procuring State Agency staff may conduct a Pre-Proposal conference after release of the solicitation, but before responses are submitted, if such is determined to be in the best interests of the State.

**8. Oral Presentation.**

A solicitation may require oral presentations in a manner set forth in the solicitation. Oral presentations shall be conducted after the solicitation is released, but before responses are submitted to the Central Procurement Office or procuring State Agency.

**9. General Requirements of Solicitations and Response Evaluation.**

Each solicitation shall establish a time schedule for opening and evaluation of responses and inspection of the procurement file.

9.1. *Technical Response.*

The technical response evaluation should include, but is not limited to, consideration of the following factors:

- Quality of the goods or reliability of the services;
- Experience and qualifications (e.g., pending litigation, years in business, utilization of diverse business enterprises as sub-consultants, subcontractors, or suppliers to assist in providing goods or services, partnering with or mentoring of diverse business programs associated with the delivery of goods or services, and customer references, etc.);
- Technical approach;
- Financial ability to perform;
- Delivery terms (e.g., number of days for product to be shipped or for job to be started, etc.);
- Past vendor performance, financial resources, and ability to perform to specification requirements;
- The effect of the purchase on Agency productivity;
- Environmental options and resources (e.g., green, energy efficiency, earth-conscious considerations, recycle options, remanufactured/refurbished products or equipment, packaging, certificates, permits, awards, successful and ongoing programs, etc.); and
- Used products or equipment.

9.2. *Cost Proposal.*

The cost proposal should include, but not be limited to, the following considerations:

- Acquisition costs;
- Costs of implementation;
- Delivery costs;
- Discounts or Rebates;
- Cost of any State employee training associated with the purchase;
- Implementation and start-up costs, including installation costs, life cycle costs, trade-in value and warranty options;
- Discounts;

Once the evaluation team has completed the evaluation of the technical portion of the response, the cost proposal (e.g., single award, line item, or group award) will be calculated using a formula set forth in the solicitation. The relative scoring and weight between the technical response and the cost proposal shall be set forth in the solicitation.

The evaluation team shall combine the technical response scores with the cost proposal scores for each respondent to determine the response that has the highest evaluated score. Technical responses and cost proposals may be contemporaneously evaluated or tabulated so long as the evaluation panel for the technical responses is independent of the persons tabulating or otherwise analyzing the cost proposals. In no event should the persons serving on the evaluation panel for the technical responses be influenced by the cost proposals and all safe guards must be in place to maintain a proper segregation of duties and responsibilities.

#### **10. Rejection of Responses.**

The Chief Procurement Officer or Delegated State Agency, with the approval of the Chief Procurement Officer, shall have the absolute discretion to reject any and all responses. The Chief Procurement Officer or Delegated State Agency shall provide written notification to all respondents whose responses were rejected. If the evaluation team determines that a response is non-responsive, non-responsible, or rejects a response for any reason, the State should not complete the technical response evaluation or open the associated cost proposal. Minor clerical errors or immaterial defects will not automatically result in rejection of a response.

Any response that does not meet the requirements of the solicitation may be considered to be nonresponsive and the response may be rejected. Examples of non-responsiveness include, but are not limited to:

- The response is untimely;
- The response is incomplete;
- The response is inconsistent with the specifications as set forth in the solicitation; or
- The response restricts the rights of the State or otherwise qualifies the respondent's proposal as set forth in his or her response.

All responses may be rejected by the Chief Procurement Officer or Delegated State Agency for the following reasons:

- Unreasonably high prices or failure of all responses to meet technical specifications as set forth in the solicitation;
- Error or defect in the solicitation;
- Cessation of need;
- Unavailability of funds;
- Lack of adequate competition;
- A determination by the State Agency, with the concurrence of the Chief Procurement Officer, that proceeding with the Procurement would be detrimental to the best interests of the State.

A rejection of all responses shall be documented and set forth the reasons for rejection of all responses. The Chief Procurement Officer shall report rejection of all responses to the Comptroller of the Treasury.

Selection or rejection of a response does not affect its status as a public record. Upon completion of the review and evaluation of responses submitted in response to a solicitation, evaluated responses and associated materials shall be open for review by the public in accordance with Tenn. Code Ann. § 10-7-504(a)(7).

The Chief Procurement Officer may reject any response, even a response that is ostensibly responsive, that contains prices for individual items or services that are inconsistent with the solicitation or unrealistic when compared to other prices in other responses to the same solicitation, provided that doing so is in the best interests of the State.

**11. Verification of Ability to Perform.**

Responses may be deemed non-responsive for lack of apparent ability to perform the proposed contract after adequate assurance of performance is requested by the Central Procurement Office and the respondent is unable to provide the requested assurance. A respondent must, upon request of the State, furnish satisfactory evidence of the ability to furnish products or services in accordance with the terms, conditions, and specifications of the solicitation. Proposal bonds, performance bonds or other security may be required for any contract. All such requirements shall be set forth in the solicitation.

The procuring Agency may inspect the facilities of any respondent or require additional information regarding a respondent's ability to perform the proposed contract. A site visit may be conducted by an Agency where the commodity or service at issue may be impacted by site conditions

**12. Amendment or Withdrawal of Responses.**

A respondent may withdraw or amend a response prior to its opening. After response opening, and prior to award, a respondent may withdraw a response or a portion thereof only upon a written determination by the Chief Procurement Officer that there is an obvious response error supported by appropriate industry, market or vendor cost information and where enforcement of the response would impose an unconscionable hardship on the respondent.

**13. Notice of Intent to Award.**

A Notice of Intent to Award shall be communicated in writing or by electronic transmission to all respondents. Each contract shall be awarded and let by the State with reasonable promptness to the apparent winning respondent, e.g., on the basis of highest evaluation score or lowest cost, whose response meets the requirements and criteria set forth in the solicitation. Where more than one item is specified in a solicitation, the State reserves the right to determine the winning respondent, or respondents in the case of a multiple award, either on the basis of each individual item, a group of items, or the total of all items, unless otherwise provided in the solicitation.

**14. Contract Award.**

The Central Procurement Office or Delegated State Agency shall document the evaluation team members' names, scores, and evaluation results and recommend an award to the respondent who has received the highest evaluation score or in the case of an ITB, an award to the responsive and responsible respondent with the lowest cost response.

Notwithstanding the foregoing, there are situations where it is in the best interests of the State to award a contract to a respondent other than the respondent with the lowest cost proposal. In such event, the Chief Procurement Officer, or his or her designee, shall document the reasons for awarding a contract to a respondent other than one with the lowest cost proposal. Justifications for such an award include, but are not limited to:

- The highest evaluated response, taken as a whole, falls outside the competitive range;
- The respondent is not capable of meeting the solicitation requirements;
- The respondent is not able to perform under the terms of the contract as awarded, e.g., in terms of quality, quantity or timeliness of performance; or
- Based on the totality of the above and other considerations, award to another respondent is in the best interests of the State, provided this determination is supported by sufficient documentation that will become part of the procurement file.

After the evaluation team completes the award recommendation process and notifies the respondents of the official award recommendation, the procurement file shall be open and available for public inspection for at least seven (7) calendar days prior to the actual award of the contract. Protests shall be governed by Tenn. Code Ann. § 4-56-101, *et seq.*, and the Rules of the Central Procurement Office.

#### **15. Single Response to Solicitation.**

In the event that only one response is received by the Central Procurement Office or the procuring State Agency by the response deadline in response to a solicitation, the State may elect one of the following actions:

- The procuring Agency head may request the Chief Procurement Officer to cancel the solicitation based upon insufficient competition;
- Open the technical response to determine whether it meets minimum requirements. If it does not meet minimum requirements, the procuring Agency head may request the Chief Procurement Officer to approve to cancel the solicitation;
- If the response meets minimum requirements, the procuring Agency may open the cost proposal and negotiate with the respondent; or
- The procuring Agency head may also request the Chief Procurement Officer to approve or cancel the solicitation if the cost is deemed excessive after attempts at negotiation.

#### **16. Cancellation or Reissuance of Solicitation.**

Cancellation or reissuance of a solicitation requires a written notice of cancellation or reissuance from the Central Procurement Office for contracts procured by the Central Procurement Office or written notice of cancellation or reissuance from the procuring Agency if it is an Agency

procured contract. Any notice of cancellation or reissuance of a solicitation by an Agency shall also be provided to the Central Procurement Office. All decisions to cancel or reissue a solicitation shall be documented and become part of the procurement file.

### **17. Tie Responses.**

A tie will exist where two or more respondents offer goods or services that meet all specifications and terms and conditions at identical prices, including cash discount offered for prompt payment. A tie will be broken by considering the following factors, in descending order:

- First preference shall be given to a “Tennessee Respondent.” Pursuant to Tenn. Code Ann. § 12-4-121(c)(2), a “Tennessee Respondent” means a business that is:
  - Incorporated in this State;
  - Has its principal place of business in this State; or
  - Has an established physical presence in this State.
- Second preference shall be given to certified disadvantaged business enterprise (“DBE”) respondents.
- Third preference shall be given to the respondent who was the low cost respondent on other items being procured for the same solicitation.
- Fourth preference shall be given to the respondent who offers the best delivery.
- If a tie remains, it shall be broken by lot or coin toss.

### **18. Protests.**

Protests shall be governed by Tenn. Code Ann. § 4-56-101, *et seq.*, Central Procurement Policy, and the Rules.

### **19. Procurement and Information Gathering Methods and Techniques.**

#### *19.1. Informal Solicitations.*

Informal solicitations may be used for one time purchases or for contracts with a total value not to exceed twenty-five thousand dollars (\$25,000.00) or such amount approved by the Procurement Commission. Three quotes should be obtained, when practicable. The person soliciting quotes shall document the quotes received in accordance with Central Procurement Office Policy, which shall become part of the procurement file. Purchase orders or contracts may not be artificially divided by a Delegated State Agency in order to make the purchase amount fall below limitations established in Central Procurement Office Policy or the Rules.

#### *19.2. Invitation to Bid (“ITB”).*

An ITB is a request, verbal or written, which is made to prospective suppliers of commodities or providers of services requesting the submission of a response for the

purpose of awarding a contract or transmitting a purchase order. An ITB is generally an objective determination where the award is made to the responsive and responsible respondent who meets the minimum specifications and requirements at the lowest cost.

All ITBs shall require, at a minimum, that respondents:

- Provide a valid mailing or email address;
- Sign the response prior to opening;
- Provide a net price for the unit specified for each item;
- Initial in ink any corrections of a line item unit price made by the respondent;
- Provide the number of calendar days required for delivery after receipt of order; and
  
- State the length of time in which a proposed pricing is valid (failure to do so will result in pricing being valid for sixty (60) days).

Alternate items may be proposed in a response if allowed by the terms of the solicitation and if the alternate item or items meet the specifications in terms of quality, form and function. The procuring Agency may specify whether alternate items are allowed.

### 19.3. *Request for Proposals ("RFP").*

A RFP is a formal invitation to potential respondents to submit a proposal to provide a good or service to a State or one or more of its Agencies. Additionally, a RFP is a Procurement process whereby the State has the ability to judge if a respondent's qualifications, experience, and approach will result in an award of a contract to a respondent on terms and conditions in the best interests of the State.

Terms and conditions for a RFP are derived from the *pro forma* Contract (located on the Central Procurement Office website) developed during the RFP creation and attached to the solicitation. A RFP shall set forth specific provisions in accordance with Central Procurement Office Policy and include and meet the following:

- The description of the technical requirements for the goods or services to be procured by RFP shall provide sufficient detail to minimize the likelihood of respondent confusion;
- The technical requirements and scope in the RFP shall not contain features that unduly restrict competition;
- The RFP shall contain directions regarding the submittal of responses;
- State requirements and restrictions regarding the RFP should be detailed in the RFP;
- A description of the evaluation factors to be considered in evaluating the responses should be detailed in the RFP. Evaluation factors should include, by way of example only, respondent qualifications, experience, technical approach, and cost; A declaration of whether the contract award is subject to successful contract negotiation should be detailed in the RFP; and
- The RFP shall contain a schedule of events that specifies RFP deadlines. Respondents shall be given a reasonable time, as determined by the Chief Procurement

Officer, to consider the required scope and the response evaluation factors before responses are submitted. The schedule of events may contain the deadlines for events, which includes by way of example only:

- RFP Issuance Date;
- Disability Accommodation Request;
- Pre-Proposal Conference;
- Notice of Intent to Propose;
- Respondent Written “Questions and Comments” Submission;
- State Response to Written “Questions and Comments”;
- Oral Presentation;
- Site Visit;
- Performance Bond Submission;
- Response Submission;
- State Completion of Technical Response Evaluations;
- State Opening and Scoring of Cost Proposals;
- State Evaluation Notice Released and RFP Files Opened for Public Inspection;
- and
- Contract Signing.

The Central Procurement Office or Delegated State Agency shall carefully consider all persons involved with the development, formulation, drafting, or review of a RFP and safeguard against any perceived or actual conflicts of interest.

The Central Procurement Office or Delegated State Agency shall approve all RFPs and any addenda, amendments, and clarifications to RFPs before their public release. All RFPs that would result in contracts requiring the Comptroller’s approval shall also require the approval of the Office of the Comptroller of the Treasury before their public release. Further, any addenda, amendments, and clarifications to RFPs that would result in contracts requiring the Comptroller’s approval shall be filed by the procuring Agency with the Comptroller of the Treasury contemporaneously with their public release.

A RFP or its revisions shall be approved based on the following:

- Application of the requirements of the Rules and Central Procurement Office Policy;
- Adequacy of the scope description; and
- Adequacy of the RFP’s assurance of:
  - Fairness to respondents;
  - Clear and open competition;
  - Achievement of procurement objectives; and
  - Protection of the State’s interests.

Upon approval, the Central Procurement Office or Delegated State Agency shall send the RFP or a written or electronic notice that the specific RFP has been released to a documented list of potential providers.

19.3.1. *Evaluation of Responses.*

To foster the integrity of the RFP evaluation process, each respondent shall be required to submit the Cost Proposal component of the response in a sealed and labeled envelope separate from the technical response component. The cost proposal shall be evaluated separately from the technical response:

- The technical response and the cost proposal may be opened and evaluated simultaneously provided safeguards are in place to avoid the panel evaluating the technical proposal being influenced by the cost proposal;
- The scores of both technical response and the cost proposal may be combined to arrive at a total evaluation score.
- Any response that fails to adequately separate the cost proposal components from the technical response components may be considered non-responsive and rejected by the Chief Procurement Officer in his or her sole discretion.
- Response evaluations shall be impartial and ensure that all material requirements of the RFP have been met.
- Responses shall be evaluated in a manner consistent with the Rules and Central Procurement Office Policy.
- Prior to reviewing responses, each Response Evaluation Team member shall review a list of persons making responses and determine if the member has a conflict of interest with serving on the Response Evaluation Team. Each member shall sign a conflict of interest statement as required by Central Procurement Policy. The conflict of interest statement shall be retained in the Procurement file.
- Responses shall be evaluated based on criteria set forth in the solicitation and on the basis of factors pertinent to the goods or services being procured.
- The Central Procurement Office or Delegated State Agency shall award a contract to the respondent whose response receives the highest evaluation score based on the respondent's technical response and cost proposal.
- Contract awards to a respondent other than the respondent receiving the highest evaluated score shall require the written approval of the Chief Procurement Officer. Justification for the contract award shall be documented in the procurement file.

19.4. *Emergency Purchases.*

“Emergency Purchases” are State Agency purchases made during an actual emergency arising from unforeseen causes without the issuance of a competitive solicitation.

The Central Procurement Office or Delegated State Agency may make purchases of goods or services in the open market to meet emergencies arising from an unforeseen cause.

Emergency purchases shall be made by contract in accordance with Central Procurement Office Policy and the Rules and utilize competitive procurement methods or negotiations whenever practicable. The procuring Agency shall maintain a procurement file that addresses the following:

- The circumstances leading to an emergency purchase;
- Procurement-related actions taken in response to the emergency, including procurement methods used; and
- A complete list of goods or services procured, including prices paid and total purchase amount.

#### *19.4.1. Conditions of Use for Emergency Purchase.*

Typical circumstances that warrant the use of an Emergency Purchase method include, by way of example only, natural disasters, e.g., tornadoes and floods, fire and oil or other hazardous material spill, mechanical failures, system outages, or unforeseen police action. An “emergency” does not require the declaration of a State of Emergency. Poor planning or the expiration of funds does not constitute an emergency. While these circumstances may require immediate action or may justify use of Non-Competitive Procurement methods, these circumstances do not warrant use of an Emergency Purchase method.

#### *19.4.2. Emergency Purchase Approval Process and Written Documentation.*

The Chief Procurement Officer may delegate Emergency Purchase authority to a State Agency to address emergencies arising from any unforeseen cause, including, but not limited to, delays by contractors, delays in transportation, unanticipated work volume, system or mechanical failures acts of God, or unforeseen police action. Delegated State Agencies may procure goods or services through the Emergency Purchase method in accordance with applicable rules, policies, and procedures. State Agencies should make Emergency Purchases through the Edison system and submit in writing to the Central Procurement Office the following information upon request by the Central Procurement Office:

- The circumstances leading to the Emergency Purchase;
- The procurement-related actions taken in response to the emergency, including procurement methods used;
- A complete list of goods or services procured, including prices paid and total purchase amount; and
- As applicable, additional purchases expected, including expected price and total purchase amount, as of the time of the report.

#### *19.5. Competitive Negotiation.*

A competitive negotiation is a procurement method that involves direct discussions between the State and respondents who have been pre-qualified through a pre-

qualification method and found to be responsive and responsible. The purpose of a competitive negotiation is to facilitate discussion between the State and the best evaluated respondent or respondents to ensure award of a contract or contracts on terms on conditions in the best interests of the State.

Competitive negotiation techniques may be used in conjunction with any procurement method. All negotiations shall be conducted by the Chief Procurement Officer, his or her appointed lead negotiator, or an appointed negotiation team. The State may elect to negotiate by requesting revised cost proposals from one or more responsive and responsible respondents. The State, however, reserves the right to award a contract on the basis of initial responses received. Accordingly, each response should contain the respondent's best terms from a price and technical standpoint.

The State reserves the right to conduct multiple negotiation rounds or limit negotiations to only respondents in the competitive range or to only the highest evaluated respondent. If the State exercises its right to enter into negotiations, it may identify areas of one or more proposals that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those identified issues during negotiations.

All responsive and responsible respondents the State has identified for further cost negotiation will receive equivalent information. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct Target Pricing and other price or service level negotiations. Target Pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual respondent pricing. During Target Price negotiations, respondents are not obligated to meet or beat target prices, but respondents will not be allowed to increase prices they propose. All communications, clarifications and negotiations shall be conducted in a manner that supports fairness in proposal improvement. Note that each clarification sought by the State may be unique to an individual respondent.

The Central Procurement Office staff shall maintain, at a minimum, the following documentation for a competitive negotiation:

- A log of the date and time of each meeting with a respondent, including the identity of the respondent and its representative;
- A description of the nature or reason for all material communications with each respondent; and
- A copy of all written and electronic communications between the Central Procurement Office or State Agency and each respondent.

#### 19.6. *Sole Source Procurements.*

Sole source procurements may be made when an item or service possesses specific characteristics that can only be filled by a single source or where exclusive rights exist. Sole source procurements shall require the State Agency to provide advance justification to the Central Procurement Office in accordance with Central Procurement Office Policy. All sole source procurements, regardless of the dollar amount, require the Chief Procurement Officer's prior approval. Reporting of sole source procurements shall be provided to the Comptroller of the Treasury in such form and time period as prescribed in Central Procurement Policy. The Chief Procurement Officer in approving the use of a sole source method of procurement shall consider and adequately document in the procurement file the following:

- Whether the vendor possesses exclusive or predominant capabilities or the item or service contains features providing a superior utility not obtainable from similar vendors;
- Whether the product or service is unique and available from only one source;
- Whether the program requirements can be modified so that competitively procured goods or services may be used;
- Whether items must be interchangeable or compatible with in-place items;
- Whether or not it is in the State's best interests to conduct a pilot program for a defined period of time; or
- Whether the economics, technical aspects, or other facts and circumstances of the procurement in question make the use of a sole source procurement method a more prudent choice than a competitive procurement method.

Sole source procurements shall also be conducted in accordance with the Central Procurement Office's *Non-competitive Procurement Policy and Procedures*.

#### 19.7. *Reverse Auction.*

A Reverse Auction is a competitive process that allows respondents to bid on specified goods or services electronically and adjust cost proposals during a specified time period. An award shall be made to the respondent determined to be the lowest responsible and responsive respondent at the close of the specified response period.

#### 19.8. *Request for Information ("RFI").*

A "Request for Information" or "RFI" is a solicitation sent to a broad base of potential suppliers for the purpose of developing strategy, building a database, or preparing for a Request for Proposals or a Request for Qualifications. A RFI enables an equitable and simultaneous comparison of vendors. Agencies may use this tool to gather information about the availability of goods or services. A RFI is created through the Edison system and should be utilized when:

- An Agency has a procurement need, but requires more information to fully understand the industry;
- The Agency desires to identify vendors who are available to supply the needed good or service; or

- When the Central Procurement Office or procuring State Agency determines that a RFP process will benefit from a RFI.

19.9. *Request for Qualifications (“RFQ”).*

A “Request for Qualifications” or “RFQ” may only be utilized by the Central Procurement Office. It is a written solicitation used to identify the vendors who possess the requisite qualifications, as may be evidenced by their experience, certifications, skills, or other credentials, to successfully fulfill the State’s needs. A RFQ is also useful to gather information regarding qualifications of providers of goods and services within the market place. Those respondents who are able to effectively demonstrate that they are within the competitive range as outlined in the RFQ will be considered “Qualified Respondents” and will be short-listed or pre-qualified for further evaluation, analysis or negotiation. All Qualified Respondents may be permitted to propose in response to a Request for Proposals, competitive negotiations, or subsequent solicitation. A RFQ should contain sufficient project detail so potential respondents are able to identify the qualifications required for successful project completion. A written response from a vendor is the appropriate response to a RFQ.
